

2011 AR-ONE®
TRAVEL TRAILERS BY STARCRAFT®

AR-ONE

Simply economical.

STARCRAFT

CAMPING | *pure and simple.*

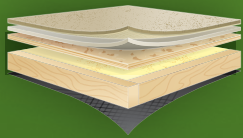

STARCRAFT

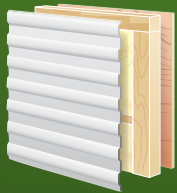

LESS IS MORE.

Available in three space-saving floorplans, with sleeping space for up to five adults, the new 2011 AR-ONE takes convenience and economy to a whole new level. With the AR-ONE, everything comes standard, so there are no options to inflate your final cost, making it as easy to buy as it is to love. And since it's light enough to be towed by most minivans, SUVs and crossovers*, it's always ready to go, whenever—and wherever—you are.

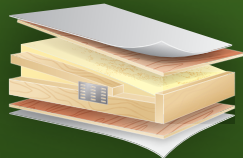

*Consult with your authorized automobile manufacturer and vehicle owner manual.

A FIRM FOUNDATION FOR DURABILITY
Because a camper is only as strong as its base, we use $\frac{5}{8}$ " main floor decking on 2" x 2" longitudinal floor joists to create one of the industry's most durable floors.

A STRONG, LONG-LASTING STRUCTURE
Built with wooden studs on 16" centers, .024" aluminum exterior siding and R-7 fiberglass insulation, our walls help make the AR-ONE durable and tough.

A SEAMLESS ROOF FOR PROTECTION
Featuring crowned roof trusses, $\frac{3}{8}$ " roof decking, a one-piece seamless rubber roof and R-7 fiberglass insulation, the AR-ONE's roof can handle anything Mother Nature throws its way.

3 cu. ft. 3-way refrigerator

AR-ONE 14RB

AR-ONE 14RB

5 things you'll simply love: 2-burner range | 6-gal. gas water heater | Carefree patio awning | Diamond plate front profile | 20-lb. propane bottle

Built on tradition.

The Starcraft name has been around for more than 40 years – becoming one of the most dependable names in the camping industry. Today, our strong balance sheet and family-oriented business approach means we'll be around for decades to come. And you can bet our campers will continue to come with everything you need to have a great time in the great outdoors, at a price that guarantees you will.

One-year warranty

The Starcraft warranty is a manufacturer's limited warranty. Each Starcraft is warranted to the original purchaser for twelve (12) months from the original date of purchase against defects in materials and workmanship. Starcraft's limited warranty is not transferable. For a copy of the limited warranty with full terms and conditions, ask your local Starcraft dealer.

Why a Local Starcraft Dealer is Important to You

Establishing a solid relationship with your local Starcraft dealer is a key component in the enjoyment of your new Starcraft. By purchasing from a local dealer, you will have a convenient location for sales, parts and service support.

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Starcraft affixes a weight label to each RV which lists weight information for that vehicle. See specification chart inside.

HARDWOOD DOORS

Hardwood cabinet doors and nickel hardware give the AR-ONE added durability and a home-like feel.

DINETTE

With a 54" dinette booth and large inside/outside folding table, there's always room for a big family meal.

BATHROOM SKYLIGHT

A skylight above the tub/shower sheds natural light while you wash away whatever the road throws at you.

WATER-REPELLENT TENT

Our water-repellent, double-stitched Aqualon material doesn't stretch, shrink or crack, providing long-lasting durability against Mother Nature (15RB).

SOUND SYSTEM

Your favorite music is just a click away thanks to an AM/FM stereo with iPod/MP3 connection.
