SPRINTER by Keystone

Sprinter was Introduced in 1996 as Keystone's first product line, Sprinter's goals remain simple; take the suggestions from our customers and make them the foundation for the Sprinter design. As a result of these efforts, Sprinter offers a new level of affordable luxury.

Food preparation is easier than ever with our new Corian® countertop. Corian® sets the standard when it comes to solid surface. Don't be fooled by imitations. Look for the Corian® seal. The under mount sink is made from the same technology used by the military for body armor. It resists staining, cleans quick and easy and withstands temperatures up to 500 degrees!

318FLS in Basil Decor

Storage, storage, storage....That's what you asked for. Your wish has come true. From our oversized pots and pans drawer to our overhead storage and residential style pantry, we have a place for everything!

Got heavy items? With our full extension steel drawer guides we can handle it!

9" Tall 22" Deep
Remember we said we give you a place to store everything? Well, you can even store all of your kitchen tools out of sight with our oversized pots and pans drawer.

You won't believe how comfortable our air bed sleeper sofa is. It inflates or deflates using either 110 or 12 volt power making it quick and easy to set up when that extra guest arrives.

At Sprinter, we believe camping is about relaxation. With plenty of storage, pleated privacy shades, electrical outlets on both sides of the bed and a comfortable mattress, you will be energized for that full day ahead.

With our new motion detector light you no longer have to worry about four legged intruders on your campsite. With adjustable settings you can set it to pick up the smallest of movements.

Whether you want to get a better view or need to accomplish the dreaded roof cleaning, Sprinter's fully walkable roof provides you with the support you need.

At Sprinter, we believe that beautiful days should be enjoyed outside with friends and family. With a fully equipped outdoor kitchen on models 266 and 311, you can now prepare that family meal while enjoying the company of others outside. Using the 110 volt outlet and cable plug, you won't miss a second of the big game!

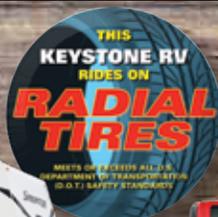

You no longer have to worry about that giant step into your unit. Sprinter's 9" triple radius steps are lower to the ground making entry safer and easier.

Sprinter's Electric Awning has a patented "knee action design awning" allowing it to flex in moderate winds. Adjustable arms make it easy to tilt either side for water run off.

Reasons to Purchase from Your Local Dealer
When you purchase locally, you'll receive a full product orientation at time of delivery. In addition, you'll be introduced to your local dealership's service, parts and warranty staff who will be there should you ever need them. Many dealers put their purchasing customers first when it comes time to getting the coach serviced. Don't underestimate the value a local dealer can add to the enjoyment of your RV experience.

Our radial tires provide better traction for increased safety and better fuel economy all with increasing the life of your tires. Safety is a top priority at Sprinter.
