BAJA

AMERICA'S MOST LIVEABLE RVs.

TRUE VALUE OF OWNERSHIP

With Jayco, you get more amenities, more liveable, home-like features and superior construction for better durability and greater resale value. **Simply put, you won't find another RV packed with more TRUE VALUE — from the time of purchase to the time you sell.**

- + 2-year warranty
- + more standard features
- + more brand-name components
- + less maintenance
- + better resale value

True Value of Jayco Ownership

Learn more about Jayco's True Value by finding the blue arrows  throughout this brochure.

AMERICA'S MOST LIVEABLE RVS.

CERTIFIED GREEN

All Jayco products are green certified by TRA Certification Inc., an independent, third-party certification agency. Our camping trailers earned gold certification through the use of sustainable materials, environmentally-friendly production methods, energy-efficient components and reduction of waste.

WARRANTY

WE BACK OUR PRODUCTS FOR 2 YEARS. ASK OUR COMPETITION WHY THEY DON'T.

You want your RV to last a long time. And nobody backs their RVs better than we do. Our exclusive two-year Co-Pilot Warranty is the best in the business and provides assurance that you'll enjoy your purchase for many years. We also back our camping trailers with lifetime warranty coverage on our lifter system, roof, floor and frame and a five-year warranty coverage on our tent.

Have fun out there.

Packed with high-quality amenities and low-maintenance features—including an advanced lifter system that makes setting up fast and easy—our camping trailers are easier to maneuver, easier to store and easier to tow than larger units. And compared to a tent, they're way more comfortable and weather-resistant, making them the perfect place to spend time with your friends and family, without spending a fortune to do so.

↑ CONVENIENT

Innovative storage options, low-maintenance vinyl flooring, a full kitchen with hot and cold-running water, an outside shower (n/a on 806) and optional heated bed mats are just a few special touches.

↑ EASY TOWING

Keep your camping trailer in towing shape with our E-Z Lube axles and TorFlex independent torsion axle suspension (n/a on Baja).

↑ PATENTED LIFTER SYSTEM

Fully enclosed to protect against rust and road debris, our patented lifter system uses strong, flexible push-rods to guide the roof up as you crank, while tubular lift posts with nylon bushings have no edges to chafe our DuraTek tent.

↑ LIVEABLE FEATURES AND AMENITIES

Every Jayco comes packed with features and amenities designed to make your life easier and family time more enjoyable.

3-WAY REFRIGERATOR

The refrigerator runs on propane, electric or battery, so your food will stay cold, no matter where you go (Jay Series Select HW and Baja).

OUTSIDE SHOWER

It's the perfect place to clean up after a hard day of playing (n/a on 806).

SOFT SHADES

Jayco's hand-crafted SoftShade window valances provide beauty and functionality.

FRONT STORAGE BOX

Keep your gear safe and secure in the convenient front storage box (optional on Baja only).

A TRADITION OF LIVEABILITY

Starting with our first lifter system for fold-down campers in 1968, which made for an easier, more enjoyable camping experience, Jayco has always been about liveability. Today, we're the world's largest family-owned RV manufacturer, yet our priorities remain the same: making RVs more liveable and family time more memorable.

16,000-BTU FURNACE

Stay warm with our camping trailer's 16,000-BTU furnace with auto ignition (optional on Jay Series and Baja; standard on Jay Series Select HW).

MULTI-MEDIA SOUND SYSTEM

Have a great time inside or out thanks to the optional stereo with AM/FM/CD/MP3 jack and interior and exterior speakers (part of the Customer Value Package on Jay Series Select HW and Baja).

TRUE VALUE OF OWNERSHIP

With Jayco, you get more amenities, more liveable, home-like features and superior construction for longer durability and a better resale value. Simply put, you won't find another RV packed with more *true value*—from the time of purchase to the time you sell. Don't believe us? Run through this list. The check marks don't lie.

US THEM

2011 CAMPING TRAILERS

- 2-year Co-Pilot warranty with 1-year roadside assistance
- Above-floor, fully enclosed patented lifter system (lifetime warranty)

- Corrosion-resistant frame (lifetime warranty)
- E-Z Lube axles
- Ball bearing drawer guides with 50-lb. capacity, full-drawer extension
- Sleek, one-piece entry door
- Stainless-steel carry-out stove (Jay Series and Baja 12E)
- SoftShade window shades and valances
- Seamless floor decking with Poly Flex covering (lifetime warranty)

AMERICA'S MOST **LIVEABLE** RVs.

Camping Trailers

JAY SERIES | JAY SERIES SELECT HW | BAJA

FLOOR

A combination of seamless $\frac{5}{8}$ " Structurwood, a Poly Flex under-floor covering, and a corrosion-resistant steel frame create one of the industry's strongest foundations.

