The *SPRINTER* Story

Introduced in 1996 as Keystone's first product line, Sprinter's goals remain simple; take the suggestions from our customers and make them the foundation for the Sprinter design. As a result of these efforts, Sprinter offers customers a proud distinction from other brands, a product designed to:

"Make Camping Easy"

Wouldn't it be nice to deploy your awning with the touch of a button? Sprinter's **One Touch Electric Awning** makes it easy!

How about a **LP Quick Connect** that makes getting gas to your grill easy? Yep! no more hauling charcoal or extra LP tanks just for the grill!

What if you had **Illuminated Light Switches** in those hard to see places in the middle of the night? We make it "easy" to find the light for the bathroom while everyone else is sleeping.

Take a look at the mattress, it's an upgraded pillow top. After all, you are camping to relax and we want to make it "Easy" for you to get that good nights rest.

How do you dry your wet bathing suits and towels? Let us make it "Easy" with our **Retractable Clothes Line** in every tub and shower.

From a **trash can** in every kitchen, to an easy stowed **Picnic Table** tucked away in every unit. Sprinter "Makes Camping Easy"

We at Sprinter understand that finding the time to relax is often hard to do. So for the times you do find to slow down and enjoy North America's beauty, we want you to be able to enjoy every minute of it.

Take a look at Sprinter today and let us show you how we can

Make Camping Easy!

311BHS

The bunk-house is the ultimate kid hangout. After a long day of playing outdoors, kids will love relaxing with movies or games. When it's time to sleep, pull out the trundle bed for additional sleeping space.

Dream Dinette

Raises or lowers to dinette seating or sleeping level by way of a hydraulic assist, which results in easy, one handed operation.

There is never a shortage of storage with Sprinter. From the slide-out pantry by the door to the cleverly designed kitchen, we have maximized your storage by giving you a place for everything.

SPRINTER

by Keystone

Keep all your beverages outside with our 4.3 cu. ft. refrigerator.

Clean up is a snap with our residential sink featuring hot and cold water. A 110 volt outlet is provided for all your appliances.

Spacious overhead cabinets, a silverware drawer and open counter top space make this kitchen a favorite for any weekend chef.

You no longer have to lug around that portable stove. Our 2 burner stove rotates for easy use and stores under the counter top when traveling.
