Units

BUILT FOR THE LONG HAUL

ST27FB Living area shown with Chocolate décor.

We don't believe in sacrificing comfort and beauty to achieve lightweight towing. Through ingenious engineering and design, Sunset Trail achieves both. Step inside and look around these beautiful interiors, and it's hard to imagine that these are ultra lite units. You'll find an abundance of innovative features such as the two-way entertainment center that allows TV viewing from the bedroom or living area. Rich decors, comfortable furnishings, and large storage capacity create easy going lifestyle.

SUNSET TRAIL QUALITY CONSTRUCTION

**R-values based with POLARTEC upgrade insulation package. All R-values are approximated using industry resources and are subject to change without notice.

PolarTec (Available Upgrade Insulation Package)
 CrossRoads RV tested its products in the Dometic extreme temperature chamber. With superior construction and higher R-Values, CrossRoads products exceeded the competition. The furnace in our products cycled longer at extreme cold temperatures than our competitors. In some cases, our competitor's furnaces didn't even cycle at all.

CONSTRUCTION STANDARDS

1. One-piece rubber roof with 12 yr. manufacturer's warranty
2. 3/8" Walkable plywood roof decking
3. 16" OC metal roof rafters
4. R-15 spun fiberglass sidewall insulation**
5. Radius blocks
6. Lamilux fiberglass exterior
7. 16" OC aluminum - sides, front & back
8. Gravel shield
9. 30" Radius entry door
10. 13,500 BTU ducted A/C *
11. 6", 8" or 10" I-beam frame (varies by model)

Dependability that Lasts

What our competitors don't want you to see! Our aluminum frames are bolted not welded. This makes them much stronger and gives them a longer life. Poorly welded frames come apart and are costly to fix.

Standards stated throughout this brochure are partial lists only. See your dealer or visit www.crossroadsrv.com for a complete listing.
