

ULTRA - LITE

SUNDANCE

The Next Generation Lightweight Fifth Wheels & Ultra Lightweight Travel Trailers

Model XLT 287 RL

BEAUTIFUL INTERIORS!

The SUNDANCE XLT features luxurious furnishings, Amish-crafted hardwood doors and drawers, oil-rubbed bronze hardware, decorative glass inserts in the overheads and multiple slide-out floorplans.

CREATIVE FLOORPLANS

SUNDANCE XLT features floorplan designs that maximize living area while offering spacious kitchens with solid surface countertops for food preparation, storage galore and roomy dining accommodations. Built in entertainment centers with media storage are positioned for ideal viewing and many are equipped with adjustable TV brackets to suite every configuration.

Model XLT 280 RB

THE PERFECT CHOICE FOR 1/2 TON TRUCK OWNERS!

The XLT ultra lightweight line of towables is quite possibly the strongest built lightweight series ever to hit the market! Featuring all-aluminum, fully laminated construction - including the laminated roof - the XLT is built to stand the test of time. The XLT fifth wheels also feature Heartland's Patent Pending Improved Turning Radius cap design that allows you to turn up to 88-degrees in most short bed, extended cab trucks! Every SUNDANCE XLT owner will enjoy their vacation a little more because of the attention to detail Heartland pays to every aspect of the SUNDANCE XLT from construction methods to thoughtful use of space and everything in between.

Model XLT 280 RB

Model XLT 280 RB

ULTRA LIGHT FIFTH WHEELS & TRAVEL TRAILERS

OVER SIX (6) FOOT CEILING AT THE FOOT OF THE BED AND SHOWER

ROOMY BEDROOMS WITH LOTS OF STORAGE

The XLT bedroom features a large queen bed with underbed storage, as well as his and hers wardrobes, a built-in shelf for alarm clocks, chargers, and other miscellaneous items, and dual windows for improved ventilation. The speakers in the ceiling of the bedroom allow you to enjoy the stereo while relaxing.

Optional:
*Exclusively Engineered &
Built for HEARTLAND*

- 3½ Memory foam Pillow top construction
- 5 Year Warranty
- 12" tall mattress profile

SUPERIOR CONSTRUCTION AND DESIGN TRANSLATE INTO A SUPERIOR VALUE!

Perfect for Short-Bed, Extended-Cab Trucks
No Slider Hitch Necessary

NOTHING TURNS LIKE THE ORIGINAL
88°
ACHIEVE 88° TURNING!
IN A SHORT-BED, EXTENDED CAB TRUCK

CORNERING IN-TOWN or BACKING INTO CAMPSITES

88° LAKE VIEW

BEWARE OF IMITATIONS!
PATENT PENDING!

STUNNING FRONT CAP DESIGN

The fiberglass front cap for the SUNDANCE is all new with sleek radiuses and design lines flowing through it. The Patent Pending turning radius design is perfect for short-bed, extended-cab trucks!

The ALL ALUMINUM CONSTRUCTION translates into both a lighter weight unit and stronger, unified construction versus the traditional wood-construction!

ZERO° TESTED!

Heartland 5th wheel Construction has been subjected to rigid testing in the famous DOMETIC™ extreme temperature testing chamber where it passed with flying colors! The chamber is set to 0° to test the unit's heating efficiency, followed by being set at 100° to test its cooling efficiency. With our thick 2" laminated walls; enclosed and heated underbelly; and insulated floor - the interior of the Heartland coach remained warm and comfy during the sub-freezing test and nice and cool during the heat test!

For more details, visit our web site:
www.HEARTLANDRVs.com

TRUE SOLID-SURFACE.

SUNDANCE's HANEX™ TRUE RESIDENTIAL SOLID SURFACE Counter

Tops increase the usability, beauty and value of our coaches. The advanced blend of natural materials and pure, acrylic polymer is formed over a strong plywood base, providing design versatility and long-term performance to our customers. Hanex™ is one of the toughest counter tops in the world that is both durable and RENEWABLE.

RENEWABLE means it is the same consistency through and through and if scratched or chipped, can be easily repaired so that it looks like new!

The competition on the other hand... offers only a thin layer of FIBERglass, adhered to lesser quality particle board material that disintegrates when it gets wet. The FIBERS of these counter tops tend to stick out of the bottom edges and are painful to the touch.

vs. THIN FIBERGLASS.

TRUE TEST!

OVER 3,700 Pounds!

Plant Manger Steve Johnson was so confident in the superior design and strength of the XLT roof construction that he offered to have his personal truck lifted up and set on the coach to test it! There is no "photoshop" work on these photos - the truck was set on the roof of the coach with no extra support and it passed the test with flying colors!

NOTE: Heartland does not recommend, nor condone the setting of automobiles or trucks on the roofs of our recreational vehicles. This test was performed solely for advertising purposes to show the incredible strength of our laminated roof.

