The Coach House Story

FAMILY-OWNED AND MADE IN THE U.S.A. SINCE 1985

Ruben Gerzeny and sons David and Steve have been designing, engineering and building motorhomes in the Venice, Florida, area since 1985, when the first Coach House van conversion rolled out of a converted warehouse. Their decades of R.V. manufacturing experience, attention to the smallest details, and “build-it-right, build-it-to-last” philosophy come together in the design and construction of every Coach House motorhome. Known for their fair and honest business practices, the Gerzeny family goes the extra mile to satisfy their customers’ concerns before and after the purchase.

David and Steve Gerzeny

Engineered to industry-leading standards in performance, convenience and design, Coach House® motorhomes redefine the luxury touring lifestyle. Whether you’re on the journey of a lifetime through the Rockies with your better half, a day trip to the zoo with your grandkids, or tailgating with your fun-loving friends, a reliable Coach House motorhome gets you there and back comfortably, safely and in style.

PLATINUM: BETTER BY DESIGN

Coach House’s flagship Platinum and Platinum II are downsized Class C motorhomes (also known as “Class B-plus”). They are compact and easy to drive, yet they provide plenty of room for full-sized living.

Every Platinum boasts 6-foot-plus ceilings, a private bathroom with a stand-up shower, and plenty of special-purpose storage space throughout for food, clothes, travel gear and vacation toys. An array of distinctive models on two different chassis offer you a wide choice of versatile, functional floor plans to flow with your R.V. lifestyle.

IT ALL STARTS WITH THE SHELL

One of the most important features of the Platinum motorhome is the patented one-piece hand-laid fiberglass body (shown below). The superstructure is reinforced with carbon fiber and designed to prevent water leaks and rattles and to give you years of trouble-free enjoyment. Most RV bodies consist of many pieces joined together, and where they are joined represents a potential for failure. Our one-piece shell

is stronger, more durable, quieter and safer than multi-piece designs, and its aerodynamic shape improves fuel efficiency.

YOUR CHOICE: FORD OR MERCEDES

The most important part of a recreational vehicle is the chassis, or foundation. Coach House offers its customers their choice of a big, brawny Ford E-450 Super Duty chassis in the Platinum line, or a refined, fuel-efficient Mercedes 3500 Diesel Sprinter chassis in the Platinum II line. Coach House is a Ford-approved Quality Vehicle Manufacturer (QVM), a Mercedes-Benz Sprinter Preferred Upfitter, and a long-time member of the Recreational Vehicle Industry Association. These certifications not only assure code and standards compliance, but they also recognize the rigorous engineering effort that Coach House puts into the design and manufacture of its motorhomes.

HOME AWAY FROM HOME

All the amenities of home are at your fingertips in a Coach House motorhome, whether it is a Platinum, Platinum II or the new Arriva. Road warrior chefs can create a quick snack or a gourmet meal, thanks to the well designed and thoughtful layout of the functional and well-equipped galley. Corian solid-surface countertops, recessed stainless-steel sink and cover, abundant storage, 3-way refrigerator, microwave/convection oven and LP-gas stove are just a few of the conveniences you'll find in our remarkable vehicles. All Coach House motorhomes feature a full bathroom with a stand-up shower, porcelain commode and medicine cabinet. See pages 14–15 for a full list of all the standard and optional features available in a Coach House motorhome.

PLATINUM

Ford E-450 Super Duty chassis, capable of hauling a combined 22,000 pounds (GCWR)

PLATINUM II

Fuel-efficient Mercedes Sprinter chassis, powered by a Mercedes-Benz diesel

MEET THE NEWEST MEMBER OF OUR R.V. FAMILY

Coach House, Inc., has gone back to its roots to create its newest motorhome, the Class B Coach House Arriva (see page 13). Coach House began in 1985 as a Class B van builder and was a leading manufacturer in the Class B segment until the introduction of the Class C Platinum series in 1999. The Arriva is an all-new recreational vehicle built on the Mercedes-Benz 3500 Sprinter van chassis (170-inch wheelbase). Like all Coach House motorhomes, the Arriva is constructed to the highest standards of the RV industry and backed by a nationwide warranty.

Arriva

PLATINUM®

Merge with highway traffic. Tow a car or boat. Fear no hill. The Platinum's Ford E-450 Super Duty chassis features a brawny 6.8-liter V-10 Triton engine, 5-speed TorqShift transmission and 4-wheel disc brakes with ABS. For your driving comfort, navigation and entertainment system, satellite radio, color back-up camera, and Safety-Plus steering are standard. Choose from a 158-inch wheelbase (220, 221XL and 232XL) or a 176-inch wheelbase (261XL, 271XL and 272XL).

PLATINUM II[®]

The Platinum II is built on a Sprinter 3500 chassis powered by a 3.0L V-6 CRD diesel Mercedes-Benz engine that delivers up to 20 mpg. This chassis features a unibody design forming a single load-bearing structure; 16-inch wheels; dual-circuit hydraulic brake system; independent front suspension; and reinforced leaf springs. Navigation, XM/Sirius and color back-up system are standard. The Platinum II is available in a wide range of floor plans (see Page 12), most available with or without a slide-out.

Arriva

The Arriva is an all-new Class B motorhome based on the Mercedes-Benz 3500 Sprinter van. The Arriva includes features that are not always found in Class B RVs, including a separate toilet and shower (no wet bath), 6-cubic-foot three-way refrigerator-freezer, a convection/microwave oven, a pantry, twin beds that convert into a king bed, and a ducted air-conditioning system. Two HDTVs are included, one facing the beds, another that can be watched outdoors.

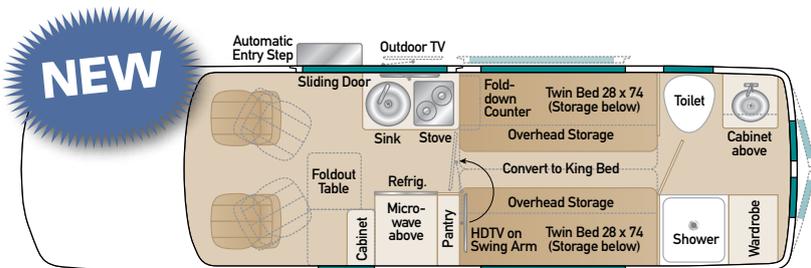

YOU'LL KNOW YOU'VE ARRIVED IN THE ARRIVA!

The Coach House Buying Experience

BUY FACTORY-DIRECT AND SAVE!

Coach House® motorhomes are sold only at our factory in Venice, Florida, south of Tampa (see map). We offer numerous buyer incentives, including a "Buy-n-Fly" program, personal factory tours, generous trade-in allowances, on-the-spot

financing for qualified buyers, and detailed instruction how to operate and care for your R.V. No middlemen, no pressure, no gimmicks — it's a great way to buy a motorhome. Call today to find out more.

PEACE OF MIND — GUARANTEED

Our warranty policies can be summed up simply: We stand behind our vehicles. Period! Every component of a Coach House motorhome is covered by warranty: The conversion and the drivetrain are covered for 3 years or 36,000 miles, whichever comes first. The appliances and fixtures are covered by their respective manufacturers for varying terms. Warranty service is available nationwide at the repair facility of your choice, or at the Coach House plant in Nokomis, Florida.
