HOLIDAY RAMBLER®

This is Living®

Aluma-Lite®

A CLASSY CLASS C

There's so much to like about the easy-to-manuever, family-friendly Aluma-Lite Class C. But don't be fooled by its size. This snappy Class C is a paradox of sorts, with jumbo-sized features packed into a less than jumbo package. A king-size fresh water tank allows for extended camping opportunities, along with an extra large exterior bay that stores all equipment in a central, convenient location. Oversize features inside include a 42-inch-by-18-inch galley space accented by a 48-inch-by-36-inch dinette window. A substantial wardrobe provides valuable expanded storage. Available in 23, 28 and 31-foot floorplans, the Aluma-Lite Class C provides a smaller, more agile RV with big features and competitive fuel economy at an affordable price. BUY LOCALLY. ENJOY EVERYWHERE.

Holiday Rambler strongly encourages its retail customers to purchase from their local dealerships whenever possible. Buying a new Holiday Rambler RV locally allows a customer to establish a relationship with a dealer close to home and provides convenient service and support from product-trained technicians. On our end, Holiday Rambler will continue to provide our dealer partners and customers with the finest RVs in the industry.

ALL ROADS LEAD TO HOLIDAYRAMBLER.COM

Wherever the road takes you, you're never more than a click away from your friends at Holiday Rambler. Just go to holidayrambler.com for all the latest product news, club dates and destinations, a dealer locator function, and factory tour information. You can also e-mail us directly through the site at any time.

Due to continuous product improvement, visit holiday Rambler.com for the latest in standards and options, specifications, and technical data.

¹Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your owner's manual for further towing information.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Holiday Rambler provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Holiday Rambler dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications

²All tank capacities are estimated based upon calculations provided by the tank manufacturers and represent approximate capacities. The actual "usable capacity" may be greater or less than the estimated capacities based upon fabrication and installation of the tanks.

as its sole option, without notice. This includes the substitution of components of a different brand or trade name which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may depict a floorplan option that has been discontinued or is no longer available at the time of your purchase. Photographs may show props or decorations that are not standard equipment. Holiday Rambler, the Holiday Rambler logo and its design, are registered trademarks. Other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the motorhome's exterior and the interior fabrics depicted in this sales brochure are

³Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and printing. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer. Component part and appliance manufacturers issue limited warranties covering portions of the recreational vehicle not covered under the Limited Warranties issued by Monaco RV, LLC. To learn specific details regarding warranty coverage, please contact your selling dealership or review the warranty packet inside the recreational vehicle.
