## BENEFITS OF LOCALLY PURCHASING YOUR RV :

- \* You enjoy valuable relationship building with Dealer Representatives, close to your home, who will explain the features and benefits of the product.
- \* You receive a full product orientation prior to delivery, which includes hands-on directions for many of the coach's systems and functions. You are also introduced to the dealership's Service/Parts/Warranty personnel who are at the ready to help you with any issues you may encounter, now and in the future.
- \* You enjoy customer PRIORITY. Dealerships generally service their purchasing customers first - others may experience long delays and miss opportunities to use their RV. What is it worth for you to have a dealership's full attention and motivation to satisfy you when you need service - in a timely manner?
- \* Valuable TAX dollars and jobs stay in YOUR community which pays for your roads, schools, police and fire departments.

*Thank you!*
