2011

HOLIDAY RAMBLER®

*This is Living®*

*Neptune®*

NEW LOOK.  
NEW ATTITUDE.

Meet the 2011 Neptune. This head-turner has raised the bar once again — with the new Roadmaster RR8R chassis, new full-body paint and graphics, and the power of a new Cummins® ISC 360 horsepower engine, standard on 40-foot models. The Neptune's interior has kicked it up a notch, too, with ceramic tile standard throughout the living area, kitchen and bath. And behind the wheel, you'll find a wide range of safety-minded features, from the Panaview 1-piece windshield, to the rear vision system, to optional GPS navigation. (Pictured: 40PBC/ Stardust/Newport Cherry)

## YOUR KITCHEN. YOUR STYLE.

The Neptune's living space is all about you. Nowhere is this more evident than in the kitchen, which features the sophisticated styling of raised panel cabinet doors, solid surface countertops with mosaic tile backsplashes and a handy flip-up countertop extension. You can also choose impressive options, including a large-capacity residential refrigerator on all floorplans, and the ultimate convenience — a central vacuum system. (Pictured: 40PBO/Stardust/Newport Cherry)

### BED, BATH AND WAY BEYOND

A queen bed rules Neptune's luxurious bedroom, with an optional king bed available on all floorplans. The bedroom also features beautiful raised panel hardwood cabinetry throughout, plush carpet, day/night pleated blackout shades, nightstands and a large 26-inch LCD television

(with optional DVD player). Another nice touch includes the stackable washer/dryer option. The bathroom features a roomy one-piece fiberglass shower, solid surface countertop with decorative mosaic tile backsplash, and plenty of storage. *(Picture: 40PBQ/Stardust/Newport Cherry)*

**ROOF CONSTRUCTION**

(top to bottom)

- One-piece peaked fiberglass roof
- Luaun backing
- Thick, tapered bead foam insulation
- Aluminum double I-beam superstructure filled with fiberglass insulation
- Vapor barrier
- Structure foam: thermal insulative barrier
- 1/2" bead foam insulation
- Foam padding for extra insulation
- Padded vinyl ceiling

**SIDEWALL CONSTRUCTION**

(left to right)

- Wallpaper
- Décor board
- 1-1/2" x 1-1/2" square tubular aluminum frame
- High performance thermal insulation
- Gel coat fiberglass composite sidewall

**FLOOR CONSTRUCTION**

(top to bottom)

- Structurwood™
- 1-1/2" tube
- High-performance thermal insulation foam
- Luaun
- 3-ply backer

**THE ULTIMATE FOUNDATION.**

Take the wheel of a luxury motorhome, and you're taking the wheel of the chassis it rides on. That's why Neptune rides exclusively on a Roadmaster chassis that is custom built to deliver the very best diesel motorhome experience. Roadmaster's construction utilizes advanced design and engineering to distribute stress evenly throughout the entire chassis, reducing the possibility of twisting and increasing durability and reliability. It's really the ultimate foundation for a luxury ride.

**CUMMINS POWER**

For 2011, Neptune features the Cummins® ISC 360 HP diesel engine standard on 40PBT and 40PBQ floorplans; with an ISB 340 HP engine standard on 36PFT and 36PBD floorplans.

**ROADMASTER RR8R RAISED RAIL CHASSIS**

- 1** A steel cage cockpit gives the Roadmaster chassis incomparable strength and safety in the front of the coach.
- 2** Every Roadmaster chassis features a steel firewall for added protection in the cockpit.
- 3** The main rails feature an exclusive raised rail design which provides for larger full pass-through storage bays with flush floors. Other highlights include a 3/8" thick frame rail — compared to the 1/4" of other manufacturers — and a stacked aluminum intercooler and radiator for optimum heat transfer and cooling.
- 4** Dual fuel fill allows you to fill the tank from either side of the coach, for greater convenience and flexibility at the pump.

- 5** The steel truss system is engineered as part of the chassis and provides outstanding strength and rigidity plus pass-through storage. In addition, the structure is pre-primed and coated with a rust-inhibiting paint.
- 6** Cushion Air Glide Suspension features eight outboard-mounted air bags and eight shock absorbers. Monitored leveling sensors continually adjust the air pressure at each axle to maintain a level ride and eliminate nosediving, weight transfer, and floating on curved roads. This system also stabilizes the coach on uneven surfaces.

- 7** Automatic Traction Control (ATC) eliminates wheel slippage in slick conditions and heightens control. The Anti-Lock Braking System (ABS) gives you superior stopping power, especially on steep grades. Together, these sophisticated systems offer the very best safety on the road.
- 8** Allison® 2500 MH 6-Speed World Transmission and electronic shifter comes standard on 36-foot models (Allison 3000 standard on 40-foot models). A 7,000 lb. tow hitch is standard on 36-foot models, while 40-foot models utilize a 10,000 lb. tow hitch — the highest rating in its class.

**WARRANTIES**

- 12 month/24,000 mile basic limited warranty
- 5 year/50,000 mile limited warranty on aluminum or steel frame structure
- 3 year/50,000 mile limited warranty on Roadmaster Chassis

(\*Review your coach's limited warranty in full for complete terms and conditions.)

**AROUND-THE-CLOCK SERVICE AND SUPPORT**

When you take delivery of your new recreational vehicle, it's just the beginning of our exclusive around-the-clock Owner Advantage Program. We offer an extensive support program that provides complete roadside assistance and special motor club benefits that follow you wherever your travels take you. We've teamed up with the largest RV emergency road service company in the country to give you immediate access to fast, dependable service when and where you need it. Add our toll-free service appointment assistance, plus a technical assistance hotline, and you have the security of full-time support at your fingertips.

NEWPORT CHERRY

NEWPORT CHERRY GLAZE

MAKE IT ALL YOUR OWN

Choosing the Neptune was easy. Now, it's time to make it all your own. For 2011, we're pleased to present a stunning array of décor and cabinetry styles and combinations, not to mention four creative floorplans in lengths of 36 and 40 feet from which to choose, including the popular full-wall slide.

<sup>1</sup>Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.

<sup>2</sup>All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

<sup>3</sup>Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Monaco provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Monaco dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications

as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may depict a floorplan option that has been discontinued or is no longer available at the time of your purchase. Photographs may show props or decorations that are not standard equipment. Monaco, the Monaco logo and its design, are registered trademarks. Other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are fair and

reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and printing. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer. Component part and appliance manufacturers issue limited warranties covering portions of the recreational vehicle not covered under the Limited Warranties issued by Monaco RV, LLC. To learn specific details regarding warranty coverage, please contact your selling dealership or review the warranty packet inside the recreational vehicle.
