**Fifth
Wheel
Toy
Haulers**

40P

These attractive Toy Haulers feature a standard queen bed loft for additional sleeping with its own area for a TV.

This is the ultimate unit for entertaining in this open concept floorplan. The bright maple interior gives it a look you won't find with your traditional toy haulers.

Swivel Mount TV

The optional LCD swivels to provide optimal viewing on most models.

The side aisle bath, offered on the 40P, provides privacy for the owner and their guest.

This floorplan offers a great cross-conversational area that is inviting to you and all your guests. The spaciousness of this floorplan makes it easy to entertain.

For Storage

Storage is a hot topic for all campers. In every Sportsmen Sportster floorplan we utilize every possible area for storage.

For Comfort

The enormous u-shaped dinette offers plenty of room for people to gather.

For Convenience

Simply remove the table and transform the dinette into a large sleeping area.

The booth dinette is roomy enough to sit four comfortably and offers the ultimate in storage.

No more messing with drawers or doors with the easy lift dinette cushions.

33P

For those of you with size constraints, don't let it keep you away from your toy hauler search. The 33P offers you a spacious camping experience without the length. This will allow you to camp at more camp grounds across the country.

Pass-Thru Service Window

These floorplans offer a pass-thru service window as an exclusive feature on the Sportsmen Sportster line. No need to have guests running in and out for beverages or food with this unique feature.

Additional Sleeping

Optional electric beds maximize your area.

Optional Air-Bed Hide-A-Bed.

Features

The standard removable exterior ladder is convenient and durable.

The optional work station makes it easy to store all your garage necessities.

The optional pull down screen extends your living area to the garage.

Most models offer an enormous amount of obstruction free pass-thru storage.

The standard wet storage can be used as a cooler for unwanted traffic in the unit.

D-rings are standard for securing your vehicles.

The standard LP quick disconnect allows you to bring your big grill along.

2X2 WARRANTY – The KZ Recreational Vehicles 2x2 Warranty is a manufacturer’s warranty. Each KZ product is warranted to the original purchaser for twenty-four (24) months from the original date of purchase. Coverage includes appliances, components, construction and FULL structure. Our warranty is also transferable within the first two (2) years for a small processing fee. For a copy of the warranty with full terms and conditions, ask your local KZ Dealer or visit our web site at <http://www.kz-rv.com>.

VEHICLE LOADING – Every effort has been made to provide the greatest number of options for the recreational owner. Each owner is responsible to select loads allowing the recreational vehicle to remain within the manufacturer’s specified chassis weight limits. Do not overload the recreational vehicle.

UNLOADED VEHICLE WEIGHT (UVW) – The typical weight of this trailer as built at the factory. The UVW does not include cargo, LP gas, fresh water, options or dealer-installed accessories.

GROSS VEHICLE WEIGHT RATING (GVWR) – The maximum permissible weight of the trailer, including the UVW plus passengers, all cargo, personal items, fluids, options and dealer-installed accessories. The GVRW is equal to or greater than the sum of the UVW and the NCC.

NET CARRYING CAPACITY (NCC) – The maximum weight of all passengers, personal items, fresh water, food, tools, LP gas, other cargo and dealer-installed accessories* that can be carried by the trailer. NCC is equal to or less than GVWR minus UVW.

* The addition of options will decrease the NCC.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a seasoned veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction.

See specification charts. KZ affixes a weight label to each new RV which lists weight information for that vehicle.

NOTE: This information is intended as a guide only. Weights of individual vehicles are approximate. Consult your Owner’s Manual for complete loading, weighing and towing instructions. All weights may vary.

An innovative leader in RV design and development, KZ Recreational Vehicles desire is to engineer affordable, high-value products that deliver customer satisfaction year after year. See for yourself why KZ has been awarded the Dealer Satisfaction Index seven times.
