

 MONARCH®  
*2010*

*"Every day is a celebration."*

MONACO®

DRIVING YOUR DREAM.

## C'MON, GET HAPPY.

Hop aboard the 2010 Monarch, and it's time to celebrate. This is the gas-powered Monaco you've always wanted — at a price that'll make even your wallet happy. Just check out the beautiful new interiors. The top-quality appliances. Not to mention the state-of-the-art options like Sirius satellite radio, GPS, and a new three-camera vision system. For 2010, you'll also notice a new, more powerful dash climate control system, a 32-inch LCD TV (33SDD, 34SBD), and other niceties throughout. What a joy ride.

MONACO®

DRIVING YOUR DREAM.

For some folks, there's just no fun in getting up and facing another day. Poor things. They obviously don't own a 2010 Monarch. When you're cruising the country in one of these beauties, it's hard not to grin. After all, you're living the good life. Sleeping in as long as you want. Eating blueberry pancakes with real maple syrup. Going places without a roadmap. Discovering the joys of swimming and biking again. Yes, this is life as it was meant to be lived. Happy. Worry-free. Humming down the highway in a 2010 Monarch.

## SMARTSTRUCTURE II

SmartStructure II adapts the principles of our diesel chassis technology for use with a gas chassis. While other motorhomes use outriggers to hang the walls and storage compartments, our exclusive truss system is integrated with the chassis rails to provide a solid platform. The floor and storage bays are all one piece, and the truss system works with the chassis rails to channel weight toward the center of the motorhome. Greater strength. Better weight distribution. A solid foundation. That's SmartStructure II.

## VORTEC™ 8100 ENGINE

The Workhorse chassis with a 8.1L V-8 engine features 340 HP and 455 lbs./ft. torque. The Ford chassis comes standard with a 6.8L 3-valve V-10 engine with 362 HP and 457 lbs./ft. torque.

## THE DIFFERENCE IS IN THE DETAILS.

The 2010 Monarch models are matched with rugged, reliable chassis by Ford and Workhorse. Whichever you choose, you'll have the added safety of anti-lock braking (ABS) and the convenience of fully automatic hydraulic leveling. Each chassis features a 5,000 lb. hitch for excellent towing capacity and is prewired for supplemental braking for your towed vehicle.

## 9-LAYER ROOF CONSTRUCTION: (top to bottom)

- One-piece peaked fiberglass roof
- Luaun backing
- Thick, tapered bead foam insulation
- Aluminum double I-beam superstructure filled with fiberglass insulation
- Vapor barrier
- Structure foam: thermal insulative barrier
- 1/2" bead foam insulation
- Foam padding for extra insulation
- Padded vinyl ceiling

## 4-LAYER SIDEWALL CONSTRUCTION: (left to right)

- Interior paneling
- 1-1/2" x 1-1/2" square tubular aluminum frame
- 1-1/2" thick foam insulation
- Smooth gel coat fiberglass wall

## 4-LAYER FLOOR CONSTRUCTION: (top to bottom)

- Structurwood™
- High-performance thermal insulation foam
- 1-1/2" aluminum tube
- Three-ply poly underbelly

NEWPORT CHERRY II

NOW FOR THE HARD PART.

Choosing the Monarch was easy. Now, it's time to make it your own. For 2010, our designers are pleased to present a stunning array of standard and optional decors and the hardwood raised panel style cabinetry. But don't worry. Even if you end up flipping a coin, you always win with Monaco.

## BUY LOCALLY. ENJOY EVERYWHERE.

Monaco RV strongly encourages our retail customers to purchase from their local dealerships whenever possible. Buying a new Monaco RV locally allows a customer to establish a relationship with a dealer close to home and provides convenient service and support from product-trained technicians. On our end, Monaco RV will continue to provide our dealer partners and customers with the finest recreational vehicles in the industry.

<sup>1</sup>Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.

<sup>2</sup>All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

<sup>3</sup>Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Monaco provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Monaco dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without

notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may depict a floorplan option that has been discontinued or is no longer available at the time of your purchase. Photographs may show props or decorations that are not standard equipment. Monaco, the Monaco logo and its design, are registered trademarks. Other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions,

the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and printing. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer. Component part and appliance manufacturers issue limited warranties covering portions of the recreational vehicle not covered under the Limited Warranties issued by Monaco RV, LLC. To learn specific details regarding warranty coverage, please contact your selling dealership or review the warranty packet inside the recreational vehicle.
