

Ultra Lightweight Toy Haulers

Thank you for taking the time to consider Livin' Lite in your search for your family's recreational vehicle. Camping for me is about having a great time in the outdoors. It's about sitting around the campfire and making s'mores. And most importantly, it's about quality time spent with family. I believe our team of designers, engineers and builders in Wakarusa, Indiana produce the highest quality and most value-packed toy haulers available today that can be towed by the SUV or truck you already own. With Quicksilver VRV Toy Haulers, you will find ultra lite weight, all-aluminum construction, block foam insulation and composite wallboard throughout each and every model. Not a stitch of wood to mildew, warp or rot anywhere at anytime. In fact, Quicksilver VRV is known to be one of the most environmentally friendly RVs you will come across, boasting of 98% recyclable materials yet built to last for generations. It is this type of forward-thinking and ingenuity along with a commitment to customer satisfaction that has earned Livin' Lite the honor of being named one of the Top 500 Fastest Growing Privately Owned Companies in the country by *INC. magazine* three years in a row...and counting. I encourage you to check out the competition and compare. I believe you'll find the strength and durability of Quicksilver VRV to be unrivaled in the ultra lightweight toy hauler market.

Sincerely,

Scott Tuttle

Livin' Lite Founder
