

2010 Coachmen Clipper
Easy.

Where life is stress free.

The Clipper Difference.

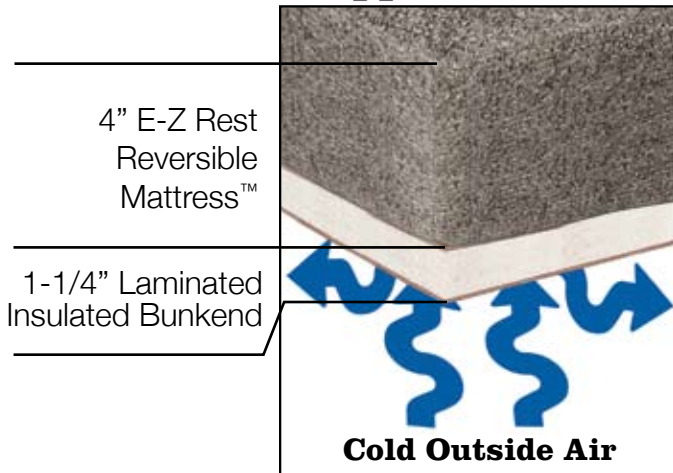

Construction & Features Competitors Can't Match

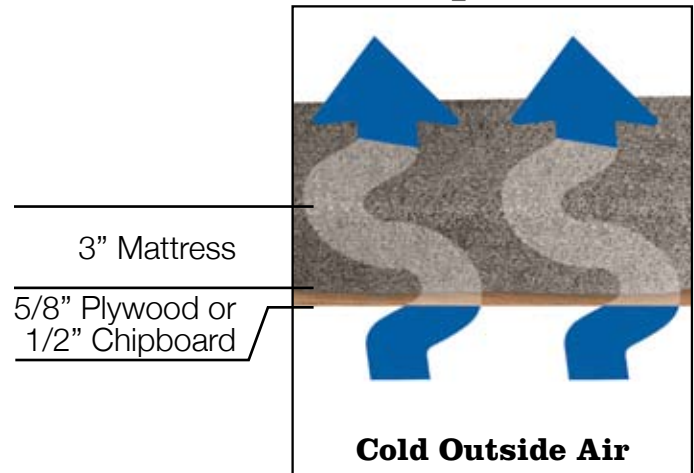

Warmest Folding Camper in the Industry

What would you rather sleep on?

Clipper Standard

Competitors

1-1/4" laminated insulated bunkend

- Double the industry standard thickness
- Solid wood, steel reinforced frame filled with 1" thick high density foam and laminated with wood panel on top and bottom
- Yields a more stable bedend vs. chipboard or spliced plywood used by other brands
- Insulation improves comfort and warmth

Optional 20M BTU Suburban® Furnace with forced air, electronic ignition and thermostat control.

Largest heating capacity of any folding camper.

Flip the mattress to suit your comfort.

E-Z Rest Reversible Mattresses™

- Softer on one side, firmer on the other. Now you have a choice!
- A higher level of comfort over standard foam or cheap innerspring mattresses used by the competition.

Optional 12V mattress heater.

Roof Side Z-Rail

Channels water away.

- Z-Rails on roof perimeter and sidewalls keep wood above water level collection points.
- Others use U channel where wood and water can come in contact at the bottom of the channel.
- Channels are kept open to allow water to run out like a gutter.
- Others attempt to seal channels to keep water out; when the seal is compromised, water will collect and cannot escape.

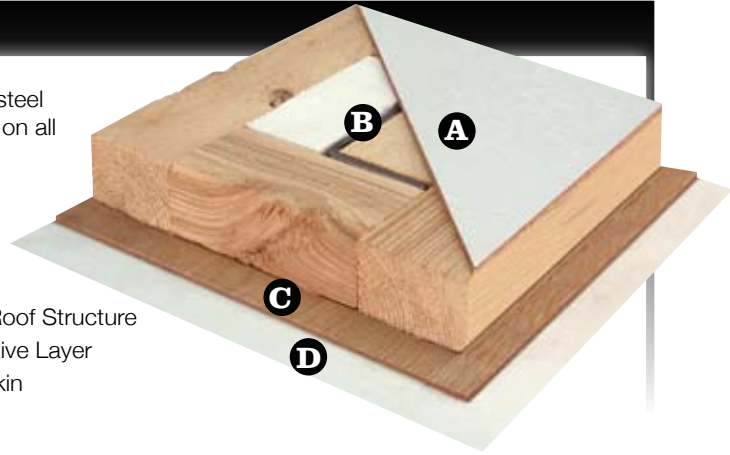

Dura Tuff Roof

- No one else includes the extra wood layer between the top skin and internal foam that provides stiffness and reduces the probability of damage due to hail, road debris, etc.
- Roof vent is placed off to the side so the A/C can be center-mounted without having to remove the vent. This design allows you to have both the vent and A/C.

