25ORLS – One of our most popular models...luxury features abound here...lounge recliners, two tone day & night shades, bullet reading lights both over the recliners and over the sleeper sofa, halogen lights in the living area and in the slide-out and the list goes on...notice the carpet design...today's RV buyer is wanting less and less carpet to clean...we put just enough down for comfort at the dinette and sofa and make sure the traffic areas are open and easy to clean!

THE BATHROOM
the WindRiver does not take shortcuts even in here...notice the built-in wooden medicine cabinet, bathroom window, porcelain toilet, brushed nickel motor home style glass shower enclosure, and comfort air upgraded ceiling fan...full function bathroom is an understatement!

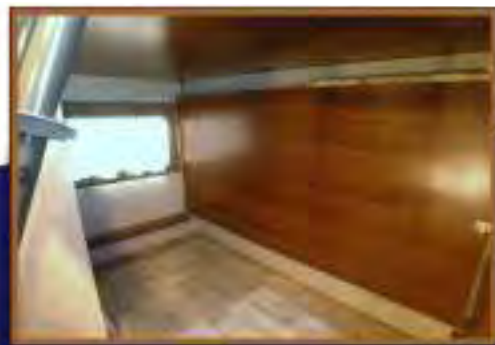

THE DINETTE – the WindRiver 2702BS is built with a full-sized U-Shaped Dinette that is perfect for meal or game time for the entire family...

*"Follow the Wind to Your Dreams"...*with one look at the inside of a WindRiver you will see that the term Luxury-Lite home away from home fits perfectly. From the Italian designed tile flooring, halogen ceiling lights, and stainless steel appliances ...the Outdoors with family and friends will feel just like home!

270DBHS Bunk Design

Large oversized rear bunks (top bunk is rated at 350 lbs) so your family & friends can enjoy the Outdoors right along with you... the bottom bunk lifts up and out of the way for an amazing storage area for bikes, golf clubs, kayak's, etc. The 2nd entry door opens up perfectly to load and unload this storage area, plus makes for an excellent in an out for the kids to use the bathroom while the adults are enjoying a movie, playing cards, or cooking lunch/dinner in the living room/kitchen!

THE BEDROOM - Individual bullet reading lights, pillow top mattress, pillow shams, and the motor home style headboard keep up the luxury theme after an incredible day in the Outdoors! You will be thanking the pillow top mattress for days...so many RV manufacturers take this feature for granted...not Outdoors RV Mfg - we are active users of the products we produce and this was just one more feature we all felt was extremely important to put in all of our units!

