2012 WILDCAT FIFTH WHEELS & TRAVEL TRAILERS

Wildcat

AFFORDABLE LUXURY WITHOUT COMPROMISE

WILDCAT BY FOREST RIVER - THERE IS NO SUBSTITUTE

WILDCAT - 313RE-OK

The 313RE with optional Outside Kitchen, shown here in Sandalwood décor, features ample countertop space and an open rear living area with built-in entertainment center, standard king-sized swivel rockers, and electric fireplace (a 4,600 BTU space heater).

Wildcat

THERE IS NO SUBSTITUTE.

For over a decade, Wildcat has been Forest River's top-selling fifth wheel brand. This exceptional record began with innovative floor plans, class-defining features, and a rich set of options. It endures today with strong focus on unique designs, advanced construction using the latest building materials and technology, and a commitment to continuous improvement that sets Wildcat apart from the competition. When you choose Wildcat, you'll know why so many experienced RVers trust our family of products for their camping experience!

The 313RE Outside Kitchen option features Wildcat's exclusive Jack-Knife Cooktop™ with dual burner stove and LP gas grill, outside refrigerator, ceiling TV bracket, removable cutting board, 12V dual overhead lighting, and huge Slam-Latch™ door, which creates an awning. Optional 24" LED TV shown.

The 313RE kitchen features deep overhead cabinetry, a full-extension pot and pan drawer, and half-barrel pantry with hidden drawer storage.

WILDCAT - 344QB-0K

The new 344QB bunkhouse with optional Outside Kitchen, in West Palm décor, is just one of many unique Wildcat floor plans. The exclusive stowable rolling island pantry adds both countertop space (with removable cutting board) and pantry storage below.

ONLY IN A WILDCAT

A bunkhouse designed for the whole family's enjoyment, the 344QB can sleep up to 12 using Wildcat's exclusive Catnap Sleeper™, a customized folding bunk/seating solution. Easy to clean vinyl "gaming chairs" (A) flip open to reveal a micro-suede covered sleeping surface (B). There's even storage in the padded middle console. With the optional outside kitchen, storage nets and deep overhead cabinets round out the built-in storage (C), while a flip-down bunk provides even more sleeping capacity (D). Because "accidents" happen, all Wildcats feature residential-grade Shaw® carpeting with patented and exclusive R2X® stain and pet guard.

WILDCAT - 322RK

The 322RK is Wildcat's best-selling rear kitchen, shown here in Sandalwood décor with optional Garden Windows. Another popular option, Corian® solid surface countertops by DuPont™ provide beauty without sacrificing function – they clean easily, are scratch and heat resistant and nonporous, making them safe for food preparation.

RESIDENTIAL IN EVERY WAY

All Wildcats feature 100% residential quality cabinetry, with hidden hinges and raised panel, glazed solid hardwood Cherry doors and drawers, not composite material or "wood product" used by the competition. All drawers feature full-extension steel ball-bearing drawer glides for total access and greater support (up to 50 pounds). The Garden Window option, shown at left, lets the outside in, with floor to ceiling windows surrounding the American-made hardwood Cherry free-standing table and chairs in the dining area. This great natural lighting option is available on all Wildcat and Sterling Edition models.

STERLING - 32RL

The triple-side Sterling Edition 32RL, pictured in Pebble Beach décor, offers standard high-end features like custom Corian® countertops, abundant natural light with 270° of windows, and huge living space in a great weight class and length.

Wildcat STERLING EDITION

WHERE LUXURY MEETS INNOVATION

Wildcat's luxury feature package, the elegant Sterling Edition bundles the most popular upgrades and options, like the Serta® Trump Home™ pillow top queen-sized deluxe mattress, American-made solid hardwood Cherry free-standing table and chairs, upgraded 15K BTU air conditioner, 50 AMP service (with wiring for a second AC unit) and more with "Sterling Silver" high-gloss gel coat fiberglass exterior walls and cap. The package is further enhanced by exclusive Design Collection™ Corian® countertops, color-matched trim, and unique tri-tone automotive grade graphics for a full body paint look.

A very popular option on Sterling, the Level Up™ Auto-Leveling System adds amazing functionality and ease of use. With the touch of a button, six hydraulic landing gear legs level the RV in less than 60 seconds, even in rough terrain. Easier, faster, and safer than other leveling systems, Level Up is a Wildcat class-exclusive upgrade – it's ONLY IN A WILDCAT.

