24J Hemisphere with Sunset Cherry

2011 View View Profile

The Winnebago View® and View Profile created the Sprinter-based motor home category and continue to lead the way in stylish, fuel-efficient fun and adventure. It starts with the Mercedes-Benz® Sprinter chassis with new clean-diesel emission technology for improved performance and even better mileage.

Inside, you'll find user-friendly features such as the MCD American Solo® blackout roller shades, normally reserved for luxury motor coaches, which come standard on the View and View Profile. For weekend trips or extended travels, enjoy the ride and the stay in the Winnebago View or the streamlined View Profile.

Let the Show Begin

The View gives you the choice of an available front overhead entertainment center with a 32" LCD TV and large storage cabinets or a standard overhead bunk for extra sleeping space. The bunk option comes with a 19" LCD TV above the entrance door on the View 24J or a 26" LCD TV angle-mounted near the dinette on the View 24K. Both connect to the lounge stereo system and DVD player. The cab seats rotate to become integral living area seating and they can be upgraded to soft, easy-to-clean UltraLeather.™

MCD American Solo blackout roller shades come standard throughout the coach and operate with a simple touch. The View's popular interior upgrade package includes MCD American Duo® solar/blackout roller shades, sofa throw pillow, removable carpet in the cab area, a galley backsplash, a wood sink cover and a stainless steel refrigerator facade.

24J Hemisphere with Sunset Cherry

Entertainment Center Select the overhead entertainment center for a 32" LCD TV and additional storage.

Coach Stereo The coach stereo includes AM/FM and a CD/DVD player.

Recognized Quality The Recreation Vehicle Dealer Association bestows its annual Quality Circle Award to the manufacturers that provide exceptional products, service and support. Only one manufacturer has received this honor for fifteen consecutive years: Winnebago Industries.®

Dinnertime

Style meets function in the View with modern cabinetry in Sunset Cherry or Mocha Cherry that pleasantly surprises with an abundance of storage. Standard appliances include a microwave/convection oven, two-burner range with glass flip top and a large refrigerator/freezer. For a more upscale look, choose the available interior upgrade package, which includes a galley backsplash, stainless steel refrigerator facade and wood sink cover for added prep space. The available water filtration system provides filtered, cold water from the galley faucet.

Sit down to a nice meal in the BenchMark® full-comfort dinette. It features innerspring cushions that flip up to access underseat storage. The dinette also easily converts into a cozy sleeping space.

24J

Full-Extension Drawers Drawers are sized to maximize storage space and open fully on full-extension slides for easy access.

Stainless Steel Select the interior upgrade package for this stainless steel refrigerator facade.

Ready, Set, Sleep

A comfortable bed is key to a great night's sleep. The View 24J ups the ante with a bed that is not only plush and comfortable, but also lifts up to reveal a large storage space in its base. A sofa/bed is standard on the View 24K and available on the 24J. Both models feature front overhead bunks and the standard Bench-Mark dinette that easily converts to a cozy sleeping space. The bathroom maintains a residential feel with satin nickel hardware, a matching stainless steel sink and a china toilet.

24J Hemisphere with Sunset Cherry

Bathroom The bathroom features cabinets adorned with satin nickel hardware.

Shower The shower door squeegees itself clean as it retracts.

For Your Driving Pleasure

Both the View and View Profile are built on the Mercedes-Benz Sprinter chassis, making them exceptionally easy and enjoyable to drive. The RV Radio® comes standard and can be enhanced if you add the 6.5" LCD touch screen that functions both as the RV Radio and rearview color monitor. The Sirius® Plug-N-Play satellite radio system can be added for additional programming. It comes with a complimentary six-month subscription.

Cab windows feature available built-in pleated shades for added privacy. A dash appliqué is also available for a more upscale appearance. Sit outside beneath the awning and listen to music from the coach stereo system on the available exterior speakers. This feature includes a remote extender that gives you full control with the stereo remote.

Monitor Panel The improved monitor panel gives you an at-a-glance view of all your key systems.

Service Center Clean up in the service center that includes a wash station and a lighted pump switch.

TrueLevel The TrueLevel™ tank monitoring system uses sonar technology for accurate tank levels every time.

Touch Screen Panel Upgrade your RV Radio with a 6.5" LCD touch screen that functions both as the RV Radio controls and the color rearview monitor.

View PROFILE

The View Profile is packed full of space-saving innovation such as cab seats that not only slide and recline, but swivel to face the living area. The 26" LCD TV is mounted on a telescoping bracket that swivels into ideal position no matter where you sit. The TV connects to the lounge stereo system with DVD player, so don't forget to bring your favorite movies.

