LUXURY IN THE GREAT OUTDOORS

The way it was meant to be.

Coachmen left no stone unturned designing the new Brookstone Luxury fifth wheel. From the industries tallest slide outs at 6'7" tall, to the industry's largest living area TV at 42" in all floorplans, you will truly come home to luxury every day. The 360RL, shown here in Saddlebrook, gives you the maximum amount of living space with two super slides without sacrificing any storage and has a maximum amount of cabinet space.

Shown above is the kitchen of the 367RL with the optional 12 cubic foot 4 door refrigerator. Dare to compare the storage in the Brookstone to anyone else in the industry! The competition boast 25 doors and drawers in their kitchen, compare that to 35 in a

Brookstone depending on your floor plan and options! You can also see the residential pull out spray faucet that feeds one of the industry's largest sinks.

With the Brookstone kitchen you will not only be the envy of the campground, but every chef that enters. Storage abounds with our custom Hickory cabinet doors and stiles. Du Pont Corian countertops are standard in every Brookstone kitchen. We also supply all of your cooking needs with a standard 30" convection oven as well as a 22" conventional oven with 3 burner range. A remote controlled Create A Breeze Fan and a wine rack with goblet holder finish off your feature packed kitchen. Our extra wide kitchen base drawers will hold all your utensils plus more, and come with full extension ball bearing drawer guides. We also offer a slide out pantry with full extension boxes and solid wood drawer fronts. Additionally, we include a second slide out pantry with a hardwood maple butcher-block top.

No need to ever worry about where to place your laptop when staying in your Brookstone. Every Brookstone has a designated desk space so your computer will always be in one convenient place.

The 367RL, shown here in Saddlebrook, provides a standard 42" TV, along with a luxurious entertainment area and is complete with Corian desktop and optional 5100 BTU electric fireplace.

Coachmen knows RV's. We have put our 40 plus years of experience into each and every Brookstone. We spend countless hours talking to you the customer and listening to your ideas. Every Brookstone is built with you in mind to help you live a comfortable, worry free life, even while away from home.

Brookstone comes with a standard residential 60" x 80" deluxe pillow top queen bed with storage underneath. There are also night stands on each side of the bed, as well as his and her shaded reading lights to give you

all the comforts of home. Our spa inspired luxury bedding is completely reversible from the pillow shams to the bed spread and even the bed scarf! This allows you to change your look whenever you want!

The Brookstone master suite will give you the feeling of a four star hotel every night. The spacious dresser will be sure to hold even the largest items with ease. Brookstone's immense wardrobe boasts cedar lining and shoe storage. The armoire comes standard with lowered doors and washer/dryer prep or can be used for more hanging space. And Don't forget about the standard 32" LCD HD TV to catch all your favorite late night shows.

POPULAR INTERIOR FEATURES

E

A. Custom Hickory cabinet doors and stiles along with DuPont Corian counter tops not only give you storage but style.

B. Full extension ball bearing drawer guides are standard on every drawer we put in a Brookstone

C. Rear entertainment center, with a full width Corian top and TV that moves up or down with the flip of a switch

D. The magic night sleep system sofa is standard in every Brookstone. No need to strain your back and unfold the sofa. With a convenient remote and the press of a button the sofa unfolds and inflates itself. It has a storage drawer underneath!

E. Brookstone's one-piece fiberglass shower has no seams and won't leak like the competitions two-piece plastic shower.

BROOKSTONE

POPULAR EXTERIOR FEATURES

A. Brookstone has an industry best 165 cubic feet of clean and convenient storage! Compare that with the competitors 145 cubic feet. No need to worry about spills with our no mess easy to clean diamond plate material.

rays protecting your investment from fading. Reflecting all solar heat, this keeps your coach cooler and more efficient by running your air conditioner less. They also provide a greater visual barrier than tinted windows.

B. Not only do we have the largest pass through storage in the industry but we also have a third TV mounted on a swing arm contained in the storage area. No need to hassle with moving your bedroom TV outside, there is always one there to enjoy outside under the awning.

E. You want ease of set up? Take a look at the Brookstone docking station. Everything from winterization valves, tank pull handles, phone, satellite, cable city water fill, black tank flush, outside shower, and even a light and 110 outlet, all located in a one piece station that won't leak!

C. Our engineers created Turn Tec technology that works with our specially designed front cap and chamfered frame. No need for a slider hitch with Brookstone.

F. Rear electric jacks make setup a breeze... a standard on every Brookstone.

D. Tinted windows are a thing of the past. Brookstone uses solar reflective windows, which block out 98% of all UV

G. Make a statement when you pull into the campground with our optional paint package.
