NAVION | NAVION iQ

NAVION or NAVION iQ

Which is right for you?
Details on page 8.

On the cover: Navion 24K Bright Platinum II Deluxe Graphics
Navion iQ 24G Cappuccino Full-Body Paint

MAKE THE INTELLIGENT CHOICE

The Itasca Navion® created the Sprinter-based motor home category, and from the surprisingly open floorplans of the Navion to the sleek design of the Navion iQ, you have choices for fun and adventure. The Mercedes-Benz® Sprinter chassis gets your vacation started with awesome performance and impressive

fuel mileage thanks to new clean diesel emission technology. Premium amenities such as MCD American Solo® blackout roller shades make every model a joy for weekend getaways or extended travels. Enjoy more features, more fuel efficiency and more of what you love in the 2011 Itasca Navion and Navion iQ.

DESIGNED FOR ENTHUSIASTS

Owners love their Itasca motor homes, and with good reason. The Recreation Vehicle Dealer Association annually bestows the Quality Circle Award to manufacturers that provide exceptional products,

service and support. Only one manufacturer has received this award for fifteen consecutive years: Winnebago Industries®, proud manufacturer of the Itasca Navion and Navion iQ.

SURROUNDED BY FUN

The available overhead entertainment center is a popular option in the Navion. It comes fully loaded with a 32" LCD TV and additional storage compartments. Traveling with kids? Then the overhead bunk may be just right for you. With the added sleeping space of the bunk, you still can enjoy the 19" LCD TV on the Navion 24J or 26" LCD TV on the Navion 24K. Both are positioned for optimal viewing. The coach stereo system includes a

CD/DVD player so you can enjoy movie night wherever you travel.

When you are parked, the cab seats rotate to face the living area—a rare feature in a Class C coach. MCD American Solo blackout roller shades come standard or you can upgrade to Duo® solar/blackout roller shades for more privacy options when you select the interior upgrade package.

Interior Amenities:

- Available Overhead Entertainment Center
- Stereo System with CD/DVD Player
- MCD American Solo Blackout Roller Shades
- Swivel Cab Seats
- Available Interior Upgrade Package

LET'S EAT

Quick snacks and full meals are easy options with the microwave/convection oven. The two-burner range adds to your cooking repertoire and even comes with a flip-up glass cover to increase your countertop space when not in use.

Add the interior upgrade package that includes a kitchen backsplash, a wood sink cover and a stainless steel refrigerator door facade for an upscale look. A cold water filtration system is also available on all models and supplies fresh, filtered drinking water any time.

Drawers are sized to maximize storage capacity and fully extend for easy access to all your stored items.

The Benchmark® full-comfort dinette on the Navion 24J and 24K includes flip up seat(s) for easy access to storage below, innerspring seat cushions for added comfort and quickly converts to a comfortable sleeping space.

Kitchen Features:

- Microwave/Convection Oven
- Stainless Steel Refrigerator Door Facade (w/Available Interior Upgrade Package)
- Full-Extension Drawer Slides
- Available Water Filtration System

NIGHTTIME DELIGHT

The corner bed on the Navion 24J lifts up to access storage below. The Navion 24K features a sofa bed. Both models also offer the overhead bunk and the BenchMark dinette that converts to additional sleeping space. The bathroom offers upscale features such as satin nickel

hardware, a stainless steel sink and a porcelain toilet. Enjoy the extra headroom and light afforded by the skylight in the shower. The shower also features a retractable door that self-cleans as it opens and closes.

24J Tuscan Lights with Sunset Cherry

Bath Amenities:

- Shower Skylight
- Retractable Shower Door (24J, 24K)
- Porcelain Toilet

ROAD TRIP

Let the music play on the RV Radio® that features AM/FM stereo, CD player, easy-to-operate controls and a weather band. Upgrade your RV Radio with a 6.5" LCD touch screen that functions both as the RV Radio controls and the color rearview monitor. Available built-in pleated blinds in the cab offer total privacy at the campground.

