## V-CROSS DESIGN VS. FLAT FRONT TRAILERS

*The unique V-Cross design maximizes headroom and storage room.*

## GET THE V-CROSS ADVANTAGE

### MORE USABLE SPACE – BETTER AERODYNAMICS

The V-Cross shape creates 75 cu. ft. of extra interior space for larger bathrooms, bedrooms and kitchens with full interior height at the front end of the trailer. The “V” design cuts through wind, improving aerodynamics for better fuel efficiency. LP bottles and batteries are safely enclosed. Air flow around the front end deflects bugs and debris, keeping the unit clean and improves towability.

*V-Cross design directs air flow around the sides of the trailer. Air impacts and scatters around and above flat front trailers.*

### PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

**Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:**

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!
