For those intrepid souls who won't settle for anything but the best, Airstream has created a travel trailer like no other. It took an international collaboration between the engineers of Airstream and famed Riva boat designer Mauro Micheli from the studio of Officina Italiana Design to create this retreat that incorporates elements from the finest Italian luxury watercraft.

Inside, the Land Yacht flourishes with elegant curved cabinetry and sumptuous padded surfaces with detail-stitching, complementing the sleek, streamlined nautical styling that cleverly hides a host of practical features and premium upgrades.

*The most luxurious Airstream ever conceived.*

LAND YACHT

The Land Yacht, capable of sleeping up to five people, has a bedroom in the front, a bathroom amidship and a rear social space. The dinette height adjusts at the touch of a button.

The Land Yacht's unique floorplan has a number of carefully placed design elements that create a sleek and sophisticated look in the cabin. The rear social space includes a galley that can be hidden when not in use.
