SYSTEM

» 5K INTER-LOCK SYSTEM

Impact's 5K Interlock system is the most rugged, toughest tie-down you can find in any toy hauler. Welded into the frame, each tie-down can support 5000 pounds. Because your toys are important, be sure your new toy hauler is an Impact with the 5K Interlock system.

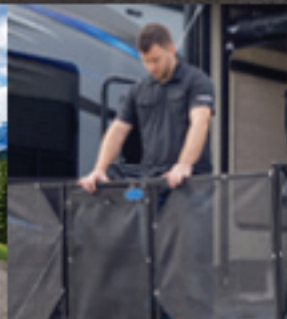

FAST TRACK
PATIO SYSTEM 2.0

Fuzion's exclusive Fast Track Patio System makes it easy to set up your toy hauler patio in under 1 minute. Because the patio rails are not attached to the ramp, the door is lighter and easier to open and close. Plus, unloading your toys is now so simple.

By not attaching the patio to the ramp door, this makes the ramp door approximately 60 pounds lighter and much easier to open and close than the patios with the old fashioned systems.
