Be Diesel.

Cross Country

SPORTSCOACH **CROSS COUNTRY**

Explore with confidence!

When it comes to enjoying the great outdoors, your vantage point is as important as what nature has to offer. And nothing gets you into the scenery like a Cross Country motorcoach by Sportscoach.

The powerful, quiet Cummins® rear engine takes you there in style. Plus, the diesel-inspired amenities inside and bold exterior colors let you stand out from the crowd. Cross Country gives you all the benefits of a rear diesel coach at a price comparable to many gas models.

Sportscoach Cross Country — *Be Diesel.*

Reward yourself.

Ahhh. Room to spread out and relax! The interior space is greatly expanded by slide-outs, and the innerspring booth dinette or comfortable, residential-style sleeper-sofa are perfect for entertaining. Also note the abundant overhead storage space.

If you believe moving up to diesel means far more than getting just any pusher, then Sportscoach Cross Country has your name on it. Cross Country rewards you with features usually associated with higher-priced coaches. Like residential-style furniture, space-expanding slide-outs and the latest electronics. You'll know Cross Country is the smartest move for your family. Others will think you paid a fortune. Buy you'll know you didn't!

The optional Sirius® Satellite Radio gives you more than 100 channels of commercial-free music, news, talk and comedy — any time, anywhere. It's conveniently located in the dash for easy, fingertip operation.

Enjoy your favorite shows and movies with the overhead entertainment center that includes a 27-inch flat screen TV and a DVD player.

The large, one-piece windshield plus the exclusive Sight Rite™ dash — that angles downward — provide a clear, unobstructed view of the road. Also, the easy-to-read gauges and handy controls create an intelligent, driver-friendly environment.

Settle into comfort, with the cushy deluxe pilot seat. Its three-point seat belt shoulder harness is integrated into the seat for safety and comfort.

Handy pull out
pantry expands
your kitchen
countertop and
storage space
(on the 382 DS).

Pamper your family.

After a full day of exploring, nothing's as rewarding as coming back to familiar, home-like comforts, just like you'll find in the Cross Country. From the efficient kitchen to the spacious bathroom and bedroom, we designed and lavishly equipped every room to pamper you and your family.

The galley has the
look and feel of a
high-end kitchen.
You'll appreciate the
two-door refrigerator,
solid-surface coun-
tertop, raised panel
cabinet doors and
premium faucet with
detachable sprayer.

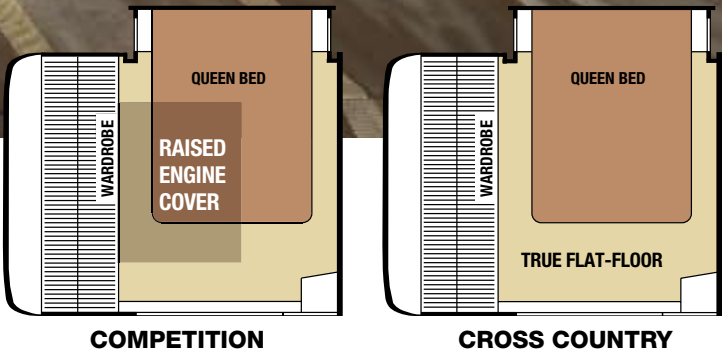

Our attention to detail and comfort extend to the bathroom where you'll find a porcelain toilet, premium faucets and a spacious shower with a glass door. The medicine cabinet has a large vanity mirror with lights for an extra home-like touch.

Elegantly designed for total relaxation, the flat-floor bedroom with a space-expanding slide-out features a queen bed with innerspring mattress, designer headboard, lots of wardrobe space — and an available flat-screen TV.

An industry first, Cross Country's true flat-floor bedroom provides up to 10 inches of additional headroom around the bed. This means easier access to everything — and no stubbed toes or head bumping the ceiling!

Tantalize your senses.

Okay. You're looking for a rear engine diesel motorhome because it gives you all the practical features you want in a coach. Like a quieter, more wide-open cabin. Air brakes. And more storage. Sportscoach nudges you to get beyond the practical and enjoy the sensual side of motorhome living — everything from fine cabinetwork to designer fabrics, from day/night shades to optional slide-out awnings.

Everything's ready for your enjoyment. Think of the outstanding and intelligent interior design that meets your every need. Then appreciate the comfortable dinette, attractive seating and top quality kitchen appliances. We've done the thinking and creating. All you have to do is relax in the Sportscoach Cross Country.

FLOORPLANS

The Cummins ISB 340 is considered to be the quietest, most fuel-efficient engine in the motorhome industry.

The Allison 2100 MH, 6-speed transmission smoothly transfers power from the engine to the wheels.

Sharp, 55 degree wheel cut gives you superior maneuvering in tight spaces such as gas stations and parking lots.

All ready to take you exploring.

Cross Country excels on the road as much as in the campsite, enabling you to enjoy your adventures to the max.

