**ACCESS PREMIER 31CP** Silverstone Full-Body Paint

**SMARTSPACE**

**31CP** Winter Moss with Coffee-Glazed Sierra Maple

**2011** Access  
**2012** Access Premier

Family-friendly and full of fun, the Winnebago Access® is your ticket to adventure. Five floorplans each incorporate SmartSpace™ design elements that make the most of every inch. Choose the Access Premier Package (NA 24V) for select interior upgrades and enhanced

exterior styling, including a fiberglass front cap, fiberglass running boards and available full-body paint. Whether it's a weekend getaway or an extended vacation, family time is just more fun in the extremely livable, easy-to-drive Winnebago Access.

## The Choice is Yours

Selecting your perfect motor home begins with choices and the Access and Access Premier have plenty to offer. Choose the front bunk or the overhead entertainment center (NA 26Q/26QP) with a 32" LCD TV, home theater sound system and DVD player. A 19" LCD TV with DVD player can be added if you select the bunk. Both TVs come with a video selection system that allows you to watch DVDs on the bedroom TV while your partner is watching other programming on the lounge TV.

The galley includes all the essentials for meals on the road, including a three-burner range and a microwave oven. A conventional oven is also available for added cooking flexibility.

The 26Q/26QP comes with a 26" LCD TV on a swivel mount above the galley that can be viewed from both the couch and bunk.

31CP Winter Moss with Coffee-Glazed Sierra Maple

### Color Touch Screen

The available RV Radio® with LCD touch screen panel is easy to operate, includes a built-in weatherband and incorporates the color rearview monitor.

**Comfort Sofa Sleeper** This available sofa easily folds out into a bed and features a mattress that quickly inflates and deflates using a built-in power source (26Q/26QP & 31C/31CP).

**Recognized Quality** The Recreation Vehicle Dealer Association bestows its annual Quality Circle Award to the manufacturers that provide exceptional products, service and support. Only one manufacturer has received this honor for fourteen consecutive years: Winnebago Industries.®

## Amenities Abound

Overnight guests are easy to accommodate with up to four sleeping areas, including bunk beds in the 31J/31JP. The bathroom offers upscale amenities such as a flexible showerhead and a retractable shower door that squeegees itself clean as it opens (curved glass shower door 31N/31NP). A third water pump switch allows the pump to be turned on and off in the bathroom, at the control panel and at the available exterior wash station. The water heater upgrade comes with the motoraid on-the-go water heating system that produces hot water while you drive, rear auto heater and an Energy Management System that automatically shuts off the water heater when the microwave is in use to help prevent tripped campground circuits (NA 24V).

Clever storage spaces let you bring more with you. The 26Q/26QP and 31C/31CP have a large side storage compartment with a drain plug to store wet gear or keep drinks on ice. It even includes a recessed area with a removable cover that serves as your picnic table when enjoying the great outdoors.

**Bedroom TV** Catch the late news or your favorite show as you relax in the comfort of your bed with the available 19" LCD TV.

# Access PREMIER

## Take Your Access to the Next Level

The Access Premier Package is for those looking to get the most from their motor home experience. It includes a host of additional standard features plus optional full-body paint that is only available with the Access Premier Package. A whole new world of opportunities opens up for you when you travel in the Access Premier.

# No Shortcuts – No Compromises

You can compare features. You can compare styles. But when it comes to quality construction, there is no comparison. Only motor homes manufactured by Winnebago Industries harness the legendary strength and durability of our SuperStructure® construction process—a process we've been perfecting for more than 50 years.

SuperStructure means a solid framework, steel and aluminum substructures and components built in-house to our exacting standards. It means managing each detail to ensure the integrity and quality of every coach. It means barcoding parts to save time during service and running every coach through a gauntlet of tests, including a high-pressure water test, before it leaves the factory.

Where other manufacturers cut corners, SuperStructure ensures the features you can't see are treated with the same care as the ones you can. When you buy a Winnebago motor home, you are getting a coach that is built for you—and built to last.

The one-piece **fiberglass roof** is backed by a 10-year limited parts-and-labor roof skin warranty. Fiberglass offers superior strength and durability over less attractive rubber roofs found on so many competitive models that can streak and degrade over time.

Durable, lightweight **Thermo-Panel® sidewalls** combine fiberglass, high-density block-foam insulation and the inner wall surface with aluminum support structures.

**Metal substructures** secure cabinets and appliances to add safety and stability.

An **electrodeposition coating** helps protect critical steel components.

## SUPER STRUCTURE

Specially engineered **interlocking joints** connect the floor, sidewalls and roof into a cohesive unit.

## CHASSIS

### Ford® E350 Chassis (24V)

- 305-hp 6.8L Super-Duty V10 SEFI Triton® engine
- TorqShift™ 5-speed automatic transmission w/overdrive
- 120-amp. alternator

### High-mount brake lamp

## WARRANTY<sup>7</sup>

**12-month/15,000-mile basic warranty,<sup>8</sup> 36-month/36,000-mile limited warranty on structure,<sup>8</sup> 10-year limited parts and labor warranty on roof skin<sup>8</sup>**

- <sup>1</sup> The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- <sup>2</sup> Access and Access Premier floorplans feature a wide-body design – over 96". In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
- <sup>3</sup> The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.
- <sup>4</sup> Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- <sup>5</sup> Capacities shown are tank manufacturer's listed water capacity (WC). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- <sup>6</sup> Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
- <sup>7</sup> See separate chassis warranty.
- <sup>8</sup> See your dealer for complete warranty information.