The galley smartly places everything you need to make meals on the road in a modest footprint. This includes a two-burner range, microwave/convection oven, and a vented range hood. A cold-water filtration system can be added for delicious, on-demand drinking water.

The rear slideout provides extra room for the queen bed and the Comfort Sofa Sleeper in the lounge area easily converts into a comfortable bed with a mattress that inflates and deflates with a built-in pump. Add the 19" LCD TV to soothe yourself to sleep.

VIEW PROFILE FEATURES:

- Low-Profile Front Cap Styling
- Comfort Sofa Sleeper
- Bedroom Slideout w/Queen Bed
- Single-Door Refrigerator/Freezer With Removable Freezer Unit
- Skylight In Front Cap w/Pleated Shade
- Powered Galley Roof Vent

24G Platinum with Sunset Cherry

24G Platinum with Sunset Cherry

Galley Stylish cabinetry is sized to maximize storage space. Flip-up range and sink covers expand your counter space. The refrigerator has a removable freezer compartment for travel flexibility.

24G Platinum with Sunset Cherry

Storage The bedroom slideout creates an expansive retreat with a queen bed and a wardrobe with drawers below.

Comfort Sofa Sleeper

This sofa on the 24G opens up to reveal a bed with self-inflating mattress.

1. By day it's a plush sofa.

2. At night, the sofa easily folds out into a bed.

3. The mattress quickly inflates and deflates using a built-in power source.

No Shortcuts – No Compromises

You can compare features. You can compare styles. But when it comes to quality construction, there is no comparison. Only motor homes manufactured by Winnebago Industries harness the legendary strength and durability of our SuperStructure® construction process—a process we've been perfecting for more than 50 years.

SuperStructure means a solid framework, steel and aluminum substructures and components built in-house to our exacting standards. It means managing each detail to ensure the integrity and quality of every coach. It means bar-coding parts to save time during service and running every coach through a gauntlet of tests including a high-pressure water test before it leaves the factory.

Where other manufacturers cut corners, SuperStructure ensures the features you can't see are treated with the same care as the ones you can. When you buy a Winnebago motor home, you are getting a coach that is built for you—and built to last.

The crowned, one-piece **fiberglass roof** is backed by a 10-year limited parts-and-labor roof skin warranty. Fiberglass offers superior strength and durability over less attractive rubber roofs found on so many competitive models that can streak and degrade over time.

Durable, lightweight **Thermo-Panel® sidewalls** combine fiberglass, high-density block-foam insulation and the inner wall surface with aluminum support structures.

Metal substructures secure cabinets and appliances to add safety and stability.

An **electrodeposition coating** helps protect critical steel components.

Specially engineered **interlocking joints** connect the floor, sidewalls and roof into a cohesive unit.

SUPER STRUCTURE®

OPTIONAL EQUIPMENT

A/C heat pump

ELECTRICAL SYSTEM

Service Center: cable TV input, 30-amp. power cord, portable satellite dish hookup, QuickPort® (24K, 24G) service connection hatch

Auxiliary start circuit

Battery disconnect system (coach)

Automatic dual-battery charge control

LP generator prep kit

AC/DC load center, 45-amp. converter/charger

2 deep-cycle Group 24 RV batteries

OPTIONAL EQUIPMENT

3,200-watt Cummins Onan® diesel generator

3,600-watt Cummins Onan MicroQuiet™ LP generator

Diesel generator prep kit

300-watt DC/AC inverter

PLUMBING SYSTEM

Service Center: color-coded labels, city water hookup/tank diverter fill, drainage valves, exterior wash station w/lighted pump switch (24J, 24K)

10' sewer hose

TrueLevel™ holding-tank monitoring system

6-gallon 110 V/LP water heater w/EMS

LP Tank w/remote fill w/power switches

Winterization Package: water heater bypass valve and siphon tube

On-demand water pump

Exterior Wash Station: pressurized city water hookup/tank diverter fill

OPTIONAL EQUIPMENT

Heated drainage system

SAFETY

Dual airbags

Seat belts

LP, smoke and carbon monoxide detectors

10 BC fire extinguisher

Ground fault interrupter

Child seat tether anchor (24J)

High-mount brake lamps

Daytime running lamps

WARRANTY⁶

12-month/15,000-mile basic warranty⁷, 36-month/36,000-mile limited warranty on structure⁷, 10-year limited parts-and-labor warranty on roof skin⁷

- ¹ The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- ² The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.
- ³ Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- ⁴ Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- ⁵ Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
- ⁶ See separate chassis warranty.
- ⁷ See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago Industries® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available at printing.
