Cougar has earned the DSI award an unprecedented 4 years in a row!

THE DSI (DEALER SATISFACTION INDEX) AWARD RATES THE LEVEL OF SATISFACTION THE DEALERS HAVE IN A MANUFACTURER. IT RATES MANUFACTURERS IN MANY AREAS SUCH AS: PRODUCT DESIGN, PRODUCT RELIABILITY & QUALITY, WARRANTY SUPPORT, AND PARTS SUPPORT.

POLAR PACKAGE:

The Cougar X-Lite Polar Package expands your camping season with an enclosed and heated underbelly. Not only will you have improved aerodynamics, but your valves, tanks and water lines are all protected.

We also add upgraded insulation to our slide-out floors to control the hot and cold exchange.

X-LITE
PATENT
PENDING
FRONT CAP

X-Lite's stylish aerodynamic patent pending front cap offers both style and convenience with E-Z access LP, battery control and LED docking lights.

Full depth drawer guides create smooth accessibility to your utensil tray.

Setting up and taking down your awning is easier than ever with the all new Cougar adjustable electric awning.

Cougar X-Lite has Set the Standard

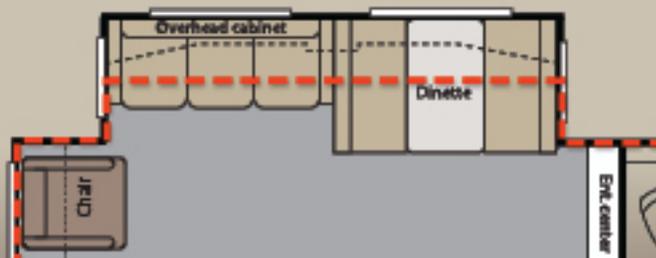

OUTDOOR COOK CENTER

Cougar X-Lite takes good ideas to the next level. The Cougar 29RBK features a full service outside kitchen which includes a refrigerator, stove top, sink and extendable countertop all without sacrificing valuable sleep space.

You'll appreciate the extra livability of X-Lite's larger slide rooms.

X-Lite's 38" deep slide room

Unlike most lightweight travel trailers, Cougar X-Lites have full depth 38" slide-outs.

Coupled with a conveniently located LP quick connect, X-Lite offers an optional BBQ grill to make campsite cooking quick and easy.

Cougar X-Lite comes outfitted with a black tank flush hook-up. This feature keeps the black tank clean and trouble free.

Exclusive to Cougar X-Lite, the Comfort Camp I mattress is built with a residential look and feel, is double quilted and has double the support of the industry standard mattresses.

U-Shaped dinettes are standard in most Cougar X-Lite travel trailers.

X-LITE VAULTED CEILING

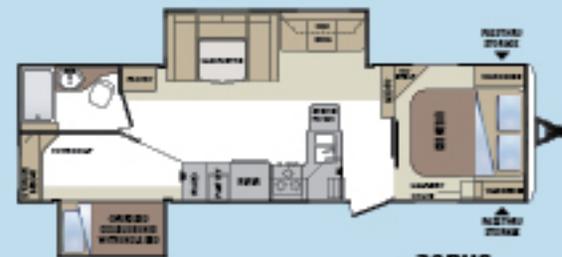

The upgraded look and feel of X-Lite's vaulted ceiling provides more head room with extended ceiling heights without affecting overall unit height.

XV is Forward Thinking

The 60/60 Rule of Cougar XV

»» *Forward Thinking.*

The Cougar X-V 30FKV pictured above is a prime example of how the Cougar X-V uses "forward thinking" to design unique floorplans that are not available in conventional travel trailers.

The X-V Series features two 20lb. LP tanks that make it easy to refuel at any propane exchange. The convenient sliding battery box is sealed and lockable for your battery's protection.

The V-Shock Suspension System was specifically designed to extend the v-nose even further over the a-frame while maintaining maximum performance. Another example of X-V's forward thinking that is exclusive to Cougar X-V.
