Camping Trailers by Jayco®

LIVEABILITY MEETS PORTABILITY

uplifted.

More than 40 years ago, Jayco founder Lloyd Bontrager set out to make a more liveable camping experience for his family. Today, your family can benefit from Lloyd's vision in a new Jayco camping trailer with its unique combination of high-quality amenities and low-maintenance features. So whether you're new to camping, or just new to Jayco, you'll love getting together with your friends and family in your new family-friendly retreat. It's the perfect place to spend time together without spending a fortune.

WATER-RESISTANT

Our DuraTek™ water-repellent tent material is backed by a five-year warranty and features double stitching in high-stress areas, sectionalized design and durable vinyl construction.

DURABLE

Heavy-duty E-coat™ A-frame construction, domed fiberglass roof and a two-piece extruded aluminum bed frame protect your investment and provide excellent resale value.

A TRADITION OF LIVEABILITY

Starting with our first lifter system for fold-down campers in 1968, which made for an easier, more enjoyable camping experience, Jayco has always been about liveability. Today, we're the world's largest family-owned RV manufacturer, yet our priorities remain the same: making RVs more liveable and family time more memorable.

POP UP AND AWAY.

With features like a full kitchen, fully enclosed bathroom, screen room and optional bed mat heaters, your next great family trip is just minutes away with a Jayco camping trailer. Our spacious, comfortable floorplans ensure you'll have plenty of room to relax, while our modern amenities make camping more memorable than just another night in front of the TV.

JAY SERIES 1207 | TAN

PRIVACY

The fully enclosed bath/shower combo makes your new Jayco camping trailer even more liveable. (Optional on Jay 1206 and Select 141J; standard on Select 14HW and Baja 14F.)

ROOM TO BREATHE

Floorplans are designed with your comfort in mind and with space for the entire family to spread out and settle down.

DINNER'S READY

Prepare delicious meals in Jayco's modern, functional kitchen. Cleanup is quick and easy, too.

Jayco construction

At Jayco, we've built a reputation for superior construction and craftsmanship. We always use top-quality materials and production techniques, giving our products **reliable resale value** and our owners peace of mind.

FLOOR

An undercoated, seamless $\frac{5}{8}$ " Structurwood® floorboard is double-bonded to our aluminum frame, creating one of the strongest foundations in the industry.

WALLS

1- $\frac{1}{2}$ " thick laminated side-walls combine with wooden frames and backers for a durable structure designed to withstand use and travel.

END BUNKS

Undercoated $\frac{5}{8}$ " Structurwood®, a two-piece extruded aluminum bed frame and heavy-duty tent supports can hold over 1,000 pounds.

LIFTER SYSTEM

Fully enclosed to protect against rust, our patented lifter system uses strong and flexible push-rods to guide the roof up as you crank, while our tubular lift posts have no edges to chafe or soil the tent. Nylon bushings in the lifter posts reduce friction and extend the life of the lifter system.

DURABLE TENT DESIGN

DuraTek™ water-repellent tent material, a Velcro® attachment system, double-stitching and sturdy vinyl construction combine for durability and long-lasting value.

Jayco craftsmanship

Jayco's dedicated production team includes Amish craftsmen who build with well-honed woodworking techniques passed down for generations and skilled seamstresses who produce our upholstery, bedding and draperies with great attention to detail.

Jayco liveability

At Jayco, it's always been about liveability.

VINYL FLOORING

Every Jayco camping trailer features easy-care vinyl flooring so you can keep the outside where it belongs—outside.

TENT CONSTRUCTION

Setup is quick and easy with sectionalized tents, featuring a Velcro® attachment system.

OUTSIDE SHOWER

The perfect place to clean up after a hard day at play.

CARRY-OUT DINETTE TABLE

Now there's plenty of room to get together for meals or a game of cards.

HEATED BED MATS

Optional heated bed mats keep you warm and toasty on those chilly autumn evenings.

Camping Trailers by Jayco

Easy to tow. Easy to set up. Easy to love.

Offering a unique combination of high quality amenities and low maintenance features, Jayco camping trailers are light weight, simple to operate and a snap to maintain. With three model lines and nine floorplans to choose from, including the toy-hauling Baja, Jayco camping trailers deliver fun, freedom and flexibility.

JAY SERIES

With family-friendly floorplans that provide sleeping for up to eight people, the Jay Series is our most popular and affordable camping trailer, perfect for family getaways and friendly get-togethers.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specification chart above.

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

AMERICA'S MOST **LIVEABLE** RVs.

2 YEAR WARRANTY

The Jayco Co-Pilot Warranty is a manufacturer's limited warranty. It comes from the people who build Jayco recreation vehicles to the people who buy them. Each Jayco is warranted to the original purchaser for twenty-four (24) months or twenty-four thousand (24,000) miles (mileage limitation applies to motorized products only), whichever occurs first, from the original date of purchase against defects in materials and workmanship. Jayco's limited warranty is not transferable. **Go ahead and compare the Jayco warranty with other manufacturers' warranties. You'll find it's the best in the business!**

For a copy of the limited warranty with full terms and conditions, ask your local Jayco dealer.

ADDITIONAL WARRANTIES

Jayco offers to the original purchaser of any of our camping trailers an additional industry-leading lifetime parts and labor coverage on our lifter system, roof, floor and frame. We also offer five-year (5) coverage on our tent with parts, labor and freight covered the first two years; parts, factory labor and return freight during years three, four and five.

300 JAYCO DEALERS

Establishing a solid relationship with your local Jayco dealer is a key component in the enjoyment of your new Jayco. By purchasing from a local dealer, you will have a convenient location for sales, parts and service support.

Jayco dealers are required to deliver all products at the site of the sale to ensure a full product orientation and walkthrough at the time of delivery. It's a good way to become familiar with your Jayco and to meet the service, parts and warranty staff members who will be assisting you. If you live in Canada, there are regulations that must be met when buying a Jayco RV. Your local Canadian dealer is a professional at meeting these requirements and regulations. There simply is no substitute for a good relationship with your local Jayco dealer.

1 YEAR ROADSIDE ASSISTANCE

Travel worry-free with Jayco's Customer First Roadside Assistance program, yours at no cost during your first year of ownership. This program is offered through Coach-Net®, the largest RV emergency road service in the country, and gives you immediate access to dependable roadside assistance and support services with a simple phone call.

- Free jump starts
- Free tire changes
- Free fuel delivery
- Free lockout service
- Free travelers checks
- Toll-free nationwide service appointment assistance
- 24-hour toll-free emergency message service
- Free custom trip routing and full-color map service
- Free dispatch of on-site mechanical service
- \$2,000 trip-interruption reimbursement
- RV technical assistance hotline
- Free towing to nearest qualified service

Your Jayco Dealer

Jayco proudly sponsors Tread Lightly!®, a nonprofit organization whose mission is to empower generations to enjoy the outdoors responsibly through education and restoration.

From RV insurance to extended warranties, JayPlus has it covered. Ask your Jayco dealer about our exclusive JayPlus program today.

As a Jayco owner, you can be part of the Jayco Jafari International Travel Club. Ask your dealer about the Jafari "flight" in your area, write Jayco or visit our website.
