# AVALANCHE

by Keystone

Team Avalanche proudly introduces the FIRST "Next Generation" fifth wheel designed for today's family. Avalanche offers features, comfort and livability for extended trips or weekend vacations. With emphasis on family friendly floorplans, Avalanche is the ideal coach for the active lifestyle.

Avalanche comes standard with several game changing features like *Wide Body Spacious Interiors, Huge Panoramic Frameless Windows and Enormous Slide Room Heights*. These are features that simply won't be found in other high profile fifth wheel brands.

Avalanche was designed with you in mind - a customer who deserves and demands the highest level of *Quality and Craftsmanship* available in the marketplace today.

-Team Avalanche

# NEXT GENERATION

*Comfort*

-4° Outside

72° Inside

With an impressive list of industry- leading construction advancements, Avalanche sets the bar in four season living. But don't just take our word for it — look at these official test results from a world leader in heating and cooling technology — Dometic Corporation. Subjected to below zero temperatures inside their legendary test chamber, the following temperatures were recorded inside an Avalanche with the thermostat set at 74°;

- Living room ..... 72°
- Bedroom ..... 70°
- Bathroom ..... 75°
- Pass-Thru/Utility Center.... 58°\*

Of course, inside temperatures are only part of the story. With our industry leading "Therma-Shield 37" package, all the holding tanks and dump valves remained completely operational on our test unit with recorded temperatures consistently above 50° in these critical areas.

Not everyone needs this kind of protection, but when four season comfort becomes important, make sure you demand the very best... demand an Avalanche!

\*Testing was done in a controlled independent environment.

**COMFORT** INDOORS

# FULL TIME CAMPING

## FULL TIME SIZE

- Summit Slides at 6' 8" Interior Height
- (2) Massive 60" x 48" Windows in Slide Box

## -4° NEXT GENERATION Construction

With an impressive list of industry-leading construction advancements, Avalanche sets the bar for four season living.

### WALL CONSTRUCTION (R-10)

1. Class A style "slam" baggage doors
2. Dual 1/8" luan backers with staggered seams
3. High density block foam insulation
4. Radius window corner blocks for additional integrity
5. 2" Welded aluminum sidewall studs
6. Fiberglass batten insulation
7. Thermo-foil insulation
8. Molded fiberglass cap with 4mm coated graphics
9. Metal backing strips for added support
10. Cambered steel cap backing for increased turning radius - "Max Turn"

### ROOF CONSTRUCTION (R-28)\*

11. One-piece TPO roof with 12-year warranty
12. 3/8" Fully walkable roof decking
13. Thermo-Foil insulation
14. Fiberglass batten insulation
15. 1/8" Ceiling Luan with vinyl protection

### FLOOR CONSTRUCTION (R-37)\*

16. Residential grade high density carpet with stain protection
17. Residential grade carpet padding
18. Floor wrap, wood backing, aluminum structure, high density block foam, and Astro-Foil insulation, thermo-insulation
19. Thermo-Shield holding tank insulation featuring: One piece fluted polypropylene fully enclosed subfloor, fiberglass batten insulation, and ducted heat

### TIRES AND CHASSIS

20. 10" steel "powder coated" I-beams
21. G rated tires
22. E-Z Lube 8 lug, 7,000lb axles
23. Equa-Flex suspension with steel shackles and greasable brass bushings

## NEXT GENERATION *Features*

**A. One look at the Avalanche's BASEMENT STORAGE** tells the story - the Avalanche boasts massive pass-through storage at over 145 cubic feet! Plus, you won't have to worry about your possessions sliding around as we've used non-skid rubber diamond plate flooring that isn't slippery like felt carpet lining.

**B. LOAD RANGE "G" TIRES** Increases load capacity by up to 12% and strength 24% vs. Load Range "E" tires.

**C. LIPPERT EQUA-FLEX SUSPENSION** absorbs road shock like a sponge and prevents damage caused by a bumpy ride.

**D. The Avalanche's FULLY ENCLOSED AND HEATED "WATERWORKS"** compartment houses your dump valves, low point drains, high

pressure sprayer, black tank flush hookup, quick winterization kit and city water hookups.

**E. The Avalanche uses the slide out technology** you see on million dollar motor coaches. These quietly move in and out much faster and smoother.

**F. Storage compartments are easy to access in the Avalanche thanks to the motorhome style "SLAM" BAGGAGE DOORS.** These compartment doors feature easy opening pad handles with locks for added security of your stored valuables.

**G. Set-up and pack-up is quick and easy in an Avalanche.** One reason is the **POWER FRONT AND REAR STABILIZER JACKS**, with easily accessible controls. You'll also notice that the Avalanche jacks are placed outside of the main frame rails, for a wider, more sturdy base.