- The roof is framed with steel supports to accept A/C on all models without extra reinforcement.
- Covered with a seamless exterior.

- A. Ceiling Board
 B. Wood Frame & Foam Roof Structure
 C. Dura Tuff Wood Protective Layer
 D. One Piece Seamless Skin

SST & Coleman® Stove & Stand

Super Sliding Storage Trunk (SST)

- Rugged 25 cu.ft. rotocast plastic trunk has enough space to take it all with you.
- Trunk slides in both directions on a patented mechanism that provides full access to the trunk interior with the front bed pulled out.
- Trunk lids also flip over to serve as additional shelves/table tops complete with cup holders.

Lakeside Maple Wood with Natural Touch Finish on Paneling and Cabinet Doors

- Special durable coating resists scratches, moisture and marking
- Feel the difference

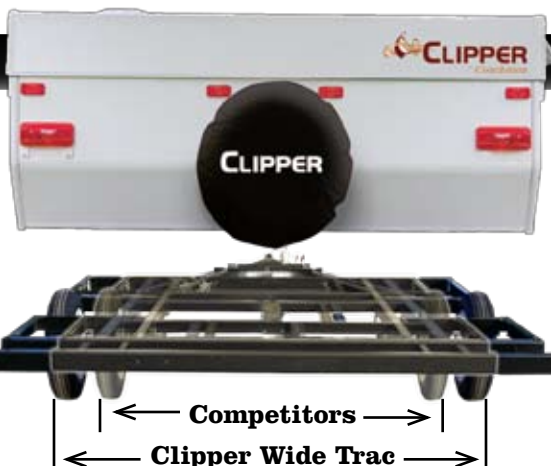

Coleman® Grill Stove with Electronic Ignition and Multipurpose Portable Stand

- True high pressure cooking – fast and efficient
- 25 ft. long grill hose in the Camp Rite package connects the Grill Stove directly to the camper's front gas bottle.
- Portable stand provides stable footing for the Grill Stove, a cooler, garbage bag, etc.; yet it folds up to a compact size that's easy to store.

Improved Entry Doors

- Redesigned upper screen door makes installation easy and improves alignment and function on 2-piece door models.
- Removable travel door stores out of the way on one-piece door models.

Wide Trac Suspension

Better safety and stability on the road.

- Widest stance of any folding camper
- Improves towing safety and stability
- Stronger axle beams than most competitors
- Steel frame with automotive E-coat finish. E-Coat is a 12 step cleaning and finishing process that applies multiple layers of protection to fully penetrate and coat INSIDE and OUT. Powder coating used by some competitors cannot cover inside surfaces.

Coachmen
Life should be so easy.

Coachmen

Easy to Use. Really.

Pete, the Coachmen mascot, symbolizes our commitment to being your best friend on the road. Like Pete, we're always there to make sure everything about your Coachmen is as easy and uncomplicated as possible, so you can escape from the hassles and worries of everyday life and enjoy RVing.

Your Coachmen will be easy to buy, easy to use and easy to own. That's our promise to you. We accomplish this in big ways through clever designs and superior support after the sale. But the real measure of being "easy" is in the countless thoughtful touches we include throughout your new Coachmen RV. As you

review this brochure please check out many of our easy touches.

Remember, no matter where the road takes you, the going is always easier with Coachmen.

Easy to Enjoy. Honest.

When you go RVing, there's one thing you should always leave behind: worry.

At Coachmen, our no hassle warranty is our commitment to you, to assure your ongoing satisfaction. This no hassle warranty means that we won't refer you back to some supplier you've never heard of. We won't bounce you back and forth between the dealership and the factory.

Also, should you ever need service or repair; it is easy to find one of the hundreds of Coachmen dealers or authorized repair centers nationwide.

We take pride in working with you to keep your RV experience as enjoyable as possible. We're with you every step of the way. Coachmen. You couldn't ask for an easier traveling companion.
