

FOREST RIVER PRESENTS

# WOLF PACK

LEAD THE PACK

All Wolf Packs feature a Black Tank Flush that helps keep your black tank clean. This will allow you to spend more time doing all the things you enjoy, rather than cleaning your septic system.

## WOLF PACK 1/2 TON MODELS

25DFWP

The 25DFWP is a Widebody, and you can easily see the extra room in this spacious model. This unit has the 12 volt AM/FM/CD/DVD system that's really impressive to hear. The dinette booth is large enough for 4 adults to sit around and eat comfortably, while also featuring a more contemporary style sofa. Also shown here is the extremely comfortable Eurochair.

# WOLF PACK 1/2 TON MODELS

Refuel your ATVs, Motorcross bikes, and other motorized adventure vehicles from our built-in fuel station.

Our DFWP models are half ton towables and have some of the industry's largest cargo areas. As shown here even the complete walk around Queen bed flips up to allow for even more toys. **Another industry first** is no wheel well intrusion, even in our 102" wide Lite models. No other lite weight toy hauler can claim that! The storage is maximized in every single floorplan, as shown here.

The New 366 WP is the Ultimate Toy Hauler. Loaded with tons of "industry firsts," this toy hauler puts all others to shame. Watch the Large 32" LCD TV from the comfortable standard dual J-Lounge sofa that also holds a comfortable queen size air mattress. The open feel of this unit will make coming back after a hard day of play very enjoyable. Loaded has a new meaning, because this unit is LOADED!!!

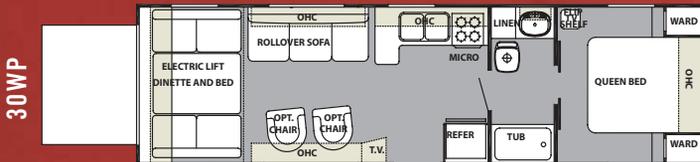

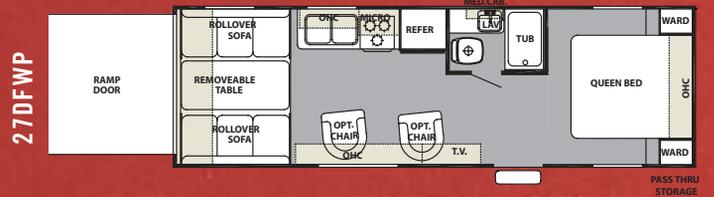

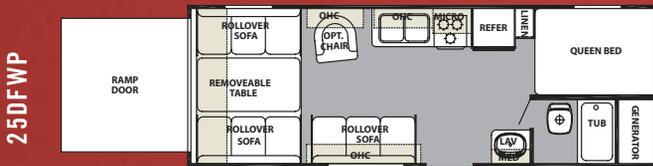

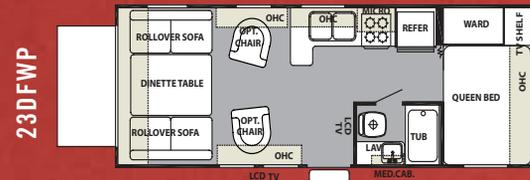

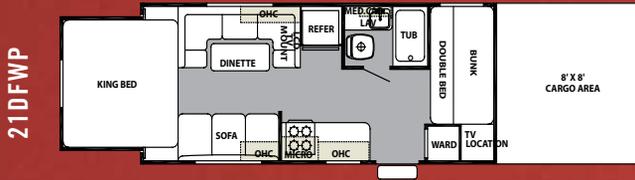

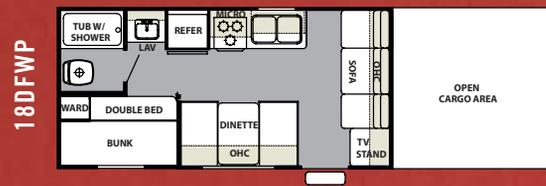

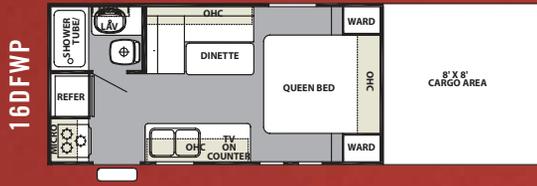

You will be able to easily locate all your controls and gauges at our Central Command Center. No need to hunt down various switches and controls; all are conveniently located at our Central Command Center.”

Wolf Pack features the industry's first electric dinette, with enough clearance to get in even the biggest of toys. You can comfortably sit six adults at this HUGE table, that can also be used outside. When you're done eating and playing, this dinette breaks down into a california queen bed. A second queen bed above the dinette is also standard in garage models.

FOREST RIVER ENCOURAGES YOU TO

# BUY LOCALLY

FROM YOUR HOMETOWN DEALERSHIP.

Forest River, Inc. strongly encourages our retail customers to purchase from their local dealership whenever possible due to the following factors:

- \* Our Dealers are as a rule, independently owned and operated businesses. Outside of those customers they personally sold products to, they are not contractually obligated to perform warranty service on Forest River products that were purchased elsewhere. There may be an occasion that you would be required to return to the point of purchase to satisfy warranty requirements.
- \* Although many dealerships will eventually service products not purchased at their place of business, they will usually take care of their customers and other Forest River customers who are traveling away from their local dealer as they would their own.
- \* Local purchases allow a customer to establish a relationship with a dealer close to home. This relationship provides the customer with a convenient location for service and support from a "home town" professional.
- \* The opportunity for a thorough PDI (Pre Delivery Inspection) and product orientation is an additional benefit of buying from your local dealer. Further providing the opportunity for refresher courses or the ability to get questions answered much more conveniently.
- \* For our Canadian customers, there are also requirements which must be met to bring an RV purchased out of the country to their home. Although not insurmountable, these requirements may involve such things as additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.

Forest River's goal is for all RV Owners to fully enjoy their RV experience. In light of this goal, and considering the advantages of buying local, we encourage you to be thorough when determining what product to purchase and which dealer to purchase it from as both are key to your ultimate satisfaction and the realization of your dreams.

## PEACE OF MIND.

Forest River has yet another exclusive feature to offer: One year of free roadside assistance will be given to every 2009 Wolf Pack customer. This is just one more way to say "Thank you" and to ensure an enjoyable traveling experience.