LAMINATED FLOOR SYSTEM

XLT's LAMINATED Floor System is one of the **STRONGEST FLOORS** in the industry! Featuring sturdy 2.5" Aluminum Framing; thick Block Foam Insulation; One-Piece Seamless Decking and a Thermo-Board Luan on the bottom. All of this is Laminated together for Maximum Strength and Insulation R Value - virtually eliminating flex in the floor!

Heartland builds recreational vehicles with as many residential features and construction methods as possible and we are excited to introduce this 3" Laminated Floor System in our top three lines of fifth wheels. Choose Heartland for Maximum Strength; Maximum Insulation Value; and Minimal Flex!!

HEARTLAND'S 3" LAMINATED FLOOR

XLT's LAMINATED Floor Construction easily supported over 1,800 lbs. of Water Jugs in one spot - resulting in less than 1/4" of flex!!

XLT, YOUR LAMINATED WORLD...

Strength, Durability & Comfort BEYOND COMPARE!

The combination of these three systems bring you the Strongest and Lightest construction available while also providing unparalleled noise reduction, thermal insulation and durability. Protecting your investment is important to HEARTLAND. Laminated construction provides that protection in addition to offering peace of mind that you will be spending more time enjoying your family and travels than worrying about repairing your RV.

LAMINATED ROOF SYSTEM

BEST-IN-CLASS

- INSULATION - R VALUE

3 INCHES - FIVE LAYERS

LAMINATED WALL SYSTEM

2" THICK SIDEWALLS!

Lightweight ALUMINUM

Just an 1/8" thick foam cup protects your hand from scalding hot coffee... imagine what nearly 2" of block foam does for your Laminated Heartland Sidewall!

Double Welded, Fully Laminated Sidewall Construction

Strength, Durability & Comfort BEYOND COMPARE!

SOUND BARRIER

THERMAL EFFICIENT

SUPER STRENGTH

ULTRA LIGHT IN WEIGHT, TONS OF BENEFITS

The CROWNED LAMINATED ROOF is unique in the ultra lightweight towable marketplace - promoting snow, water and debris run-off!

MORE STORAGE!

You'll love the way SUNDANCE maximizes storage opportunities by smart engineering and utilizing each and every square inch of the coach to provide our customers with more room for their belongings!

UNIVERSAL DOCKING CENTER

The XLT UDC brings all of the unit systems hook-ups to a single, concealed exterior compartment!

Free-standing dinette table can be brought outdoors when desired

LARGER PASS THROUGH STORAGE allows XLT owners to store larger items such as this full-size cooler!

INCREDIBLE TOWING AND BALANCE!

XLT Travel Trailers Only

Heartland's optional ToyLok is perfect for quickly and easily securing bikes, grills, furniture and anything else that needs to be secured when you leave your site unattended.

Preserving our environment is very important to HEARTLAND. We strive to reduce, reuse and recycle in every facet of the corporation. We are reducing paper waste with new electronic processing, our vendor partners reuse packaging and crating for many components and we recycle all aluminum scrap, wood cutoffs, skids, wire, cardboard and plastic containers.

Heartland is doing our part to preserve the environment so you and your children's children can enjoy RVing in all that our precious environment has to offer.

HIDE-A-BED
AIR-MATRESS

Yet another SUNDANCE smart design - the air-mattress hide-a-bed sofa offers the ultimate in comfort, as well as a deep drawer that is perfect for storing throw blankets and other items.

Heartland Recreational Vehicles
1001 All-Pro Drive • Elkhart, IN 46514 • 574-262-5992

Community. Convenience. Close-to-home.

Where you purchase your recreational vehicle is ultimately your decision but Heartland urges you to consider buying at your local dealer. Dealers are part of your community, providing jobs and contributing to your local economy. These dealers are under obligation to provide warranty service for products they sell, but are not legally required to service products purchased from other dealers. At some point, you may need to return to the dealer you buy from - why not stay close to home? After all, home is where your Heartland is!

BENEFITS OF PURCHASING YOUR RV LOCALLY:

- You enjoy valuable relationship building with Dealer Representatives, close to your home, who will explain the features and benefits of the product.
- You receive a full product orientation prior to delivery, which includes hands-on directions for many of the coach's systems and functions. You are also introduced to the Dealership's Service/Parts/Warranty personnel who are at the ready to help you with any issues you may encounter, now and in the future.
- You enjoy customer PRIORITY. Dealerships generally service their purchasing customers first - others may experience long delays and miss opportunities to use their RV. What is it worth for you to have a dealership's full attention and motivation to satisfy you when you need service - in a timely manner?
- Valuable TAX dollars and jobs stay in YOUR community which pays for your roads, schools, police and fire departments.

DON'T UNDERESTIMATE CUSTOMER SERVICE AND PERSONAL CARE!

For Canadian Residents: If you purchase an RV out-of-country, there are additional fees, taxes and inspections that must be met before bringing your product home. Your local Canadian dealers are experts in these provisions.
