2009 Camping Trailers by Jayco®

Camp Simply, Enjoy More

Over 40 years ago Jayco was founded on one man's dream to build a better camping trailer. Today that dream still exists as Jayco camping trailers remain a trusted and valued brand among families just starting their camping adventures or those wishing to go back to the basics. Whatever your level of camping experience, at Jayco we believe camping should be simple, enjoyable and smooth—without complications.

JAY SERIES

Ditch that tent. The Jay Series is Jayco's most popular and affordable camping trailer. With a variety of floor plans that sleep 5 to 8, the Jay Series offers family-friendly choices in furniture configurations and amenities. Easy to setup and maintain, the Jay Series makes it easy to upgrade from a tent.

SELECT

Jayco's premier camping trailer, the Select sleeps 5 to 6 people and features the finest interior amenities compared to similar camping trailers. The Select features high walls for extra storage and headroom along with modern kitchen conveniences, giving you more of what you want in a camping trailer.

BAJA

Bring toys along. The Baja is Jayco's answer to a camping trailer/toy hauler combination. Loaded with several of the same amenities as the Jay Series or Select, the Baja also features a Bike Port™ deck, which holds up to 6 bicycles, 3 dirt bikes or an ATV. Perfect for a weekend with the family or an offroad adventure.

Built For Liveability

Durable Construction

Jayco Camping Trailers are constructed with high quality materials using production techniques perfected over the past 40 years. Heavy-duty A-frame construction **1**, domed fiberglass roof without a center seam **2**, and a two-piece extruded aluminum bed frame **3** protect your investment and provide excellent resale value.

Designed for Convenience

The Jay Series, Select and Baja are designed to make travel more enjoyable and liveable with features such as easy-care vinyl flooring **4**, one-piece entrance door **5**, and a retractable skid-resistant step **6**. Easy on the budget and on the tow vehicle, the Jay Series, Select and Baja fit most lifestyles.

Expandability

Jayco camping trailers all feature sectionalized tents with a unique Velcro tent-to-bunk attachment system for speedy set-up **7**.

Patented, Fully Enclosed Roof Lifter System

- a. Fully enclosed above the floor, Jayco's roof lifter system eliminates rust and potential damage from road debris and weather, and prevents rodent or insect access.
- b. Easy-to-use design featuring strong and flexible push-rods to guide the roof up as you crank.
- c. Tubular lifter posts have no edges to chafe or soil the tent, and no openings to catch fingers and cause injury.
- d. Nylon bushings in the lifter posts reduce friction and extend the life of the lifter system.
- e. Quick, comfortable setup is yours thanks to the ergonomic height of the crank and its smooth operation.

Built for Strength

A white powder-coated bed bow keeps the tent secure while the plywood construction adds stability to the roof and 1/8" plywood and one-piece aluminum exterior add strength to the walls **8**. The undercoated floor deck is constructed of Structurwood™ with undercoated plywood decking beneath the tent **9**.

Jay Series™

2009 Camping Trailers by Jayco®

Discover Comfortable Camping

Who says roughing it has to be rough on your body? The simple choice is to get up off the ground and trade in your tent for a Jay Series camping trailer by Jayco. Choose from a variety of floorplans to find the right sleeping and dining accommodations for your family. After that you'll simply need to relax and discover how comfortable camping can be.

LIVEABILITY FEATURES

With a carry-out dinette table and extra seating, there's plenty of room to gather for meals or a game of cards.

Two bunk-end fan lights make the sleeping area feel more like home.

Speed through the set-up process thanks to sectionalized tents with a unique Velcro® tent-to-bunk attachment system.

Select™

2009 Camping Trailers by Jayco®

Elevate Your Expectations

At Jayco, camping means not having to give up the comforts of home. A perfect example is the Jayco Select—Jayco's premier camping trailer. Affordable yet comfortable, the Select is simple to operate and easy to maintain. With high walls, extra storage, more headroom and modern kitchen conveniences, the Select is an excellent reason to elevate your expectations.

LIVEABILITY FEATURES

The Select's kitchen area features a double-bowl sink, 3-burner range with oven, raised panel cabinetry and a standard microwave.