STERLING - 30RL

The curvy appeal of the unique Sterling Edition 30RL, isn't just skin deep. The curvature, angles, and gently rounded shapes provide enhanced countertop and floor space. An exclusive motorized TV mount offers adjustable viewing angles from both the dining area and the rear seating via programmable remote control – only in a Wildcat.

ONLY IN A WILDCAT

Wildcat engineers have designed the industry's only angled bed master suites, providing 30% more bedroom space and easy access to both sides of the bed. With a full hanging wardrobe and drawers built into the Schwintek™ slide room (largest in its class) and a full dresser and hamper built into the nose, the bedroom storage can't be matched. The Sterling Edition even features a standard bedroom fireplace to take the chill off on a cool evening or provide dual climate control early and late in the season.

EXTRALITE - 293REX

Shown in Pebble Beach décor, the Wildcat eXtraLite 293REX features a pop-up Jensen® HDTV and AV system with HDMI and iPod® connectors as well as a space-heating fireplace. The dual facing slide rooms provide great floor space for a large RV feel in a smaller footprint. The huge pantry and folding shelf offer plenty of space for cooking needs. And the bathroom, kitchen and bed are all fully accessible when all slide rooms are closed for travel, a fantastic benefit for those stops along the way.

The 293REX shown here with optional Touring Edition Package which also features an LED Interior Lighting Upgrade.

eXtraLite

DESIGNED FOR TODAY'S HALF-TON TRUCKS

Wildcat's eXtraLite line features shorter and lighter weight floor plans that don't skimp on value or quality. Through careful research and development, Wildcat redesigned the eXtraLite fifth wheel lineup from the ground up to focus on maximum livability in the smallest footprint. Class exclusive features like 6'4" height single level bedrooms, integrated 2" receiver hitch, and specially designed "nose-cone" cap for optimized turning radius set eXtraLite apart.

The eXtraLite 293REX comes standard with Wildcat's exclusive Jack-Knife Cooktop™ folding/stowable Dual Burner Stove with LP Gas Grill (and LP quick connect), 110v Outside Refrigerator (3.5 cu. ft.), Fold-down Ceiling TV Bracket (with 110v/cable hook-up), Countertop space with removable Cutting Board, Dual Lamp 12v Overhead Lighting and a Huge Slam-Latch Door.

WILDCAT CONSTRUCTION

CLIMATECH™
 CLIMATECH™ UNDERBODY PROTECTION
 FEATURING ENCLOSED, INSULATED, AND
 HEATED UNDERBELLY, TANKS, AND STORAGE

ALUMACAT™
 EXCLUSIVE ALUMACAT™ CONSTRUCTION
 FEATURING 2" THICK DOUBLE-WELDED
 ALUMINUM FRAME WITH VACUUM-BONDED
 LAMINATED FIBERGLASS SIDEWALLS

ROOF LADDER

REAR HITCH

2" Rear Receiver Hitch (300 lbs. tongue / 3000 lbs. towing capacity)
 Every Wildcat fifth wheel includes an integrated 2" receiver hitch for easy accessory add-ons (like a bike rack) or tandem towing capability. The receiver will support up to 300 lbs. on the tongue with a 3000 lb. maximum towing capacity.

REAR ELECTRIC STABILIZER JACKS

OPTIONAL LEVEL UP™ 6-POINT HYDRAULIC AUTO LEVEL SYSTEM

Another class-exclusive upgrade, the 6-point Level Up™ auto-leveling system makes Wildcat truly unique. With the touch of a button, six hydraulic landing gear level the RV in 60 seconds, even in rough terrain.

BUS-STYLE SLAM-LATCH™ EXTERIOR BAGGAGE DOORS

Every Wildcat fifth wheel features bus-style Slam-Latch™ baggage doors that are hinged on the side for easier access to your expansive pass-through storage compartments. Metal catches slam and lock on metal strike plates, unlike the plastic latches used by the competition.

1. Attic Vent
2. Radius Roof Transition

NOTABLE FEATURES AND OPTIONS

MORE RESIDENTIAL BRAND COMPONENTS AND FEATURES THAN ANY RV IN TODAY'S MARKETPLACE!

The fully enclosed and lit docking center puts all your dump valves and connections in one place.

Low power, high impact exterior LED lighting is both highly visible and energy efficient.

The Garden Window option lets the outside in with floor to ceiling windows around the free-standing table and chairs.

The light weight Schwintek™ In Wall Slide System uses four independent motors and a worm rail to quickly bring the room in or out.

Our wheels feature nitrogen-filled 10-ply E-rated radial tires standard across the line. Nitrogen reduces deterioration and helps maintain proper PSI over time.

All Wildcats feature residential-grade Shaw® carpeting with patented and exclusive R2X® stain and pet guard.

