

GULF STREAM

2010

CONQUEST

A True
Residential Loft
Class C

Your Quality Time Comes From Our Quality Planning

CONQUEST Residential Design

For over twenty-six years Gulf Stream Coach has been a leader in the Class C industry. One of the most popular RV names is Conquest. The reason – **innovation, value and residential design.** The 2010 version is no different.

As you can see, the story begins with a never before seen residential loft with ceiling to bed hard wood stiles and hard rock maple cabinets with raised panel inserts. This design originates from our current owners telling us what to build. We listen!

As you can see we give you more space than the others.

WOW
Not Ow!
**More Height
in Overhead!**

CONQUEST Residential Design

RVers like Class C's because of the sleeping capacity. Conquest Class C has taken that idea and made it a huge feature your family will enjoy. The features of this area have never been seen before; everything is residential.

Enormous front storage for all your extras as well as large panoramic side window for excellent viewing and great cross ventilation. To assure comfortable sleeping or playing, Conquest has installed two additional A/C ducts.

A sturdy sound resistant bi-fold door will keep the noise away from the living room or the living room noise away from the sleepers!

CONQUEST Residential Design

Our goal is to make you feel at home while on the road. **One of the most important features of the Conquest Class C is the 7-foot interior ceiling height.**

Not only do you get a residential feel with this great feature, you also receive **larger overhead cabinets.**

CONQUEST

Compared to...

This beautiful interior is apparent with the wide body construction and 7-foot interior ceiling. *You will feel at home no matter how long you are on the road.*

CONQUEST Innovation

The Conquest Class C was the first to have a slide, first to be wide body, first to have a basement. Every year we strive to give you what no one else can.

This extremely durable flooring will resist any challenge. It is simply the strongest floor covering available on any Class C anywhere.

After traveling throughout North America and Europe, our designers have found the perfect combination of faucet and sink to give you all the room you need to wash and rinse.

Our unmatched research and development team and our team of engineers have designed and selected some of the best features.

Total integration of quality and design can be seen in virtually every kitchen by Conquest: Spacious countertops, large drawers for storage and the best appliances available.

After years of leading the Class C industry, Conquest has taken design to the next level.

CONQUEST Innovation

You will see a new and exciting concept on several Gulf Stream products called **FlexSpace™** – the use of space for a multitude of functions.

The Comfort Plus™ dinette booth gives you innerspring cushion and telescoping table with cup holders for luxury dining.

At night the dinette breaks down to a comfortable double bed.

Dine with
5

Just when you thought a dinette could only hold four people, **the Conquest horseshoe dinette holds five. Simply unbelievable!**

CONQUEST Safety

The sidewall construction complements the overall construction perfectly.

Once again, Conquest takes super slick exterior seamless fiberglass and laminates it to Luan backer framed by a 1" x 1" aluminum tubal structure with interior wall band.

- A. Rugged heavy-gauge tubular aluminum, fixture welded to form the sidewall framing
- B. High-density EPS insulation provides superior lamination and bonding characteristics and insures greater energy efficiency
- C. Interior wall panels securely laminated to sidewall frame
- D. "Super Slick" fiberglass exterior vacuum-bond laminated to sidewall framing for lasting beauty and durability

The Cradle of Strength roof is one of the most impressive features. **The seamless TPO roof** is laminated over block foam insulation that has the metal HI-Vac duct system integrated into the roof. The truss and tubular aluminum makes the 4 ½-inch roof the most residential in the industry.

- O. Laminated seamless TPO roof
- P. Luan decking for additional strength
- Q. Molded high density EPS (Expanded Polystyrene) roof brick insulation - provides consistent insulation value as well as superior dimensional rigidity
- R. One-piece formed aluminum air conditioning duct, surrounded by EPS insulation
- S. Bubble-wrapped foil superior insulation helps prevent condensation
- T. Rugged welded tubular aluminum roof framing

The HI-Vac duct system transfers cool air throughout.

CONQUEST Safety

Gulf Stream's Cradle of Strength Construction will secure your family and their belongings as you travel.

"The structural rigidity" will maximize your ride and comfort as you see the world.

There are nine to eleven steel trusses with a payload capacity of 6,000 pounds. These trusses are designed to transfer weight to center of coach.

Super Strength Truss System is unmatched in the RV industry. The structural subfloor foundation begins by welding a network of integrated steel trusses to the chassis rail. Specifically designed to distribute and transfer the tremendous forces from the coach to the chassis rail.

An all steel overhead structure installed above the cockpit brings strength and rigidity to the upper portion of the coach providing a safe/strong platform to install a TV that will not break free in an impact while maximizing overhead storage.

Cradle of Strength Construction - Security You Can Trust

The sidewalls, roof and floor finalize the Cradle of Strength construction. Unmatched by any other Class C in the market today, Conquest makes safety the number one priority.

The floor is framed on heavy gauge steel laminated to seamless structure wood assuring a long-lasting rigid floor.

CONQUEST Innovation

Because of the very best design in Class C history, you will enjoy the luxury bedroom designs by Conquest. Your family will be tucked away in the loft, and you can sleep soundly knowing they are safe and comfortable.

Enjoy the cozy queen-size bed with a 6-inch innerspring mattress and a decorative comforter. Each queen bed arrangement has reading lights overhead to allow you to read while in bed.

Every unit has an abundance of wardrobe space.

CONQUEST Storage

Room for everything...
including, you guessed it, the kitchen sink.

With our extensive
experience in the
Class C business,
Conquest has
developed more
exterior storage
by floor plan.

Each compartment is made of galvanized steel for lasting durability and is lined with outdoor carpeting to protect all your belongings.

When you compare the Conquest storage compartments to the competition's compartments, it is clear.

CONQUEST

GULF STREAM

Thank you for taking the time to review the very best
Class C made today - the **Conquest**.

For more than twenty years **Conquest** has helped
families enjoy the RV lifestyle while keeping
everyone safe. Beginning with our cradle of strength
construction and continuing with our national service
network, including 24 hour roadside assistance,
Gulf Stream is by your side.

You will enjoy the great many amenities in the
Conquest. Many exclusive features like the solid
wood cabinets, TPO roof, and 7' ceilings will
be a big part of your enjoyment.

Take a moment and review the great floor plan
arrangements available in the **Conquest** lineup!

The Benefits of Gulf Stream

Coach-Net RV Technical & Roadside Assistance

At Gulf Stream we know there is nothing basic about your RV, so why settle for basic roadside assistance? Therefore, we offer you....

One Year of FREE Coach-Net Roadside Assistance

Because the complexity of keeping your RV on the road and working properly is an ever-growing challenge. Gulf Stream is building RVs that have many of the latest amenities that we enjoy at home and we understand that for you to keep up with the latest technical advances being made every year at Gulf Stream can be difficult.

The Gulf Streamers RV Club is a valuable benefit to

all Gulf Stream owners. Members enjoy staying active and participating in the various rallies and caravans offered throughout the United States and Canada. The Main Stream is the club magazine with up-to-date product information, service tips and company highlights. Members benefit from the Emergency Road Service and Gulf Streamers Insurance options. Both are available at competitive rates with friendly, reliable service. In addition, members save 10% at campgrounds throughout the U.S. and Canada plus receive discounts at national theme parks and special attractions. Members are provided with RV and travel guides, directories and magazines.

Gulf Streamers spend quality time touring attractions, enjoy fabulous meals, take in area highlights and shows - all to make the most out of their RV experience.

Go to www.GulfStreamRV.com and click RV Club for more information.