WALLS

Jayco's double-wall laminated construction, superior to the competition's single-wall structure, is designed to withstand use and travel.

DURABLE TENT DESIGN

DuraTek water-repellent tent material, a Velcro attachment system, double-stitching and sturdy vinyl construction combine for durability and long-lasting value.

LIFTER SYSTEM

Fully enclosed to protect against rust and road debris, our patented lifter system uses strong and flexible push-rods to guide the roof up as you crank, while our tubular lift posts have no edges to chafe or soil the tent. Nylon bushings in the lifter posts reduce friction and extend the life of the system.

↑ JAYCO CONSTRUCTION

See the difference.

At Jayco, we've built a reputation for superior construction and craftsmanship. We always use top-quality materials and production techniques, giving our products reliable resale value and our owners peace of mind.

◀ INSIDE ENGINEERING

Much of what gives a Jayco camping trailer its reputation for durability, strength and liveability is in the details. Our camping trailers feature ① a one-piece seamless domed roof (with prep for an optional bike carrier), ② a corrosion-resistant frame, ③ tinted vinyl windows with fine-mesh screening, ④ a one-piece entry door with self-storing step, ⑤ mildew-resistant aluminum ceiling with prep for roof A/C, ⑥ our patented lifter system and ⑦ crank-down stabilizer jacks with sand pads.

END BUNKS

A two-piece extruded aluminum bed frame, 1/2" seamless Structurwood, and heavy-duty bed supports can hold up to 1,050 pounds. Plus, with Jayco's new permanently attached bed support poles, setup and teardown is easier than ever, while eliminating misplaced poles.

BALL BEARING GUIDES

Our residential-style ball bearing drawer guides provide smooth operation and full-drawer extension. And with its 50-pound capacity and real-wood construction, you get a stronger, more substantial drawer and a true home-like feel.

↑ JAYCO CRAFTSMANSHIP

Jayco's dedicated production team includes Amish craftsmen who build with well-honed woodworking techniques passed down for generations and skilled seamstresses who produce our upholstery, bedding and draperies with great attention to detail.

AMERICA'S MOST **LIVEABLE** RVs.

WARRANTY

INDUSTRY-LEADING WARRANTY

The Jayco Co-Pilot Warranty is a manufacturer's limited warranty. Each Jayco is warranted to the original purchaser for twenty-four (24) months or twenty-four thousand (24,000) miles (mileage limitation applies to motorized products only), whichever occurs first, from the original date of purchase against defects in materials and workmanship. Jayco's limited warranty is not transferable.

ADDITIONAL WARRANTIES

Jayco offers to the original purchaser of any of our camping trailers additional industry-leading lifetime parts and labor coverage on our lifter system, roof, floor and frame. We also offer five-year (5) coverage on our tent with parts, labor and freight covered the first two years; parts, factory labor and return freight during years three, four and five.

For a copy of the limited warranties with full terms and conditions, ask your local dealer.

OVER 300 LOCAL DEALERS

Establishing a solid relationship with your local Jayco dealer is a key component in the enjoyment of your new Jayco. By purchasing from a local dealer, you will have a convenient location for sales, parts and service support.

Jayco dealers are required to deliver all products at the site of the sale to provide a full product orientation and walkthrough at the time of delivery. It's a good way to become familiar with your Jayco and to meet the service, parts and warranty staff members who will be assisting you. If you live in Canada, there are regulations that must be met when buying a Jayco RV. Your local Canadian dealer is a professional at meeting these requirements and regulations. There simply is no substitute for a good relationship with your local Jayco dealer.

1-YEAR ROADSIDE ASSISTANCE

Travel worry-free with Jayco's Customer First Roadside Assistance program, yours at no cost during your first year of ownership. This program is offered through Coach-Net, the largest RV emergency road service in the country, and gives you immediate access to dependable roadside assistance and support services with a simple phone call.

- Free jump starts
- Free tire changes
- Free fuel delivery
- Free lockout service
- Free travelers checks
- Toll-free nationwide service appointment assistance
- 24-hour toll-free emergency message service
- Free custom trip routing and full-color map service
- Free dispatch of on-site mechanical service
- \$2,000 trip-interruption reimbursement
- RV technical assistance hotline
- Free towing to nearest qualified service

Your Jayco Dealer

Jayco proudly sponsors Tread Lightly!, a nonprofit organization whose mission is to empower generations to enjoy the outdoors responsibly through education and restoration.

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

From RV insurance to extended warranties, JayPlus has it covered. Ask your Jayco dealer about our exclusive JayPlus program today.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

As a Jayco owner, you can be part of the Jayco Jafari International Travel Club. Ask your dealer about the Jafari "flight" in your area, write Jayco or visit our website.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle before heading out on the roadways. When you tow an RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. See specifications chart inside.
