THE FIVE C'S

COMFORT

Any reputable luxury resort will lavish you in comfort. And Carriage Resort Vehicles will not disappoint. From first impressions to our deep list of features, you'll be pampered with amenities like rich leather furniture (standard, not an upgrade), modern entertainment centers, a full wall slide for extra room and much more. Here, you'll know that you've arrived!

CONVENIENCE

Our guests tell us they love how everything is available at the touch of a button. Whether it's during set-up with our Big-foot® instant leveling system and convenient docking center; or while living with adjustable shower height, personal reading light switches, easy-out slide rooms; or just taking it all with you. Only Carriage offers 181 cubic feet of storage space.

CONSTRUCTION

Carriage's solid reputation for craftsmanship starts with coaches built on a superior chassis. Designed and manufactured in-house, only Carriage products offer a dual floor system, aluminum cage construction (far superior to laminated walls), insulated slide rooms for full-time living, efficient "zoned" heating and cooling, and much more. This is truly an over-built coach.

CHOICES

Our on-staff interior designers have years of resort vehicle experience. They study the automotive, yacht and five-star hotel businesses, along with the recreational and full-time RV industries, to bring you more upscale choices. Better fabrics, materials, color combinations, hardwood stiles and stains along with room layouts (Floorplans) are only available with Carriage products.

CUSTOMER

You matter most. From design to building it right, to service long after the sale; Carriage has always put its customers first. The royal treatment is just as obvious at the campground location as it is if you need service of any sort. Perhaps that's why Carriage has more repeat buyers. Experience our world-class coaches that are world's apart. And we hope you enjoy your stay!

Room model 36MAX1 shown in Glazed Brook Cherry wood with Chanel decor.

ENTERTAINMENT

LIVE. RELAX. ENJOY WHAT YOU'VE WORKED SO HARD TO ACHIEVE. WITH A CARRI-LITE RESORT VEHICLE, YOU'LL KNOW YOU'VE REACHED ANOTHER MILESTONE IN YOUR LIFE. NO OTHER LUXURY FIFTH WHEEL COMPARES TO THIS LEVEL OF QUALITY AND STYLING.

Room model 36MAX1 shown in Glazed Brook Cherry wood with Bentley decor.

SPA

PAMPER YOURSELF EVEN IN THE POWDER ROOM. CARRI-LITE HAS THE LARGEST, MOST WELL-APPOINTED IN THE BUSINESS. JUST LIKE A RESORT.

Room model 36XTRM5 shown in Arlington Cherry wood with Godiva decor.

FINE DINING

FULL-HEIGHT CABINETS, BALL-BEARING DRAWER GUIDES, TOP NAME-BRAND APPLIANCES, AND PLENTY OF WORKSPACE. WHAT ELSE WOULD YOU EXPECT FROM THE INDUSTRY ELITE?

 AMENITIES : PAGES 4-5

MASTER SUITE

FIRST CLASS EVEN IN THE MASTER SUITE! TRUE RESIDENTIAL-SIZED BEDS (OTHER BRANDS ARE NOT ACTUAL QUEEN/ KING SIZED) ALONG WITH PLUSHNESS AND HIGH STYLING. THERE'S EVEN A FLOORPLAN THAT FEATURES A DUAL-ACCESS BATHROOM.

Standard Bigfoot® auto-leveling system.

YOU'LL BELIEVE IN BIGFOOT®!

