

Be Adventurous.
Stand Out.

SPORTSCOACH ***PATHFINDER***

Make a statement. **PAV**

There's something addictive about the adrenaline rush of putting the pedal to the metal. Something gratifying about standing out from the crowd like no one else. We've devised a way for you to experience it all without having to go bumper-to-bumper. Just fire up the Sportscoach Pathfinder. Adventurous and contemporary, Pathfinder delivers more higher-end features as standard than other brands at the same price. *Be Bold.* Take the pole position — and stay there — with Pathfinder.

PATHFINDER

PATHFINDER

Everything about the interior is designed to wow and pamper—even the living space that's greatly expanded by slide-outs. You'll love the plush sofa, Euro chair with ottoman, decorator accents, designer carpet and ceramic tile floor. Comfort, style and safety are just a few reasons to choose the Sportscoach Pathfinder as your next RV.

Mounted above the cockpit, the flat-screen LCD TV flips down for viewing and up and out of the way for travel. Cool, huh?

Lead the pack.

Lead the pack.

Most diesel motorhomes on the market today tend to blend into traffic. Except really deluxe, high-priced coaches and the bold, eye-catching, yet astonishingly affordable Sportscoach models, including the Pathfinder. That's not surprising considering that we build Pathfinder with two

exciting full body paint options. And we outfit the interior with features like ceramic tile floor, and state-of-the-art electronics. Enough to leave other brands in the dust behind you.

100 plus channels of commercial-free music, news, talk and comedy are available with the optional Sirius® Satellite Radio.

The large one-piece windshield and exclusive Sight Rite™ dash provide a clear, panoramic view of the road for travel pleasure and safety.

The bold front-end design has head-turning appeal.

Revel in victory lane.

If you were interested in a motorhome with average accommodations, we wouldn't be having this conversation. But as someone who has been around RVs for some time, you're looking for more — style, comfort and

enjoyment. Explore Pathfinder's well-appointed kitchen, residential-style bathroom and comfortable bedroom, and you'll find new reasons to celebrate with family and friends who'll join you in the winner's circle.

Reminiscent of upscale homes, the bathroom features a china toilet, spacious shower with glass enclosure, large vanity mirror with lights and premium faucets and hardware. It's luxury on the road with Pathfinder.

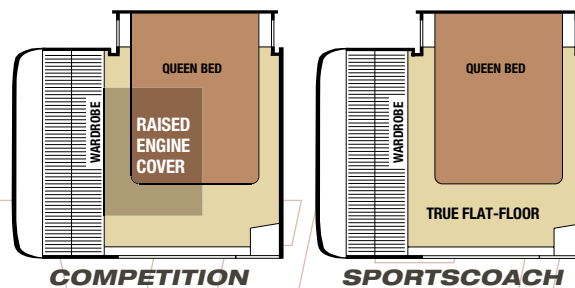

Entertain to your heart's content in the kitchen, superbly equipped with features like a large double-door refrigerator with black, high-gloss inserts; optional convection microwave oven; premium faucet and solid surface countertops.

5

Ready to turn in or kick back for a little while? Relax in the queen-size bed with innerspring mattress, designer headboard, 20 inch TV — and night shades. Take note of the cedar-lined wardrobe for all your clothes.

An industry first, Pathfinder's true flat-floor bedroom provides up to 10 inches of additional headroom around the bed. This means easier access to everything — and no stubbed toes or head bumping the ceiling!

PATHFINDER

Beauty meets practicality in Pathfinder's living area. The plush, hide-a-bed sofa opens up for added sleeping accommodations. Choose a residential-style dinette table with freestanding chairs or an innerspring booth dinette with Dream Dinette Table (shown here).

Show some attitude.

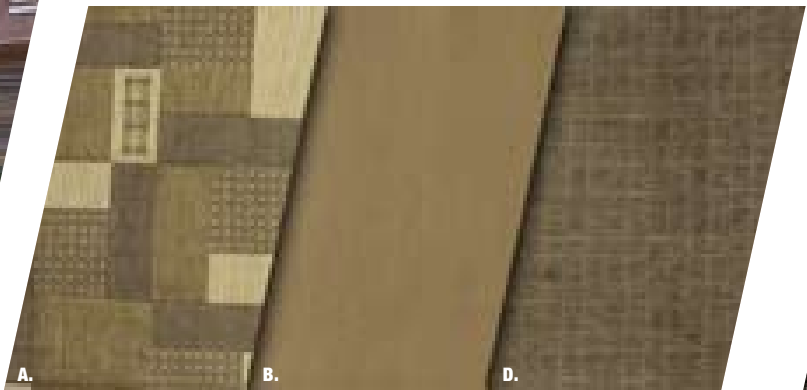

The living area says it all. Pathfinder's spacious, designer-inspired interior reflects your bold, contemporary and successful side. And with features like raised panel cabinet doors, seat belts designed into all fixed seating locations for added safety and side-swing basement doors, Pathfinder delivers feature after feature you won't find with competing brands.

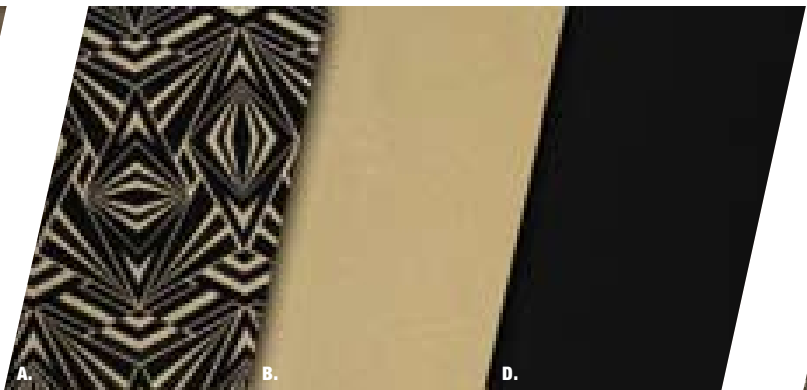

All basement doors open by swinging to the side, providing easier access to storage areas, including the large, pass-through basement.