A decorative hitch cover adds a sleek, automotive look to the redesigned front end. Docking lights complete the new look.

Acrylic solid surface Corian® countertops by DuPont™ provide beauty without sacrificing function.

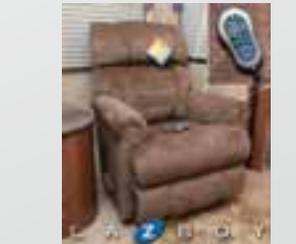

Wildcat's exclusive Catnap Sleeper is a customized folding bunk/seating solution for many of our bunk house models.

Residential quality hardwood Cherry drawers use full-extension steel ball bearing drawer slides for greater access and greater support.

The Jensen™ digital AV system features a 32" HDTV connected via HDMI to a DVD/CD/AM/FM stereo system with iPod® dock connector – a best in class feature.

Residential La-Z-Boy® recliners with remote-controlled, heated massage provide luxury not found in any other RV in the marketplace!

Optional self-pressurizing Oxygenics™ showerhead gives all the comforts of home while conserving water.

Many floor plans feature deep pot and pan drawers on full-extension steel ball bearing drawer glides.

Get a great night's sleep on an upgraded TruPrest™ luxury mattress by Serta® (standard on all Sterling Edition models).

The optional light-weight Tankless Water Heater provides an unlimited supply of instant hot water (with no recovery time) and uses 60% less LP gas than the competition!

EXTRALITE - 312BHX-OK

The new 312BHX with optional Outside Kitchen, in West Palm décor, features a completely redesigned entertainment center with standard Jensen™ 12V AM/FM/CD/DVD/USB AV System, Remote, iPod® connector, and a 26" Jensen™ Flat Panel HDTV with HDMI hook-up, another Wildcat class-exclusive feature.

eXtraLite

BIGGEST BEDROOM IN ITS CLASS

The re-engineered roofline curvature of the mid-profile bedroom on the eXtraLite 312BHX (pictured above) also features flush floors, 6'4" ceiling height, a wardrobe/linen slide room, ample space around the sides and at the foot of the bed, dual nightstands (with 110V outlets) and adjustable lighting.

The optional outside kitchen on the 312BHX-OK includes Wildcat's exclusive Jack-Knife Cooktop™ (right). On the inside, this rear bunkhouse (left) sleeps 4 on staggered bunks with plenty of storage space, a ladder, wardrobe, and TV hook-up. Wildcat bunkhouse models also feature hard doors on all bunk rooms so kids or guests easily have privacy.

EXTRALITE - 31BHS

The eXtraLite 31BHS, in Lauren décor, showcases a Giant U-dinette, swivel 26" LCD TV, iPod® connector cable, large windows, and residential quality solid hardwood cabinetry. The spacious rear bunkhouse sleeps 10 and comes with Wildcat's exclusive Jack-Knife Cooktop™ Outside Kitchen, a 24" LED TV, and Catnap Sleepers – all standard.

WORK HARD? PLAY HARDER!

Wildcat's popular eXtraLite light weight travel trailer series provides entry level floor plans for weight and budget conscious customers without sacrificing high-end features like superior 2" AlumaCat™ vacuum-bond construction, Shaw® residential grade carpeting with R2X™ stain and pet guard, or valuable storage space (every travel trailer comes with significant pass-through storage and a laundry chute). By design, all eXtraLite trailers are built fully featured without needing additional options – all that's missing is you!

In the rear of the 31BHS (pictured at right), The Wildcat Play Station is a truly unique 4 person bunkhouse and entertainment room. Featuring our exclusive Catnap Sleeper™ folding couch and upper bunk (double or triple sleeper), this room also comes standard with a 24" LED TV and the Wildcat video game dock (sized for PS3®, XBOX 360®, or Nintendo Wii® systems), quilted bunk-mats, hardwood fold-out ladder, wardrobe, double drawer dresser, 8 cup holders, and a hard door for privacy.

This NEW Game-Changing Outside Kitchen is Standard with:

- Jack-Knife Cooktop™ with folding/stowable Dual Burner Stove with LP Gas Grill (includes LP quick connect)
- 110v Outside Refrigerator (3.5 cu. ft.)
- Ceiling Fold-down TV Bracket (with 110v/cable hook-up)
- Huge Countertop space with removable Cutting Board
- Sink and Drawer
- Slot-wall with Basket and Hooks (fully adjustable!)
- Dual Lamp 12v Overhead Lighting
- Huge Slam-Latch Door (creates awning over kitchen!)

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.