THIS SINGLE-BUTTON AUTO-LEVELING SYSTEM IS A STANDARD FEATURE ON CARRI-LITE. IT INCLUDES FOUR INDEPENDENT CYLINDERS EACH WITH THEIR OWN PUMP AND RESERVOIR. NO LONG HYDRAULIC LINES TO LEAK OR BREAK. NO RETURN SPRINGS OR HINGES TO RUST OR BREAK. A 10" X 10" FOOT PAD MEANS LESS CHANCE OF SINKING. AND YOUR BIGFOOT LEVELING SYSTEM OFFERS 29-TONS OF TOTAL POWER! THAT'S PLENTY OF POWER TO HANDLE THE MOST UNEVEN SITE OR LOCATION. IT COMES WITH A 5-YEAR LIMITED WARRANTY. LIFETIME ON THE CYLINDERS. 24 / 7 TECHNICAL SERVICE AND AN 800 NUMBER LISTED RIGHT ON THE COACH. THIS IS YET ANOTHER EXAMPLE OF CARRIAGE'S ENGINEERING DOMINATION AND INDUSTRY INNOVATION.

Standard Carefree® electric awning.

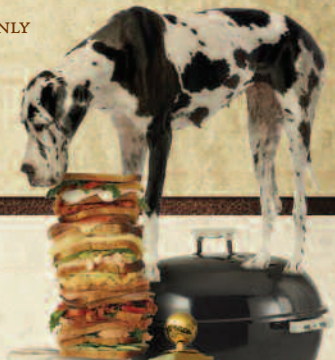

IS YOUR HOUSE INSULATED WITH STYROFOAM? THEN WHY WOULD YOU WANT YOUR RV TO BE? OUR WALL CONSTRUCTION AND INSULATION ARE MORE BALANCED THAN OTHERS WHO USE LAMINATE WALLS. LESS MOISTURE, MORE BREATHABILITY, AND WHOLE-HOUSE CLIMATE CONTROL.

AIR CONDITION

DIFFERENT

EVERYTHING IS BETTER AT A RESORT. BUT HOW ABOUT TAKING MORE WITH YOU? ONLY CARRI-LITE COMES WITH UNDER-FLOOR MAIN PASS-THROUGH, UTILITY ROOM AND REAR BASEMENT STORAGE COMPARTMENTS THAT EQUAL 181 CUBIC FEET! A LOT OF GOLF CLUBS, CROQUET SETS AND POODLES. IT IS THE MOST STORAGE IN THE INDUSTRY.

LEAVE NOTHING BEHIND.

THE MOST STORAGE AVAILABLE! THREE LARGE OUTSIDE COMPARTMENTS TOTAL 181 CUBIC FEET, MA'AM.

FRONT STORE
This handy utility compartment has 52 cu/ft of lighted storage. That is a lot of space by anyone's standards!

REAR BASEMENT
No one offers this unique rear space. And when loaded, it helps balance the coach even more.

MAIN BASEMENT
This giant under-floor storage area is almost 100 cu/ft. It's fully-finished and features secure baggage doors.

ESCAPE FROM THE REST OF THE RV WORLD.

CONTROL CENTER

All necessary exterior hook-ups to the coach are located in one place. Our docking center makes setup more convenient. Carri-Lites feature standard electric dump valves. Also, a light is properly placed for night hook-up. The pump switch, telephone, cable/satellite jacks, city water, black tank flush, fresh water drain, and sensors are all located here along with an outside sprayer featuring hot or cold water and a 15' hose. That's a lot of control from one place. And Carriage's warranty assures quality!

SOFT-TOUCH CEILINGS

Carri-Lite fifth wheels offer many additional luxuries and qualities not found on other units within the market today. The padded vinyl ceiling is one such detail. Located throughout your Carri-Lite coach, this standard feature adds that "deluxe" touch of class – literally. The soft-touch ceiling adds an elegant look to the coach. It also helps insulate and sound-proof your fifth wheel from temperature changes or those occasional outside noises. See the Carriage website for more details and features.

SONY® ENTERTAINMENT

Top brand Sony® 37" LCD TV, along with other higher-end components, are standard equipment features on a Carri-Lite coach. This brand name, flat screen TV is only part of the story. You'll enjoy an AM/FM/CD/DVD 5.1 surround Sony® Home Theatre system with an impressive subwoofer as well. Other fifth wheel manufacturers on the market offer stereo systems and TVs, but few will upgrade you to Sony picture quality and sound at the base price. You get so much more in a Carri-Lite.

