

2010 Camping Trailers

# DISCOVER A NEW WORLD

*P-Series | Y-Series | M-Series | Elite*

# Palomino

## P-Series

Easy is the best word to describe the spirited P-Series. These lightweight, compact units are easy to afford, easy to tow, and easy to enjoy. They're designed with lots of popular features to make your camping trips comfortable and enjoyable. Add quality construction, and you've got a camping trailer that will give you years of long-lasting value.

### CRANK-UP LIFT SYSTEM

- The drive system is enclosed for protection from weather and road conditions.
- The underneath location of the system allows for easy inspection and maintenance. Grease zerks are located top and bottom of the main tube to allow yearly maintenance.
- A single cable capable of 3,200 lbs. tensile strength rotates around the rear cable pulley and pushes the four flexible steel push rods up the lifter posts.
- Flexible steel push rods.
- Three stage plated lift post.

1. Secure double wide lift posts (N/A P-Series)
2. An optional 10 bladed, 3 speed Create-A-Breeze™ Fantastic Vent
3. Optional outside grill and work table
4. Standard inside/outside stove
5. Built-in entrance door parts caddy (P-Series only)
6. Optional outside shower with hot and cold water
7. Sliding A.B.S. storage tray for easy access.
8. Exclusive three flap tent assembly system with built-in child safety flap
9. Optional screen room
10. Roomy low step slide system for easy access and increased head room
11. Retractable clothes rod and bunk light with fan

## PALOMINO RV ENCOURAGES YOU TO BUY LOCALLY

Palomino RV strongly encourages our retail customers to purchase from their local dealership whenever possible due to the following factors:

- Our Dealers are, as a rule, independently owned and operated businesses. Outside of those customers they personally sold products to, they are not contractually obligated to perform warranty service on Palomino products that were purchased elsewhere. There may be an occasion that you would be required to return to the point of purchase to satisfy warranty requirements.
- Although many dealerships will eventually service products not purchased at their place of business, they will usually take care of their customers and other Palomino customers who are traveling away from their local dealer as they would their own.
- Local purchases allow a customer to establish a relationship with a dealer close to home. This relationship provides the customer with a convenient location for service and support from a "home town" professional.

- The opportunity for a thorough PDI (Pre-Delivery Inspection) and product orientation is an additional benefit of buying from your local dealer, further providing the opportunity for refresher courses or the ability to get questions answered much more conveniently.
- For our Canadian customers, there are also requirements which must be met to bring an RV purchased out of the country to their home. Although not insurmountable, these requirements may involve such things as additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.

Palomino RV's goal is for all RV Owners to fully enjoy their RV experience. In light of this goal, and considering the advantages of buying local, we encourage you to be thorough when determining what product to purchase and which dealer to purchase it from as both are key to your ultimate satisfaction and the realization of your dreams.