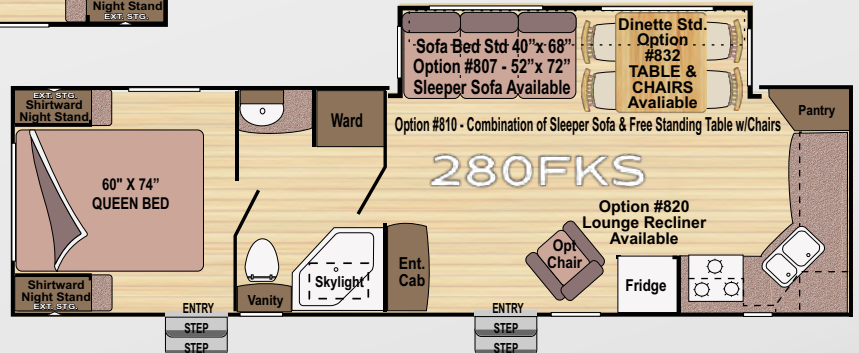

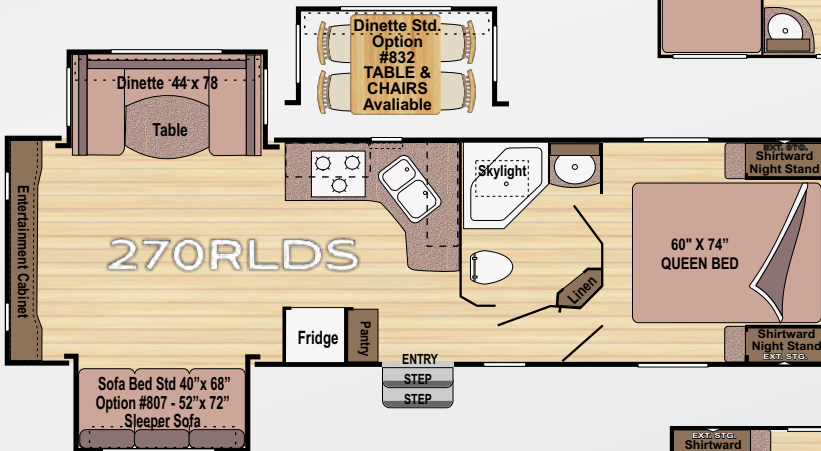

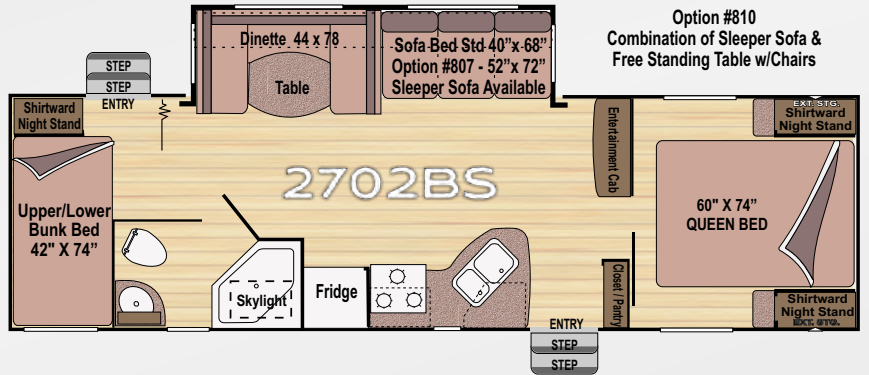

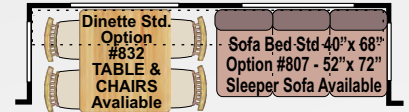

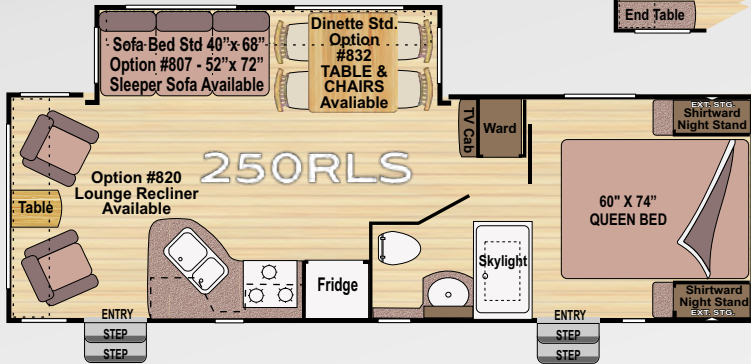

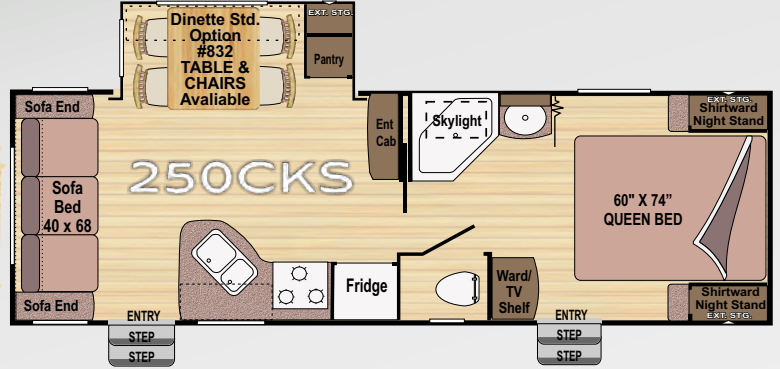

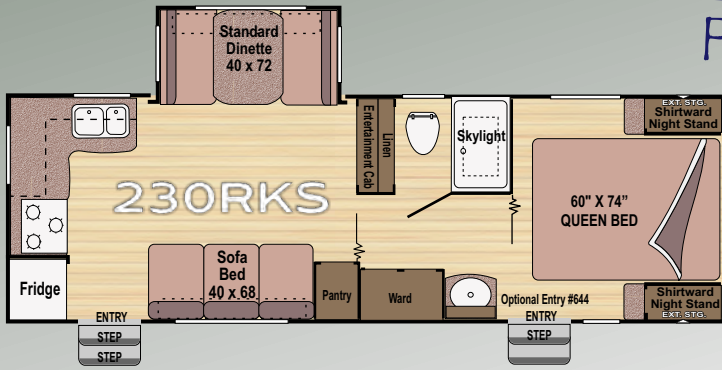

THE KITCHEN - Stainless steel appliances, pot & pan drawer, 8 cu ft fridge (optional), pull out pantry, flip up counter, metal full extension drawer guides, and the list goes on...also notice the kitchen window design...no more bending down to look out the window...the reason we all go camping is to enjoy the Outdoors and now while preparing meals for the family the Outdoors is right in front of you!

FOUR SEASONS

Available on All Models

Welcome to the Outdoors!

In a 4 Seasons Outdoors RV the entire chassis is enclosed from front to back for both insulation and protection from road debris.

We use Astro-foil (R-15) insulation along the entire length of the floor. Plus an additional wrap around the holding tanks

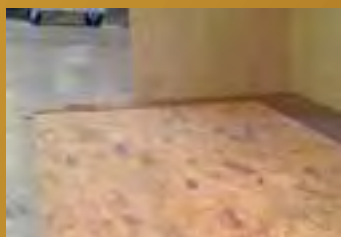

The Industry Standard:

The Industry Standard: Holding tank dump valves are not enclosed and are exposed to freezing.

The Industry Standard: A single layer of insulation.

The Industry Standard: No insulation in the slide out floors

The Industry Standard:
Cold and Drafty,
Not Designed for Northern Climates

The Outdoors RV Standard:

The Outdoors RV Standard: Our Dump Valves are located within the Enclosed / Heated underbelly to protect them from freezing.

The Outdoors RV Standard: Insulation is double layered for added protection

The Outdoors RV Standard: The entire slide out floor is covered with Astro Foil / R-15 Insulation

The Outdoors RV Standard:
Warm in the Winter and Cool in the Summer,
Perfect for colder Northern US and Canadian climates.

Wind River

Situated in a picturesque mountain valley of Eastern Oregon a new RV company is born. The focus of this company is to design RV's for the NW and Western Canada, merchandise the products with a hand selected group of dealers with the end goal of having our customers enjoy an Outdoor experience like no other.

The NW and Western Canada will be the targeted area for the products produced here. This area has an incredible percentage of people that enjoy the RV lifestyle and why wouldn't they with the Outdoors right outside most people's backdoor. Our goal is not to be the largest manufacturer in the country nor follow market share graphs. We simply want to design and build great RV's.
