

Winnebago
ASPECT
2010

Winnebago ASPECT®

The Winnebago Aspect® is one motor home that makes you feel as good as it looks. Inside its sleek exterior styling you can choose from two multi-slideout floorplans, both that incorporate our exclusive SmartSpace™ design elements—maximizing your interior space. Enhance your Aspect with features such as UltraLeather™ and an interior upgrade package that includes a dash and beverage tray appliqué, accent rope lighting, a range backsplash, sink covers, day/night pleated window blinds and the Dream Dinette™ table (NA 28B) that allows you to easily lower and raise the table with one hand. All this comes in an easy-to-drive package, making it the perfect touring coach. Make your mark with a 2010 Winnebago Aspect.

So Inviting

Your Aspect will give you every reason to stay in for the night. Its entertainment center boasts a 26" LCD TV and a home theater sound system with a DVD player, five speakers and a subwoofer. A video selection system allows you to watch DVDs on the bedroom TV. A King-Dome® in-motion HD-ready satellite system and a 300-watt inverter can also be added. Take it all in from the available Rest Easy® in-motion HD-ready satellite system and a 300-watt inverter can also be added. Take it all in from the available Rest Easy® multi-position lounge, which glides from sofa to recliner to bed at the touch of a button.

The galley offers a full complement of appliances, including a 3-burner range top with storage below and a microwave oven with a vented range hood. Choose the available microwave/convection oven for even more cooking options. Beautiful cabinetry and full-extension drawer slides provide ample storage for all of your kitchen utensils. Enjoy meals at the standard dinette or available BenchMark® full-comfort dinette in the 30C, or the U-shaped dinette in the 28B.

GoWinnebago.com Watch key feature videos, take interactive tours, see the latest promotional offers and a whole lot more at GoWinnebago.com.

Window Treatments Available cab window blinds open and close smoothly thanks to upper and lower guides that keep the blinds close to the windows for additional interior space. Available thermo-insulated windows provide added thermal efficiency and climate control.

REST EASY® Press a button and the available Rest Easy multi-position lounge glides from a sofa to a recliner to a comfortable bed (30C).

Skylight Stay cool with an available skylight/air vent that includes a built-in shade and screen.

Comfort Sofa Sleeper

The sofa/sleeper you've always wanted is here. Never before has converting your sofa into a bed been so easy—or this comfortable.

1. By day it's a plush sofa.

2. A hidden drawer stores bed linens.

3. At night, the sofa easily folds out into a bed.

4. The mattress quickly inflates and deflates using a built-in power source.

Bedroom A rear slideout, including this vanity in the 28B, provides plenty of room for you to relax and enjoy your private bedroom. You may not want to leave once you've settled into the available Ideal Rest™ body-conforming memory foam mattress. From there you can enjoy the available LCD TV, which is wired to the front DVD player so you can watch your favorite movies. A spacious wardrobe holds plenty of clothes for extended trips.

Shower Enjoy a refreshing shower featuring a flexible showerhead, skylight and textured glass doors in the 30C. The 28B offers a retractable shower door that squeegees itself clean.

Strike a Pose

Stand out from the crowd by choosing your favorite full-body paint scheme. Available stylized aluminum wheels add even more distinction. The 5,000-lb. hitch⁵ means you can tow your favorite toys.

Once you're settled, you can move the available bedroom TV to the exterior mount and stretch out under the available awning to watch the game. The Group 31 deep-reserve house battery and the available 4,000-watt Cummins Onan® MicroQuiet™ generator provide the power you need no matter where you are.

The radio power switch lets you use the coach batteries to power the cab RV Radio®, CD player and weather band, or the available Sirius® satellite radio when parked. The Sirius package includes an iPod interface cable and comes with a complimentary six-month subscription.

TRUELEVEL The TrueLevel holding-tank monitoring system uses sonar technology to read liquid levels from outside the tank. There are no probes to corrode or clog, just accurate readings time after time.

