

SUNSET CREEK

2009 *by SunnyBrook*

WHAT AREN'T YOU DOING THIS WEEKEND?

■ ■ ■ *Experience the Difference.*

Some RV manufacturers offer high styling and quality. Others provide value through a lower price. Now and then it can work both ways. Introducing Sunset Creek. The best of all worlds, perfect for any adventure in your world. Great amenities make Sunset Creek incredibly comfortable and stylish. Just like being home. And quality construction is highlighted by our AX5 aluminum framing, heated and enclosed tanks, Fome Cor insulation and more.

FEATURES

■ Extra large, pass-through storage is standard on most floorplans. This finished compartment is lockable.

■ Angled, stylish overhead cabinetry shown. Our cabinets offer Lumber Cor stiles and screwed, not stapled frames.

■ Other brands come with cheap plastic toilets. Sunset Creeks have porcelain foot-flush toilets standard!

■ Bathrooms feature tub surround, skylight, power vent and glass shower door.

■ All Sunset Creek cabinet frames are screwed together. This provides a stronger product than stapling.

■ Heated and enclosed holding tanks are standard. They're optional or not even offered on most other brands.

■ Super lube axles are higher quality than most. They feature lower maintenance and more durability.

■ Along with R-7 insulation, we give you, at no extra charge, quality Fome Cor insulation for a cozier trailer.

Lasting Value? You Bet

We set the standard high. That's why we created and developed the AX5 aluminum-framed construction. This ultra-light structure means a smoother ride, less gas consumption, and a stronger body. If you look closer, you'll see other brands use minimal aluminum framing with far less structural support. SunnyBrook RV pioneered the aluminum Superstructure over 16 years ago because we care about quality. So if you're looking for the best built trailers in this market, see what's under the surface. Sunset Creek is the leader in value!