Get ready to rule the passing lane.

The Cummins ISB 340 is considered to be the quietest, most fuel-efficient engine in the motorhome industry.

Pathfinder excels on the road as much as in the campsite, enabling you to enjoy your adventures to the max.

Solid foundation

Every Pathfinder is built on the Thoroughbred™ Performance Platform, developed by Sportscoach and Freightliner®. The chassis is laser-leveled to ensure a level surface for a much more precisely assembled coach. Plus, all steelwork has a weather-resistant finish. These result in the best performance and durability in its class.

Great power and performance

With 340 hp and 660 lb.-ft. torque, the Cummins® ISB 340 diesel engine gives you the muscle you need to take on steep grades and make tracks down the interstate. Its integrated exhaust braking means less wear on the service brakes, while extended oil change intervals and minimal maintenance requirements reduce your operating costs. The full air ride suspension delivers a comfortable ride with reduced body roll, while the bump steer mechanism keeps you in full control if you hit a rough spot.

Superior construction

To ensure safety and dependability, cabinets are mounted into steel backers instead of paneling, and each windshield is installed with automotive adhesives and sealant. Plus, electrical wires are grouped in a color coded automotive wiring harnesses.

Rigorous testing

All water, gas and electric lines are multiple tested well beyond Recreational Vehicle Industry Association code requirements. In addition, each coach undergoes a 57-point inspection, extensive rain booth testing and road testing to make sure your coach is ready for all your adventures.

Other key features:

- Large 22.5 inch wheels add to the impressive look of the coach.
- 5,000 lb. tow hitch has enough capacity for towing a full-size SUV or a trailer full of toys.
- Dual side fuel fills allow refueling from either side of the coach, for added convenience.

The Allison MH-2500, 6-speed transmission smoothly transfers power from the engine to the wheels.

Sharp, 55 degree wheel cut gives you superior maneuvering in tight spaces such as gas stations and parking lots.

Thoroughbred™
PERFORMANCE PLATFORM

Test drive a Sportscoach today.

To test drive a 2009 Sportscoach motorhome and receive a free gift, simply take this card to the Sportscoach dealer nearest you.

It's simple to see how you stand out with Sportscoach.

- Fill in your name and address on the gift card.
- Take the Gift Card to your nearest dealer. (Visit www.sportscoachrv.com for dealer listing.)
- Enjoy your test drive.
- Have a Sportscoach representative sign the card.
- Drop the card in the mail (it's addressed and postage paid).

Your free Sportscoach gift will be mailed to you promptly.

GVWR (Gross Vehicle Weight Rating): The Maximum permissible weight of the unit, including the unloaded vehicle weight plus all fluids, cargo, optional equipment and accessories. For safety and product performance, do not exceed the GVWR.

CW (Curb Weight): The weight of the unit without factory or dealer installed options, plus allowance for the weight of full fuel capacity. The "payload capacity" for all other fluids, cargo, occupants, optional equipment, and accessories can be determined by subtracting the CW from the GVWR.

GCWR (Gross Combined Weight Rating): The maximum total weight of the loaded unit, plus a tow vehicle. This includes the weight of both the unit and tow vehicle, fuel for each, all other fluids, cargo, occupants, optional equipment and accessories.

Important Note: All capacities are approximate, and all dimensions are nominal. Sportscotch motorhomes are designed to allow for a wide variety of uses. Accordingly, each unit allows

ample room for sleeping, seating, fluids and cargo. While the customer is the beneficiary of this design, the customer also bears the responsibility to select the proper combination of passengers, cargo, load, and tow vehicle without exceeding the chassis weight capabilities. Consumer may need additional braking capacity to tow loads greater than 1,000 pounds. Seat belt should always be worn for passenger safety. Seat belts are provided at most locations to allow convenience in selecting which seat to occupy. However, it is not intended that all seating positions equipped with a seat belt may be occupied while the vehicle is in motion, without regard to other weight factors. All Sportscotch motorhomes are designed to ensure that the number of passengers allowed while the vehicle is in motion will always at least equal the stated sleeping capacity. Though extra seat belts may be provided, for your safety and the proper operation of your vehicle, limit your passengers to the number allowed by the Net Carrying Capacity of your vehicle.

Leading NASCAR drivers (pictured left to right) Mike Wallace and Ron Hornaday and crew chiefs Steve Letarte (Jeff Gordon #24) and Chad Knaus (Jimmie Johnson #48) understand how their teams help them win. So it's not surprising that their motorhome of choice is a Sportscoach. Like NASCAR, Sportscoach has the service crew and support strategies in place to make every trip you make a winning experience.

A winning team.

Your Pathfinder motorcoach is backed by the most technologically advanced service support system in the RV industry. This includes our hassle-free, comprehensive limited warranty. Plus, our experienced team of dedicated service and parts personnel is trained and equipped to exceed your needs and expectations. What's more, you can call our Service Support Hotline 24/7 with your service questions or for road emergencies. Dial toll -free 1-800-453-6064.

Travel Easy™. Always.

RVing is easier with Sportscoach's *Travel Easy*™ Roadside Assistance included for the first year on most new Sportscoach RVs*. Administered by Coach-Net®, this service provides you with 24/7 operational, technical and emergency road service coverage. Anywhere. Anytime. *Travel Easy*™ is the security of knowing that help is an easy phone call away.

*See your dealer for details.
