Exquisite solid cherry wood cabinetry throughout the interior provides an abundance of beautiful storage space.

The quality Dimplex® fireplace is the focal point of this gracious living room while La-Z-Boy® fabric recliners provide cozy seating. Lots of natural lighting emanates from the expansive windows which are the largest in the industry.

This efficient L-shaped kitchen is an efficient step saver with everything you need conveniently arranged for quick and easy meal preparation.

The home-like bathroom contains a lighted vanity mirror and roomy fiberglass shower with seat and curved shower enclosure.

A plush Serta® pillow top mattress tops this optional king size bed dressed with luxurious bedspread, pillows, and shams. Your comfort is enhanced with a 6'8" high ceiling in the bedroom.

A deep sliding closet provides additional storage and is also plumbed to house an optional washer/dryer. Mounted on a tip-out "Thule" bracket, the 19" TV can be easily dismantled and moved outside.

A. This lovely kitchen features an elegant smoked mirror backsplash. All Cedar Creek kitchens include large size residential appliances, full twin stainless steel under-mounted sinks, and an abundance of extra deep cabinets for storage.

B. The freestanding dining table is surrounded with large windows for pleasurable dining with a view. Another important feature is the aisle door. This extra door allows an exterior off side exit as an added safety and convenience feature.

C. A beautifully detailed archway provides passage from the kitchen into the private living room where you'll find a large main slide-out with a full 6'7" ceiling height. Slide-out fascias are constructed of solid wood instead of vinyl wrapped foam used in other brands.

CEDAR CREEK CREEK FEATURES

**DaBoda "Level-Up"TM
6 Point Hydraulic Stabilization System**

RATED #1 CUSTOMER PREFERRED OPTION

Leveling and stabilizing a fifth wheel has never been an easy task until now. DaBoda's patent pending "Level-Up" technology makes set ups easier, faster, and a lot safer than the old style 4 point system. With DaBoda's IR wireless remote you can visually observe coach and slide-room movement, side to side and front to back.

Stabilization is one of the most important features of this option, allowing no movement within the coach once the legs have been set. The system is even powerful enough that if you need to achieve a level unit, with the tires off of the ground, this system can handle it.

1. **REMOVABLE "SOFT TOP" VINYL STORM DOORS** allow light and visibility without losing cooling or heating. (CCEP*)
2. **LA-Z-BOY® FABRIC RECLINERS** - Comfort is what they do!
3. **HIDE-A-BED SOFA** with pillows, air mattress, and hidden linen storage drawer.
4. **KEY FOB REMOTE** for front and rear landing legs, slide-outs, electric awning and security entrance lighting.
5. **20" TALL GRAVITY DISCHARGE PORCELAIN TOILET** with Power Flush Rim Wash.
6. **THULE® EXTERIOR TV MOUNTING BRACKET** designed for 19" LCD Televisions. In Addition, (1) Exterior 110v. outlet and cable hook-up allow continuous viewing whether you are inside or outside.
7. **CEDAR CREEK'S ORIGINAL DESIGN "Z" FRAME.** This frame gives our customers over 100 cu. ft. of **STORAGE SPACE**, turning their front storage compartment into a front storage shed.
8. **ALUMINUM METAL IS WRAPPED** all the way to the frame for a clean, crisp looking exterior.
9. **AUTOMOTIVE FRAMELESS WINDOWS** give this coach's exterior an elegance only seen in high dollar fifth wheels.
10. **FREE STANDING TABLE, LEAF EXTENSION, AND HIDDEN STORAGE CHAIRS - STANDARD.**
11. **DOCKING STATION** includes outside shower, black tank flush, and water tank fills for centralized convenience. (CCEP*)
12. Animal lovers will adore our **HIDDEN WATER AND FOOD BOWLS.** An added bonus is that the bowls are off the floor and out of the way when not in use.
13. **9100 SERIES A & E ELECTRIC AWNING** provides outside comfort. (CCEP*)
14. **DIRT DEVIL® CV950 CENTRAL VAC CLEANING SYSTEM** with VacPan™ automatic dustpan at entry door.

SUPERIOR PERFORMANCE E-Z FLEX® HEAVY DUTY EQUALIZATION SYSTEM

Compare for yourself. Illustrated here are the acceleration forces experienced by an axle and trailer while traveling over railroad tracks at 30 MPH. The E-Z Flex® System provides up to an 80% reduction in forces on the trailer frame versus a standard equalizer. In addition, E-Z Flex® significantly outperforms all other competitors in the same road test. The result? A smoother, more protective ride for your trailer and its cargo.
