## Things Are Looking Brighter

The Sunstar® makes Class A living an easy choice with new styling, SmartSpace™ design, three distinct floorplans and a variety of options at a comfortable price. A Ford chassis is standard and a Workhorse™ chassis with an Allison® transmission is available on the 32K.

Every floorplan features a 32" LCD TV. A 40" LCD TV with dining table and buffet is available in the 30W. The sofa and dinette offer comfortable seating by day and quickly convert into beds at night. A spacious bedroom in the back provides privacy and an abundance of storage with underbed access (26P and 32K). You can also add tinted, dual-glazed windows to increase thermal efficiency throughout the coach.

The kitchen makes you feel at home with residential features such as a microwave oven or an available microwave/convection oven, large pantry, refrigerator/freezer, three-burner range top, vented range hood and an available oven. Enjoy home cooking in your new home: the 2010 Itasca Sunstar.

## This is What Travel is All About

You'll love going places in your new user-friendly Sunstar, thanks to convenient color-coded labels in the service center and Smart Storage™ compartments. Available automatic leveling jacks make it easy to get settled at the campground while two deep-reserve, Group 24 batteries provide plenty of power when dry camping. With the standard winterization package, winter storage is painless, too. We even made driving easier by adding a one-piece windshield and available sideview cameras.

#### Exterior Highlights

- Available awning
- Available full-body paint
- Two ceiling-ducted highefficiency roof-mount air conditioners (32K)
- PowerLine® energy management system (32K)
- Durable fiberglass roof

Bunk Beds The 32K includes rear bunk beds with storage shelves and available DVD players with 8.5" LCD monitors and headphones. A large bedroom wardrobe provides plenty of extra storage.

### Warranty<sup>7</sup>

12-month/15.000-mile basic warrantv8

36-month/36,000-mile limited warranty on structure8 10-year limited parts-and-labor warranty on roof skin8

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- Sunstar floorplans feature a wide-body design over 96." In making your Sunsar intolipians reactile a winez-body design. To tell so, in making your purchase decision, you should be aware that some states restrict access or some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest
- The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.
- Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications
- Capacities shown are tank manufacturer's listed water capacity (W.C.) Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GWMR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
- See separate chassis warranty.
- See your dealer for complete warranty information.

Not all items available in combination. See dealer for details

Winnebago Industries: continuing program of product improvement makes specifications, equipment, model availability and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available at printing.
