CRUSADER

Within us all, there's a calling to achieve ever-greater things; a search for a higher standard. In creating Crusader, we asked our engineers and design team to throw caution to the wind and engage in serious "outside the box" thinking. We challenged them to think beyond the status quo and reach for product innovations not currently offered. We said, "Make Crusader a new icon for the 21st century." Needless to say, they took the challenge to heart.

The result of their efforts represents a new standard in fifth wheels — A HIGHER STANDARD — Crusader.

**A HIGHER
STANDARD**

270RET Shown with Autumn Mocha Décor

Crusader is unlike any fifth wheel in its class. On the outside, our fifth wheel experts have combined advanced engineering and design with best-in-class features to create a fifth wheel that looks great, tows easily, and maximizes convenience. On the inside, Cherry hardwood cabinetry and solid surface kitchen countertops carefully work together to make a lasting first impression. Your comfort and relaxation will be guaranteed with an abundance of upgrades such as a 42"

LCD television, RCA home theatre DVD system, residentially inspired furniture, and Crusader's Ever Rest® select foam mattress. Your long-term peace of mind is assured with Crusader's durable ETERNABOND construction and Leak Guard protection process.

Inside, outside, or under the surface, if you want a better fifth wheel – one built to a higher standard – you want Crusader.

PRIME TIME MANUFACTURING ENCOURAGES YOU TO BUY LOCALLY

Prime Time strongly encourages our retail customers to purchase from their local dealership whenever possible due to the following factors:

- (1) Our Dealers are as a rule, independently owned and operated businesses. Outside of those customers they personally sold products to, they are not contractually obligated to perform warranty service on Prime Time products that were purchased elsewhere. Often times, you may be required to return to the point of purchase to satisfy warranty requirements.
- (2) Although many dealerships will eventually service products not purchased at their place of business, they will usually take care of their own customers first with additional priority given to transient owners who are traveling away from their home dealership.
- (3) Local purchases allow a customer to establish a relationship with a dealer close to home that offers many benefits:
 - The opportunity for a thorough PDI (Pre Delivery Inspection) and product orientation.
 - Quick and convenient service and warranty scheduling.
 - Access to yearly maintenance and service refresher courses.
 - The ability to get questions answered quickly and conveniently.
- (4) For our Canadian customers, there are also requirements which must be met to bring an RV purchased out of the country to their home. Although not insurmountable, these requirements may involve such things as additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.

Prime Time's goal is for all RV Owners to fully enjoy their RV experience. In light of this goal, and considering the advantages of buying local, we encourage you to be thorough when determining what product to purchase and which dealer to purchase it from as both are key to your ultimate satisfaction and the realization of your dreams.
