

V-CROSS

CROSSOVER FROM TRADITION TO INNOVATION

The V-Cross series from Forest River capitalizes on previously unused space adding up to an additional 75 cubic feet to the conventional trailer design. V-Cross designers have created many ways to utilize the additional space gained from the V-Front design. Customers will find everything from spacious front kitchen models, to front bunk room models with abundant storage and king size lower bunks. At V-Cross we think you should get the most for your money, so we have taken the space that other RV manufacturers have left empty and filled it with features that you are sure to enjoy. Now's the time "Crossover from Tradition to Innovation"!

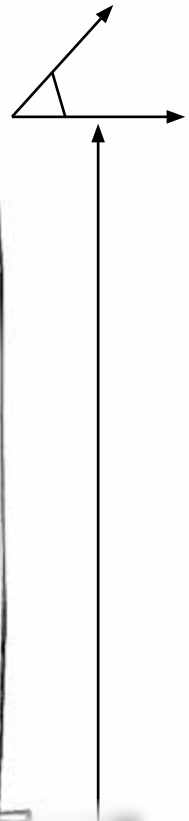

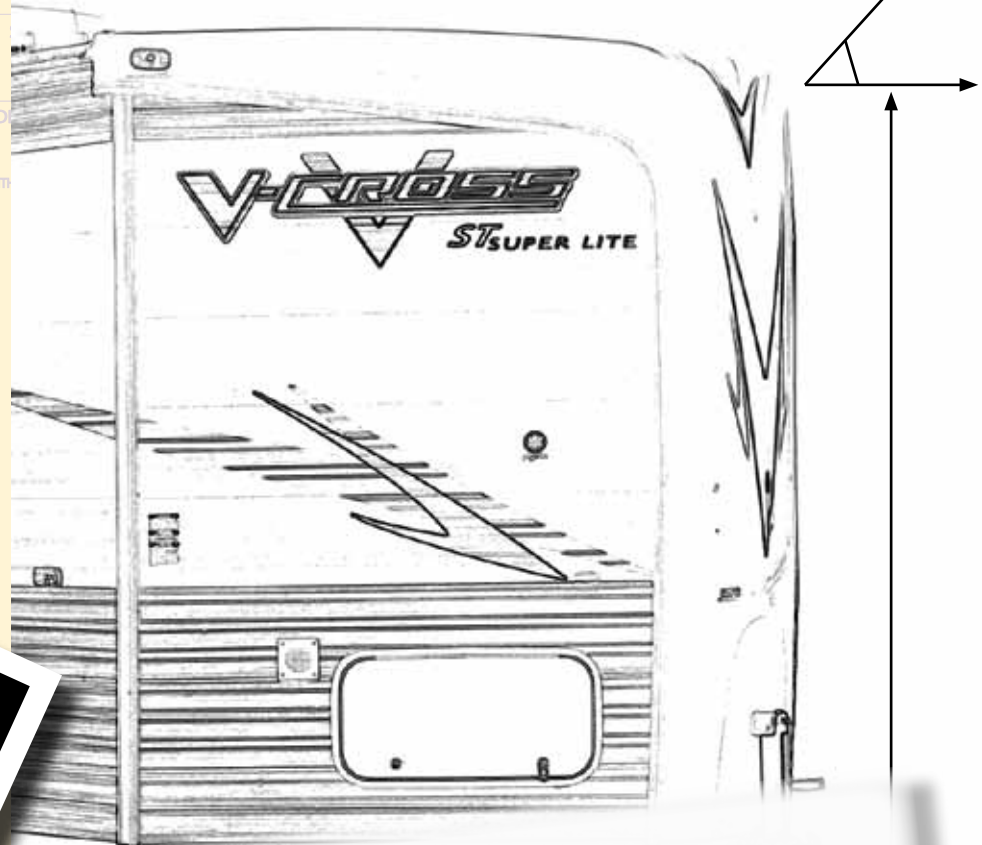

- Project Objectives*
- Improve tow vehicle fuel efficiency
 - Decrease wind resistance
 - Utilize unused space on frame
 - Develop unique floor plan designs

Front kitchen design with aerodynamic front fiberglass cap - ready for production.

To: Sales
From R&D
By offering a V-Style front we are increasing the cubic feet dramatically.