LP SLIDE AND MORE

Dual 40 lb. LP bottles feature an auto changeover as standard equipment on all Carri-Lite models. The LP tanks are easy to access thanks to this slideout floor/tray in the compartment shown below. The door is rubber sealed and vented. Carriage also uses quality locks on every baggage door. And servicing your resort vehicle is easier with sliding battery trays (not shown here) located on the other side. No more awkward connecting and disconnecting of the battery cables. We've thought of everything.

TRAVELING, VACATIONING OR LIVING WITH CARRI-LITE RESORT VEHICLES ARE LIKE DISCOVERING THAT SECRET GETAWAY DESTINATION TUCKED IN A REMOTE PART OF PARADISE. MOST OF THE INDUSTRY AND PROSPECTIVE BUYERS ARE NOT AWARE OF THE EXCLUSIVE CONVENIENCE FEATURES CARRIAGE OFFERS. MAKE RESERVATIONS TODAY AND TOUR ONE OF THE MOST UNIQUE, MEMORABLE RV'S. YOU WON'T BE DISAPPOINTED!

★★★★★
CONVENIENCE
ATTRactions : PAGES 6-7

DRAWER GUIDES

Many use ball-bearing drawer guides today. What most do NOT use is 14 bearing guides (vs. 10) with a positive catch so they stay in place when traveling. The reason for the catch? Our drawers pull so smooth they need help staying in place when in transit. And the food pantry includes real drawers, not sub-standard white wire cages. Talk to a real coach user and they will explain how BAD the cages work. We put 5-6 real, full-extension drawers in our pantry for a truly residential, usable and functional pantry.

LEAF TABLE & CHAIRS

Available in Glazed Cherry or Cherry finishes, your dinette table and chairs are crafted for quality and designed for comfort. You will not find any "spring loaded" mechanism for the table either, like lesser brands. True Amish craftsman build each table with a self-storing leaf underneath. Real quality means everything is built and designed to operate correctly. Other kitchen area features include an undermounted stainless steel sink with covers, full height cabinets and radiused solid surface countertops.

KITCHEN AMENITIES

Ladies and gentlemen, you're going to love the Carri-Lite's galley! Notice the 12 cubic foot Norcold® double-door refrigerator, solid surface Corian® countertops, a standard convection microwave oven (vented to the outside) and two-burner flush-mounted cooktop. Brand name dishwasher is optional (not available on competitor's models). A ceiling fan in the kitchen, extra-deep storage drawers and cabinets, double bowl stainless steel sink with covers, and lift off faucet spray head are all standard as well.

FULL WALL SLIDEOUT

The most epic, paradigm-shifting invention in fifth wheels yet has been Carriage's industry-only full-wall slideout technology. Our team of engineers (another Carriage exclusive, real engineers!) invented the concept. Carri-Lite's actual full-wall slideout means that the entire side (nearly 30') of the floorplan slides out to create more space and actual living area than most. Floorplan models 36 MAX1 and 37MSTR feature the full wall while other Carri-Lite floorplans provide large, multiple slides.

QUALITY RESORT VEHICLES FROM THE GROUND FLOOR.

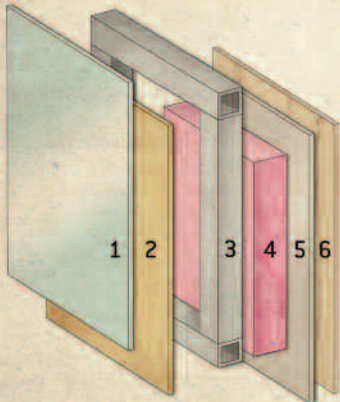

CARRIAGE BUILDS ITS SLIDES FOR SLIDE ROOMS ABOVE THE SUB AND BELOW THE MAIN FLOORS. OTHERS CUT INTO THEIR FRAME FOR SLIDE MECHANISMS, WHICH WEAKENS THE CHASSIS. WE ENCOURAGE FULL-TIME RVING AND BACK IT WITH A 5-YEAR WARRANTY!

