

FREEDOM EXPRESS &
FREEDOM EXPRESS 
by Coachmen

*A*lways dedicated to our customer's ultimate satisfaction, Coachmen is proud to introduce the new Freedom Express and Freedom Express LTZ Ultra-Lite Laminated Series travel trailers. Through state-of-the-art construction using extremely durable, yet lightweight materials, the Freedom Express can be easily towed by today's lighter duty vehicles. Add in our wide selection of family friendly floor plans and easy-to-use features, and you'll soon experience how every trip can become fun and relaxing with the Freedom Express.

Freedom Express LTZ 245RKS

There's no place like home, so why not take it with you into the great outdoors. From the tastefully decorated interior using easy-to-clean fabrics to the hardwood cabinets and no-slip floors, durable enough to withstand the rigors of family camping, the Freedom Express is designed for maximum livability without breaking the bank.

FULL BATHROOM

Attention to detail offers residential amenities such as a generous tub with surround and shelves, vanity with mirrored medicine cabinet and storage, foot-flush toilet and a skylight* to brighten the room. An exhaust fan and vent is also provided for maximum comfort.

SPACIOUS MASTER SUITE

Experience all the comforts of home with a TV that swivels for viewing in master suite or living room*, walk-around queen bed with storage and a nightstand area with outlets and reading lights. Residential-style doors for privacy are available in some models.

FUNCTIONAL FLOOR PLANS

Several options offer practical solutions for any size family or needs, including double bunks or a single bunk with a double bed. Each featuring under bed storage. Plus, the large dinette and sofa convert into additional sleeping space.

FREEDOM EXPRESS FEATURES

FREEDOM EXPRESS FEATURES

- A. Super Lube® hubs simplify routine bearing lubrication.
- B. Screwed cabinet fronts provide superior strength, Lumber Core construction insures cabinet integrity.
- C. Coleman® outdoor grill station – designed for outdoor use, can be used in its slide-out tray, or set on a nearby picnic table.*
- D. Beauflor® – Resilient flooring technology provides durable, stain resistant, no-slip floor covering.
- E. Beach, pet and kid clean up made simple and convenient with an outdoor wash station.*
- F. Pass-through storage provides 40 cubic feet of additional easy to access exterior storage.
- G. Convenient silverware drawer under the kitchen sink.
- H. Practical kitchen work area features 40/60 sink, hi-rise faucet, thermo-sealed countertops with ample prep space.
- I. Front entertainment tower boasts Jensen® brand electronics, 180° swivel, 12V DC, 19" LCD TV and hard slider doors for maximum privacy. (select models)
- J. Heated, fully enclosed underbelly extends camping season, protects plumbing and electrical systems and improves towing aerodynamics.
- K. Stable Ryd® spread axle design distributes weight over a 27% wider area, reducing tongue weight and improving handling and suspension characteristics.

- 1. Aerodynamic front profile – improves handling and fuel efficiency.
- 2. 24" Diamond plate road shield – protects fiberglass front from stones and road debris.
- 3. Super Lube® axle hubs – eliminates hub disassembly to repack bearings.
- 4. Stable-Ryd® spread axle design – provides optimum weight distribution and suspension damping for improved towing quality.**
- 5. Powder E-coated, welded I-beam frame – provides protection from the elements, precambered I-beam design minimizes stress to sidewalls.
- 6. Trussed cross members placed at 48" o.c. – minimizes weight while maximizing lateral strength.
- 7. Nova fully enclosed, heated underbelly adds protection, improves towing aerodynamics and extends camping season.**
- 8. Fully welded tubular aluminum floor frame – lightweight and rigid.

- 9. Full vacuum bond laminated floor structure - assuring strength, superior insulation, lightweight and a level surface.
- 10. Beauflor® - advanced resilient floor coverings with 7-year warranty, proven in cold temperatures, ideal for high traffic areas.
- 11. Aluminum-framed, vacuum-bonded sidewalls combine proven technology and materials to provide a dependable, lightweight shell.
- 12. Smooth exterior fiberglass skin, combines beauty with durability.
- 13. Breathable, fade resistant graphics and die-cuts eliminate the shrinking and bubbling often associated with exterior designs.
- 14. Tinted, safety glass windows reflect 45% of the suns rays, keeping the interior cool and comfortable.
- 15. Happijac SureTrac™ rack and pinion slide systems – simpler and more reliable than cable systems, without the adjustment issues.

- 16. Pass-through storage – easy access and large volume.
- 17. Crowned aluminum reinforced roof – combines lightweight with increased strength.
- 18. EDPM rubber roofing with a 12-year manufacturers warranty for peace of mind.

* Optional on LTZ ** Not available on LTZ

FREE ROADSIDE ASSISTANCE

Coachmen provides one year of free Travel Easy™ emergency roadside assistance for those who buy a new Coachmen RV. Administered by Coach-Net®, this service gives Coachmen owners 24/7 access to operational, technical and emergency road services, including towing, fuel delivery, jump starts, lockout service, tire changes, mobile mechanic and unlimited technical advice. So no matter where you go, we're ready to help!

BIG BENEFITS FOR NEW OWNERS

Owners club discounts and more — A free one-year membership in the Coachmen Owners Association comes with the purchase of any Coachmen product. This add-on value not only provides a host of travel services and campground discounts, but also a 24/7 online service that locates needed services while offering member savings at more than 180,000 merchants across the country. And, of course, the COA is an excellent way to share experiences with other Coachmen owners through rallies and caravans.

FOREST RIVER ENCOURAGES YOU TO BUY LOCALLY FROM YOUR HOMETOWN DEALER

Our dealers are as a rule, independently owned and operated businesses. Outside of those customers they personally sold products to, they are not contractually obligated to perform warranty service on Forest River products that were purchased elsewhere. There may be an occasion that you would be required to return to the point of purchase to satisfy warranty requirements.

Although many dealerships will eventually service products not purchased at their place of business, they will usually take care of their customers and other Forest River customers who are traveling away from their local dealer as they would their own.

Local purchases allow a customer to establish a relationship with a dealer close to home. This relationship provides the customer with a convenient location for service and support from a hometown professional.

The opportunity for a thorough PDI (Pre-delivery Inspection) and product orientation is an additional benefit of buying from your local dealer. Further providing the opportunity for refresher courses or the ability to get questions answered much more conveniently.

For our Canadian customers, there are also requirements which must be met to bring an RV purchased out of the country to their home. Although not insurmountable, these requirements may involve such things as additional inspections and certifications, taxes and fees. Your local Canadian dealer is a professional at meeting these requirements.

Forest River's goal is for all RV owners to fully enjoy their RV experience. In light of this goal, and considering the advantages of buying local, we encourage you to be thorough when determining what product to purchase and which dealer to purchase it from as both are key to your ultimate satisfaction and the realization of your dreams.

FOREST RIVER'S HALLMARK OF EXCELLENCE: PRE-DELIVERY INSPECTION FACILITIES

That's 20,000 square feet of quality assurance. The bare essentials for a premium product. Brought online in 2005, Forest River is proud of its state-of-the-art test facility. This beautiful building blends many of the old tried and true methods of testing our diverse types of RVs with new innovative ways of solving quality issues. Being centrally located to most Forest River manufacturing facilities, this 20,000 square foot PDI (Pre-delivery Inspection) test building gives immediate daily feedback to individual managers. This assures the production facilities that nothing has slipped by the plant's quality assurance personnel and the units are "green" and ready to ship.