Leveling Jacks Control the available automatic leveling jacks from the entrance door for quick and easy leveling.

Exterior TV The available bedroom TV can be mounted on an exterior bracket when you are relaxing at the campground.

Entertainment Center An available exterior entertainment center includes an AM/FM radio, CD player, remote and a removable table.

36-month/36,000-mile limited warranty on structure,⁷ 10-year limited parts-and-labor warranty on roof skin⁷

- Optional
- NA Not Available

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
- See separate chassis warranty.
- See your dealer for complete warranty information.

Not all items available in combination. See dealer for details.

Winnebago Industries® continuing program of product improvement makes specifications, equipment, model availability and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available at printing.

THE MOST RECOGNIZED
NAME IN MOTOR HOMES™

Built by Winnebago Industries. Built to last.

Winnebago motor homes are built by Winnebago Industries, the company that defined motor homes. The company that built its reputation on quality construction. The company that transformed the motor home concept into a way of life.

Today, Winnebago Industries brings that reputation for quality and more than fifty years of RV innovation to the design and construction of every motor home. It's all a part of SuperStructure[®], our exclusive system of proprietary structural components that instills in each motor home improved strength and durability.

Solid Foundation Steel and aluminum truss work provides a solid, flat foundation for the floor and sidewalls. Our engineers enhance the handling and stability by taking special care to properly distribute the weight of all components.

Interlocking Joints The floor, sidewalls and roof are all integrally connected using interlocking joints. This ensures the Aspect body is a cohesive unit with maximum strength and durability.

Attention to Detail Whether it's sending every Aspect through a high-pressure water tunnel to check for leaks or labeling individual wires and barcoding parts to save time and frustration during service, Winnebago Industries considers every detail to ensure your Winnebago motor home provides you with years of pleasure.

Strong as Steel Key appliances and cabinetry are secured to a metal substructure for added stability and safety.

E-Coating Winnebago Industries employs an automotive-style dip tank process to apply an advanced electrodeposition coating on critical steel components for corrosion protection.

Thermo-Panel[®] Sidewalls Invented by Winnebago Industries, Thermo-Panel construction combines a fiberglass panel, high-density block-foam insulation and aluminum support structures to create some of the most long-lasting, lightweight sidewalls in the industry.

Winnebago 1-year-old fiberglass roof

Competitor's 1-year-old rubber roof

Fiberglass Roof The Aspect features a crowned, one-piece fiberglass roof, backed with a 10-year limited parts-and-labor roof skin warranty. Fiberglass offers superior strength, attractiveness and durability over the rubber roofs found on many competitive models which can chalk, streak and degrade over time. Fiberglass also provides increased puncture and tear resistance.

GoWinnebago.com Visit us on the web for more information on all of our motor homes, the latest product updates and a host of web-exclusive content.

Take a Tour We're proud of our process, state-of-the-art facilities and the people who make Winnebago Industries number one. We invite you to visit our complex in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motor home we build.

Recognized Quality The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service and support. Winnebago Industries is proud to be the only manufacturer that has received this award every year since its inception.

Committed to Service We back our motor homes with the industry's best service after the sale:

- 12-month/15,000-mile basic limited warranty
- 36-month/36,000-mile warranty on structure
- 10-year standard limited parts-and-labor roof skin warranty
- Complimentary 24-hour roadside assistance program

- RV Technical Assistance Hotline
- Emergency Trip Interruption
- Nationwide Trip Routing
- RV Service Appointment Assistance
- Emergency Message Service
- Fee-Free Travelers Cheques

- TripSaver Fast Track Parts guarantees that in-stock warranty parts ship directly to your dealer within 24 hours
- National dealer service network

WIT Club Winnebago owners are like family. Joining the Winnebago-Itasca Travelers Club is a great way to meet and travel with other Winnebago enthusiasts. Members enjoy:

- Caravans and rallies
- Local and state group activities
- RV travel benefits