LASTING VALUES

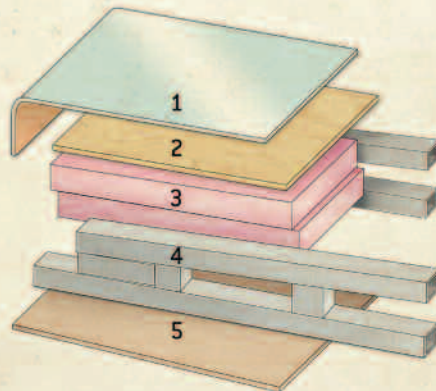

A CARRI-LITE FRAME (ABOVE) FEATURES AN EXCLUSIVE SQUARE PLATFORM CHASSIS DESIGN. IT'S ENGINEERED, CONSTRUCTED AND WELDED IN OUR OWN PLANT FOR SUPERIOR QUALITY. LEARN ABOUT A CARRIAGE FRAME DESIGN AT CARRIAGEINC.COM

NOTICE THAT THROUGHOUT THIS RESORT BROCHURE WE HIDE NO DETAILS NOR STORY? WE BELIEVE THAT QUALITY AND HONESTY GO HAND-IN-HAND. AT CARRIAGE, THESE CUT-AWAY RENDERINGS OF OUR THREE MAIN COMPONENTS—THE SIDEWALLS, ROOF AND FLOOR—ARE CRITICAL COMPONENTS WORTH SHOWING OFF.

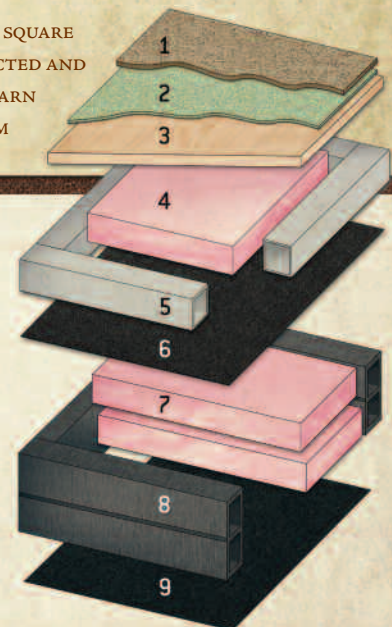

SIDEWALL CONSTRUCTION R-15

- 1) Gel-Coat Fiberglass
- 2) Luan Backer
- 3) 2" x 2" Box Tube Aluminum (bigger than Cameo)
- 4) Owens Corning Insulation (R-7)
- 5) Astro-foil
- 6) Decorated Interior Wall Board

ROOF CONSTRUCTION R-16

- 1) TPO Vinyl Roofing
- 2) 1/2" Thick Roof Decking
- 3) 2 Blankets of Owens Corning Insulation
- 4) Box Tube Aluminum Roof Trusses
- 5) Decorated Interior Ceiling Board

FLOOR CONSTRUCTION R-24

- 1) Carpet/Linoleum
- 2) 1/2" Carpet Pad
- 3) Plywood 5/8"
- 4) Owens Corning Insulation
- 5) 2 x 3" Welded Aluminum Main Floor
- 6) Polyflex Vapor Barrier
- 7) Second/Third layers of Owens Corning Insulation
- 8) 12" Double Stacked Box Tube Steel Frame
- 9) Second Polyflex Vapor Barrier

DECKING

Exposure-grade, tongue-n-groove 5/8" plywood is used for all sub flooring. Plywood provides the best support when compared to the OSB flooring used in other fifth wheels.