The bath/shower option provides an extra measure of liveability.

Baja™

2009 Camping Trailers by Jayco®

Don't Forget to Ride

The most excellent outdoor adventures mean needing to haul equipment, gear and toys. There's no reason to leave your bike behind with the Baja camping trailer. The Bike Port™ deck, with 1200-lb. capacity, holds up to 6 bicycles, up to 3 dirt bikes or an ATV. Inside, with many of the conveniences of home, plenty of storage and comfortable areas to kick back and relax, you just might forget the reason for your trip in the first place.

Choose the optional diamond-plate toolbox for a handy place to store all your tools and gear.

For smoother trips through rugged terrain, Baja camping trailers are built with 13 inches of ground clearance plus leaf springs and shock absorbers.

Six D-rings on the front deck safely secure your bikes or ATV.

A LEGACY OF CRAFTSMANSHIP

Jayco's dedicated production team includes Amish craftsmen who build with well-honed woodworking techniques passed down for generations and skilled seamstresses who produce our upholstery, bedding and draperies with great attention to detail.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specification chart above.

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

AMERICA'S MOST **LIVEABLE** RVs.

IT'S ALWAYS BEEN ABOUT "LIVEABILITY"

Lloyd Bontrager went into the RV manufacturing business in 1968 to improve the camping trailer lifter system. He knew that a better lifter system would mean a more "liveable" camping experience for his family and so many others.

More than forty years later, and now the largest family-owned RV manufacturer in the world, this priority still rings true at Jayco. As we work to continue building "America's Most Liveable RVs", we do it with one goal in mind—to improve the RV experience and help make "family time" truly memorable.

We Back What We Build

The Jayco Co-Pilot Warranty is a manufacturer's limited warranty. It comes from the people who build Jayco recreation vehicles to the people who buy them. Each Jayco is warranted to the original purchaser for twenty-four (24) months or twenty-four thousand (24,000) miles (mileage limitation applies to motorized products only), whichever occurs first, from the original date of purchase against defects in materials and workmanship. Jayco's limited warranty is not transferable. Go ahead and compare the Jayco warranty with other manufacturers' warranties. You'll find it's the best in the business!

For a copy of the limited warranty with full terms and conditions, ask your local Jayco dealer.

Why a Local Jayco Dealer is Important to You

Establishing a solid relationship with your local Jayco dealer is a key component in the enjoyment of your new Jayco. By purchasing from a local dealer, you will have a convenient location for sales, parts and service support.

Jayco dealers are required to deliver all products at the site of the sale to ensure a full product orientation and walkthrough at the time of delivery. It's a good way to become familiar with your Jayco and to meet the service, parts and warranty staff members who will be assisting you. If you live in Canada, there are regulations that must be met when bringing a Jayco RV to your home. Your local Canadian dealer is a professional at meeting these requirements and regulations. There simply is no substitute for a good relationship with your local Jayco dealer.

Your Jayco Dealer

Customer First Roadside Assistance

Travel worry-free in your camping trailer with Jayco's Customer First Roadside Assistance program, yours at no cost during your first year of ownership. This program is offered through Coach-Net®, the largest RV emergency road service in the country, and gives you immediate access to dependable roadside assistance and support services with a simple phone call.

- **Free** jump starts
- **Free** tire changes
- **Free** fuel delivery
- **Free** lockout service
- **Free** travelers checks
- Toll-free nationwide service appointment assistance
- 24-hour toll-free emergency message service
- **Free** custom trip routing and full color map service
- **Free** dispatch of on-site mechanical service
- \$2,000 trip interruption reimbursement

Jayco proudly sponsors Tread Lightly!®, a nonprofit organization whose mission is to empower generations to enjoy the outdoors responsibly through education and restoration.

From RV insurance to extended warranties, JayPlus has it covered. Ask your Jayco dealer about our exclusive JayPlus program today.

As a Jayco owner, you can be part of the Jayco Jafari International Travel Club. Ask your dealer about the Jafari "flight" in your area, write Jayco or visit our website.
