## WHAT IS BULLET?

The Bullet is a full-featured ultra lite travel trailer designed to be towed by the new fuel-efficient SUVs, crossover vehicles and 1/2-ton pick-up trucks.

### CONVENIENCE, COMFORT AND STYLE

While other ultra lite trailers cut corners to save weight, with Bullet you enjoy ultra lite towing without sacrificing features and eye appeal. For example, Bullet's sleek aerodynamic front profile, wide-stance axle system, and contoured fender skirts create a trailer that tows with ease and looks great. Front diamond-plate rockguard, LED docking lights, radius crowned roof, lighted pass-thru storage, gas-strut entrance door assist, raised solid wood cabinet doors and electric awning are more features you'll find in the Bullet that you won't see on other ultra lites.

Bullet's attention to detail doesn't stop with the exterior. Inside Bullet you'll appreciate the plush, high back sofa, upgraded fabrics, window night shades, solid hardwood raised-panel cabinet doors, 9" single basin kitchen sink, spice rack valance, and comfortable queen-sized bed with innerspring mattress. You will truly feel at home. Bullet's careful attention to detail and thoughtful use of space result in the most livable ultra lite on the market today.

### #1 MANUFACTURER

**1** SECURE LOCK TENT DOORS

**2** EXTRA LARGE DOOR LOCKS & FULL LENGTH EXTRUDED DOOR HINGE

## WHAT IS MICRO SERIES?

Our Micro Series has been specifically engineered to maximize sleeping capacity while keeping both weight and overall length of the trailer in mind. Without sacrificing the look, comfort and amenities found in the regular Bullet, the Micro Series also offers the latest in hybrid technology:

- 1** Our "Secure Lock Tent Doors" (LCI) makes setting up and tearing down your hybrid a breeze. You no longer have to worry about awkward support bars or the tent canvas not being properly sealed to the tent door.
- 2** Extra Large Door Locks provide a tighter seal over more surface area. The Full Length Extruded Door Hinge eliminates gaping voids when door is in open position.
