WOLF PUP

Wolf Pup Trailers are fully self-contained with ample tank capacities. The Wolf Pup can be pulled by most minivans and small SUV's. The design team came up with new ways to eliminate weight yet maximize functionality and features. The end result is a full featured camper.

This camper is easy to tow with our torsion axles and a smooth radius front fiberglass profile. The PUP accomplishes all this and is lighter than most high wall tent campers. We were able to do all this and have all the comfortable amenities that you desire.