UNDERBELLY

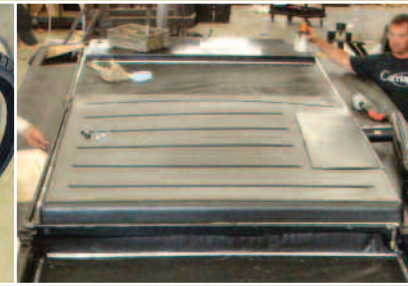

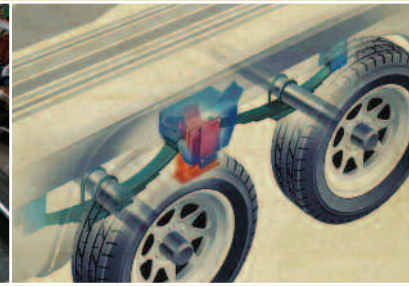

A Polyester fabric covers the coaches underbelly. It is highly durable and protects the undercarriage, is resistant to road salt and oil, is puncture-resistant and also breathable.

RUNNING GEAR

Dexter® Nev-R-Lube axles are secured with heavy-duty springs. We use more steel and stronger welds on our frame's spring hangers. A Mor-Ryde pin box is standard on Carri-Lite.

HOLDING TANKS

Large holding tanks are insulated. Most RV's have R-14 insulation in their floors. Carriage uses three layers to help ensure full-time comfort when used in the elements.

TRIMLESS WINDOWS

Developed by Hehr® for Carriage, our unique windows are highly styled yet functional. They're frameless, tinted, more leak resistant and can be tipped out without worry in rain.

SLIDE ROOM ADVANTAGES: H-SEAL & THE WEDGE

Carriage prides itself on offering better construction and stronger slide rooms. Among exclusive designs is our "H" seal. It's a rubber "squeeze enclosure that actually wipes elements from the walls and roof when in operation. The Wedge is another Carriage-only idea that creates a slant by which water and other elements are directed away from the coach. We use them too, can you tell?

SECURITY

RV's are broken into more frequently than one would imagine. Our popular window-less entry door provides no breakable access by which an intruder can unlock your coach.

OTHER MERE RECREATIONAL VEHICLES BOAST OF OPULENT STYLING AND RUGGED CONSTRUCTION. WE'LL LET THEM TALK. CARRIAGE PRODUCTS ARE IN A CLASS OF THEIR OWN BECAUSE OF THE FACTS. WE ENCOURAGE YOU TO COMPARE OUR FEATURES AND REPUTATION TO ANY OTHER BEFORE YOU MAKE AN INVESTMENT. FOR VERY LITTLE MORE, YOU CAN BE LIVING THE HIGH LIFE. IN A RESORT VEHICLE FROM CARRIAGE.

A BETTER WARRANTY FOR SURE.

TWO-YEAR, HITCH-TO-BUMPER WARRANTY

This full warranty covers everything and everything in between. From manufacturers' defects to workmanship. This is 100% longer than any competitors and a true testament of our belief that a Carriage is built better.

STRUCTURAL WARRANTY

Let's be clear, there is no manufacturer in competition with Carriage offering a real structural warranty for five (5) years. They are all one (1) year. We KNOW we build the best and we back it up with a genuine, peace-of-mind structural warranty in writing.

IMPORTANT WARRANTY NOTE

Carriage honors its warranties even to FULL-TIME USERS! Most other manufacturers DISCOURAGE any part- or full-time use. Why? Because their products will not hold up due to their inferior materials and workmanship. With a Carri-Lite or any Carriage product, we ENCOURAGE as much use as possible for our customers. If we are so confident in our product for the full-timer, imagine how well a Carri-Lite will perform for the weekend RVer. This is a solid investment!