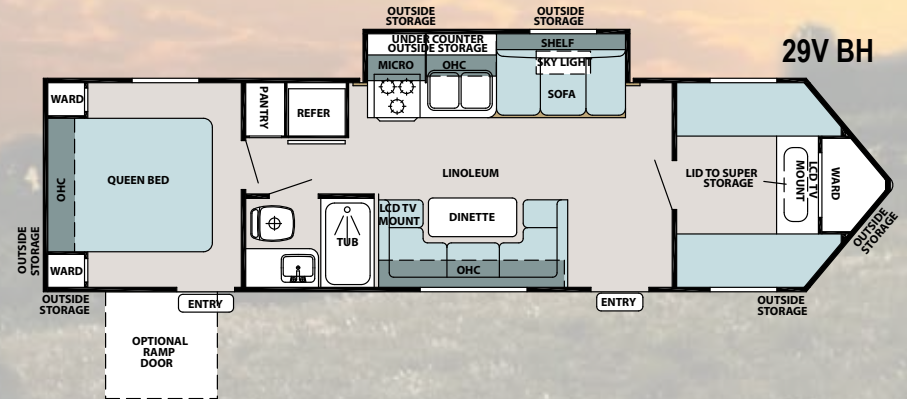

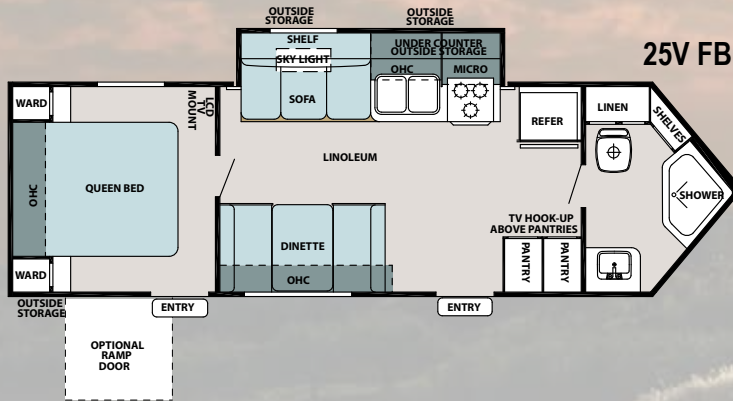

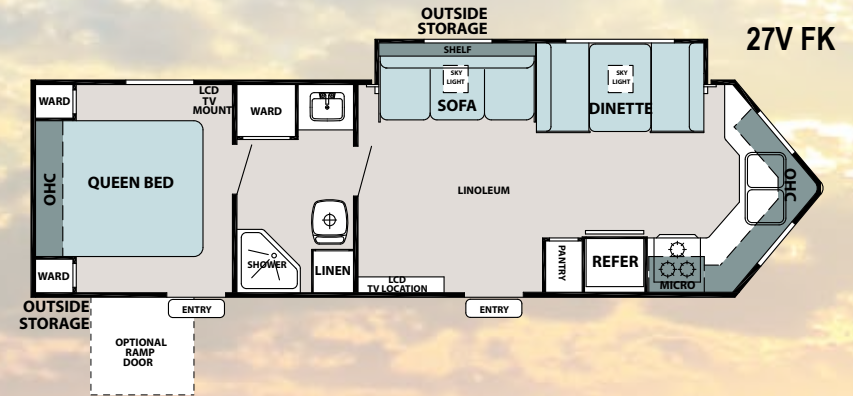

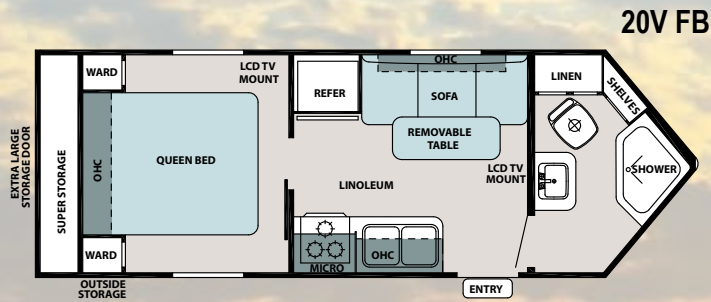

The V-Cross *SUPER LITE* is the newest member to the V-Cross family. Developed with a wide range of buyers in mind from large families to couples you'll find the *SUPER LITE* floor plans and amenities outstanding at an affordable price. Aerodynamic V-Front designs coupled with the industries lightest weights make the V-Cross *SUPER LITE* a super buy for any RV enthusiast.

The large rear storage area available on the 20VFB allows you to easily access all of your camping and maintenance supplies.

ST SUPER LITE 29V BH with Moss Interior

The V-Cross *ST* offers spacious slide out models with features not found in most luxurious travel trailers. For instance each slide room has a minimum of two standard skylights as well as a six foot interior height. The trailer itself has an overall 84" interior height that gives the coach a spacious open feel and allows for ceiling fans in the bedroom. Customers will be impressed with the V-Cross *ST* in both design and features.

More interior space and better designs are the norm with V-Cross. Spacious bedrooms and bathrooms that feature porcelain toilets, shower surrounds with glass doors and standard fantastic vents. The smooth high gloss exterior, exclusive molded fiberglass cap combine to give the exterior of the V-Cross a high class look. The design of the front of every V-Cross lends itself to very unique floor plan layouts. A must see is the 32V FKS front kitchen (Pictured right) it is the industries most unique floor plan available only through V-Front technology. Every V-Cross comes standard with an easy to clean clear glass cook top range (Inset bottom left). Underneath the cook top is a full featured Half-Time[®] microwave convection oven...cook all your favorite meals in half the time with great baked flavor.

FOREST RIVER'S HALLMARK OF EXCELLENCE:

PRE-DELIVERY INSPECTION FACILITIES

THAT'S 20,000 SQUARE FEET OF QUALITY ASSURANCE.

THE BARE ESSENTIALS FOR A PREMIUM PRODUCT.

Brought online in 2005, Forest River is proud of its state-of-the-art test facility. This beautiful building blends many of the old tried and true methods of testing our diverse types of RVs with new innovative ways of solving quality issues. Being centrally located to most Forest River manufacturing facilities, this 20,000 square foot PDI (Pre-delivery Inspection) test building gives immediate daily feedback to individual managers. This assures the production facilities that nothing has slipped by the plant's quality assurance personnel and the units are "green" and ready to ship.

PEACE OF MIND.

Forest River has yet another exclusive feature to offer: One year of free roadside assistance will be given to every new V-Cross customer. This is just one more way to say "Thank you" and to ensure an enjoyable traveling experience.