Solid foundation

Every Cross Country is built on the Thoroughbred™ Performance Platform, developed by Sportscoach and Freightliner®. The chassis is laser-leveled to ensure a level surface for a much more precisely assembled coach. Plus, all steelwork has a weather-resistant finish. These result in the best performance and durability in its class.

Great power and performance

With 340 hp and 660 lb.-ft. torque, the Cummins® ISB 340 diesel engine gives you the muscle you need to take on steep grades and make tracks down the interstate. Integrated exhaust braking means less wear on the service brakes, while extended oil change intervals and minimal maintenance requirements reduce your operating costs. The full air ride suspension delivers a comfortable ride with reduced body roll, while the ball crank helps eliminate bump steer, keeping you in full control if you hit a rough spot.

Superior construction

To ensure safety and dependability, cabinets are mounted into steel backers instead of paneling, and each windshield is installed with automotive adhesives and sealant. Plus, electrical wires are grouped in a color coded automotive wiring harnesses.

Rigorous testing

All water, gas and electric lines are multiple tested well beyond Recreational Vehicle Industry Association code requirements. In addition, each coach undergoes a 57-point inspection, extensive Sealtech 430R RV leak detection system and road testing to make sure your coach is ready for all your adventures.

Other key features:

- Large 22.5 inch wheels add to the impressive look of the coach.
- 5,000 lb. tow hitch has enough capacity for towing a full-size SUV or a trailer full of toys.
- Dual side fuel fills allow refueling from either side of the coach, for added convenience.

Test drive a Sportscoach today.

To test drive a 2009 Sportscoach motorhome and receive a free gift, simply take this card to the Sportscoach dealer nearest you.

It's simple to see how you stand out with Sportscoach.

- Fill in your name and address on the gift card.
- Take the Gift Card to your nearest dealer.
(Visit www.sportscoachrv.com for dealer listing.)
- Enjoy your test drive.
- Have a Sportscoach representative sign the card.
- Drop the card in the mail (it's addressed and postage paid).

Your free Sportscoach gift will be mailed to you promptly.

GVWR (Gross Vehicle Weight Rating): The Maximum permissible weight of the unit, including the unloaded vehicle weight plus all fluids, cargo, optional equipment and accessories. For safety and product performance, do not exceed the GVWR.

CW (Curb Weight): The weight of the unit without factory or dealer installed options, plus allowance for the weight of full fuel capacity. The "payload capacity" for all other fluids, cargo, occupants, optional equipment, and accessories can be determined by subtracting the CW from the GVWR.

GCWR (Gross Combined Weight Rating): The maximum total weight of the loaded unit, plus a tow vehicle. This includes the weight of both the unit and tow vehicle, fuel for each, all other fluids, cargo, occupants, optional equipment and accessories.

Important Note: All capacities are approximate, and all dimensions are nominal. Sportscotch motorhomes are designed to allow for a wide variety of uses. Accordingly, each unit allows

ample room for sleeping, seating, fluids and cargo. While the customer is the beneficiary of this design, the customer also bears the responsibility to select the proper combination of passengers, cargo, load, and tow vehicle without exceeding the chassis weight capabilities. Consumer may need additional braking capacity to tow loads greater than 1,000 pounds.

Seat belt should always be worn for passenger safety. Seat belts are provided at most locations to allow convenience in selecting which seat to occupy. However, it is not intended that all seating positions equipped with a seat belt may be occupied while the vehicle is in motion, without regard to other weight factors.

All Sportscotch motorhomes are designed to ensure that the number of passengers allowed while the vehicle is in motion will always at least equal the stated sleeping capacity. Though extra seat belts may be provided, for your safety and the proper operation of your vehicle, limit your passengers to the number allowed by the Net Carrying Capacity of your vehicle.

Leading NASCAR drivers (pictured left to right) Mike Wallace and Ron Hornaday and crew chiefs Steve Letarte (Jeff Gordon #24) and Chad Knaus (Jimmie Johnson #48) understand how their teams help them win. So it's not surprising that their motorhome of choice is a Sportscoach. Like NASCAR, Sportscoach has the service crew and support strategies in place to make every trip you make a winning experience.

A winning team.

Your Cross Country motorcoach is backed by the most technologically advanced service support system in the RV industry. This includes our hassle-free, comprehensive limited warranty. Plus, our experienced team of dedicated service and parts personnel is trained and equipped to exceed your needs and expectations. What's more, you can call our Service Support Hotline 24/7 with your service questions or for road emergencies. Dial toll -free 1-800-453-6064.

Travel Easy™. Always.

RVing is easier with Sportscoach's *Travel Easy*™ Roadside Assistance included for the first year on most new Sportscoach RVs*. Administered by Coach-Net®, this service provides you with 24/7 operational, technical and emergency road service coverage. Anywhere. Anytime. *Travel Easy*™ is the security of knowing that help is an easy phone call away.

*See your dealer for details.
