2011 Allegro RED® with Silver Sand Exterior

Allegro RED

Discovery is the real adventure. What better way to travel this great country of ours than in the 2011 Allegro RED from Tiffin Motorhomes? Built with the quality, comfort, and affordability of our popular Allegro model, the Allegro RED is powered by the might and muscle of a Rear Engine Diesel (RED) – and the added benefits are impressive. Increased torque and horsepower will tackle steep hills and tight turns with authority. Better fuel efficiency lets you log more miles for less gas, while roomier interior space and a quieter cab result in higher levels of passenger comfort. The optional surround sound system with DVD player will also be a crowd favorite. Outside, your choice of five premium exterior colors is sure to be admired by other RV drivers as you breeze past them on the road, as will the exceptional Tiffin warranty unequaled in the industry.

2011 ALLEGRO RED / **LIVING AREA**

Expand your horizons and your living area. The Allegro RED surrounds you with all the comforts and conveniences of home wherever the day may take you. The living area is a lesson in space-saving design, capable of providing what an active family needs on the go. With an entertainment center, the kids will never miss the latest action flick, and with the optional 32" TV in the cockpit, sports fans won't miss a single play. No need to sacrifice personal style, either. Custom-built cabinets in neutral tones and three new interior color schemes leave plenty of room for your decorative flare. Home cooking on the road couldn't be easier in the organized, fully equipped kitchen. The option of a residential refrigerator offers plenty of room to stock the ingredients for your favorite recipes. Busy cooks will appreciate the quick cleanup of the solid surface backsplash, and the optional central vacuum system will come in handy for everyone.

2011 ALLEGRO RED / **COCKPIT**

Passion for the road with the power to match. From the moment you start the engine, you'll realize this is the driving experience you've dreamed about. Behind the wheel of the Allegro RED, you are in complete command of the road, supported by the easy handling, comfortable maneuverability, and muscular horsepower and torque of a rear engine diesel. Smart organization gives you more control in the cockpit, too, from the easily accessible dashboard tools to the tilt steering wheel and enclosed map area. And who can say no to more power? Outside the cab, a power patio awning lets you take charge of the elements, providing the shade and protection of an aluminum weather shield with a flip of a switch.

2011 ALLEGRO RED / **BEDROOM**

A good night's sleep never had it so good. After a busy day of camping, fishing, or tailgating, there's only one place you'll want to be, and that's tucked into your queen-sized bed with innerspring mattress that comes standard in the Allegro RED. Night owls can catch a late movie on the 32" TV before retiring. There's no need to lose sleep worrying about where to accommodate family and friends. They'll be snoozing comfortably on the optional bunk beds and sleeper sofa. Everyone's luggage will be safely put away, too, along with other supplies, courtesy of under-coach storage space ranging from 57 to 155 cubic feet. Come morning, you'll greet the day recharged and ready to do it all again.

2011 ALLEGRO RED / **BATHROOM**

Your personal retreat within a retreat. Close the door and the world goes away, leaving you in the peace of the separate bathroom. With a closed-off lavatory, an optional separate shower stall, and opaque shades, you'll enjoy a comfortable level of privacy throughout all quarters. A large fiberglass shower and bronze vanity faucet come standard, as does the durable, easy-to-clean tile flooring. Among the design details are nice surprises, such as custom-crafted cabinetry and a shower skylight that lets you bathe under the sun and stars. It's everything you need to emerge refreshed and renewed.