You can also add the Sirius® satellite radio system for over 100 digital channels and a complimentary six-month subscription. The OnePlace monitor panel helps you manage your systems and check tank levels. They are always accurate thanks to the TrueLevel™ monitoring system that uses sonar technology to measure liquid levels from outside the tank rather than probes that corrode or clog.

The available powered awning lets you create a shady area at the touch of a button. Fill the air with music when you add the exterior speakers that connect to the coach stereo system and can be controlled by remote.

Controls in the service center are color-coded and clearly labeled. The exterior wash station is great for easy clean-ups.

Exterior Features:

- Available Powered Awning
- Available Exterior Speakers
- Exterior Wash Station
- Automatic Entrance Step(s)

THE 2011 NAVION iQ

A SMARTER COACH BY DESIGN

The Navion iQ 24G is a fresh approach to what a Class C motor home can be. It incorporates the SmartSpace™ philosophy to make the most of every inch of available space. Cab seats turn to face the living area, the LCD TV extends and swivels to be seen from almost any angle and the coach stereo system includes a CD/DVD player so you can watch your favorite movies on the road.

A two-burner range and microwave/convection oven with vented range hood are neatly packed into a very functional kitchen. Glass sink and range covers add to your workspace.

The 24G bedroom includes a spacious slideout with queen bed. The Comfort Sofa Sleeper in the living area easily turns into a comfortable bed with a mattress that inflates and deflates with its own built-in pump. The bedroom also features an available 19" LCD TV and a generous wardrobe.

Comfort Sofa Sleeper

This 2-in-1 sofa in the 24G redefines comfort and convenience.

- 1) By day it's a plush sofa.
- 2) It converts easily into a bed.
- 3) The mattress inflates and deflates with an automatic pump.

Navion iQ Features:

- Low-Profile Front Cap Styling
- Comfort Sofa Sleeper
- Bedroom Slideout w/Queen Bed
- Single Door Refrigerator/Freezer with Removable Freezer Unit
- Skylight in Front Cap w/Pleated Shade
- Powered Roof Vent (Kitchen)

No Shortcuts – No Compromises

You can compare features. You can compare styles. But when it comes to quality construction, there is no comparison. Only motor homes manufactured by Winnebago Industries harness the legendary strength and durability of our SuperStructure® construction process—a process we've been perfecting for more than 50 years.

SuperStructure means a solid framework, steel and aluminum substructures and components built in-house to our exacting standards. It means managing each detail to ensure the integrity and quality of every coach. It means barcoding parts to save time during service and running every coach through a gauntlet of tests, including a high-pressure water test, before it leaves the factory.

Where other manufacturers cut corners, SuperStructure ensures the features you can't see are treated with the same care as the ones you can. When you buy an Itasca motor home, you are getting a coach that is built for you—and built to last.

The crowned, one-piece **fiberglass roof** is backed by a 10-year limited parts-and-labor roof skin warranty. Fiberglass offers superior strength and durability over less attractive rubber roofs found on so many competitive models that can streak and degrade over time.

Specially engineered **interlocking joints** connect the floor, sidewalls and roof into a cohesive unit.

Durable, lightweight **Thermo-Panel® sidewalls** combine fiberglass, high-density block-foam insulation and the inner wall surface with aluminum support structures.

Metal substructures secure cabinets and appliances to add safety and stability.

An **electrodeposition coating** helps protect critical steel components.

SUPER STRUCTURE

Winterization Package: water heater bypass valve and siphon tube

On-demand water pump

Exterior Wash Station: pressurized city water hookup/tank diverter fill

Optional Equipment

Heated drainage system

Safety

Dual airbags

Seat belts

LP, smoke and carbon monoxide detectors

10 BC fire extinguisher

Ground fault interrupter

Child seat tether anchor (24J)

High-mount brake lamps

Daytime running lamps

Warranty⁶

12-month/15,000-mile basic warranty,⁷ 36-month/36,000-mile limited warranty on structure,⁷ 10-year limited parts-and-labor warranty on roof skin⁷

1 The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.

2 The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.

3 Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.

4 Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.

5 Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

6 See separate chassis warranty.

7 See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago Industries® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available at printing.