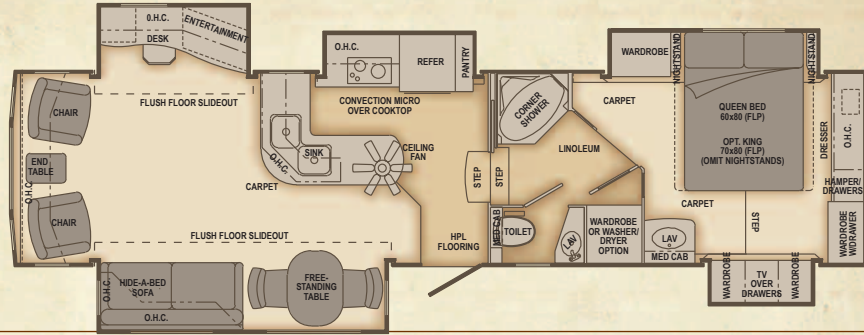

CHOOSE A RESORT ROOM MODEL THAT FITS YOUR STYLE.

Our most unique floorplans feature full-wall slides. This means more room for full-time living! And all slide rooms are insulated (most other brands are not). The full-wall slide is a Carriage invention and features technology that changed the industry forever. Our team of engineers use heavy-duty slide motors that we install in all of our products. The mechanisms have been strengthened and a third slide arm is added. No sway or bowing! All slides are electric with independent switches (not clunky hydraulic systems). Carri-Lite delivers more all the way around.

CHOICES FOR THE SOPHISTICATED RESORT VEHICLE.

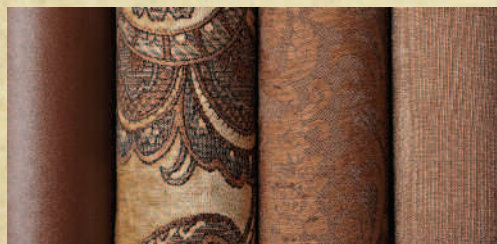

Plush fabrics are hand-chosen by interior designers to make your coach as comfortable as it is attractive. Carpets are thicker, fabrics are stain-resistant, and designs are decorator quality. And Carriage designs and sews many items in-house for optimal quality assurance. Solid wood door stiles (shown here) are available in two distinct stains. Varnish is hand-applied and crafted by some of the finest old-world amish craftsmen in the midwest. If you want a better choice in RV's—there's only one genuine choice.

CUSTOMER SATISFACTION.

OUR GOAL IS TO CONSTANTLY ACHIEVE 100% CUSTOMER SATISFACTION EVERY DAY. YOU LIVE WITH OUR PRODUCTS. SO WE WANT YOU TO LOVE OUR PRODUCTS! OUR EXPERIENCE, PASSION FOR QUALITY, AND INDUSTRY-LEADING WARRANTIES PROVE YOU'RE MAKING THE RIGHT INVESTMENT. AND CARRIAGE HAS RECEIVED NUMEROUS DSI (DEALER SATISFACTION INDEX) AWARDS FROM THE RV DEALER ASSOCIATION OVER THE YEARS, PROVING WE'RE DOING IT RIGHT.

HISTORY OF CARRIAGE

Over 40 years in the making, Carriage RV's (Resort Vehicles) are superior in every way. We

design and build as much as possible in-house, which assures our higher quality standards are met. Learn more about Carriage's long history and World-Class products at carriageinc.com on the Web.

TESTIMONIALS

You surf the internet and read blog sites before making a large purchase. Listen to what our customers are saying. There are more satisfied Carriage owners than pretty much any other brand. We're so confident that a Carriage model is built right, we back

them by an industry-leading warranty and encourage full-time use!

TRAVEL CLUB MEMBERS

Be part of an exclusive club! The Carriage Travel Club is one of the oldest owner's

clubs today. There are regional clubs, newsletters, access to our 20-site on-campus campground and service center, and a Grand National rally.

WISE INVESTMENT

Built better does not always equal "costs less" or "cheaper." But how do you measure value? Besides noticeably higher Blue Book values, we suggest you study the standard features and brand quality versus the competition.

Carriage models are built to last. Like a fort, but not that much more expensive.
