Introducing the Impact toy hauler by MVP RV.

Whatever your passion--a cutting edge adventure or a weekend of relaxation--Impact is the ideal choice to complement your lifestyle. Impact arrives packed with an incredible list of standard features. Dynamic exterior graphics and the best interior decors in the industry complete this impressive package. Expect more out of your toy hauler.

MAKE AN IMPACT

For a solid foundation, we include stabilizer jacks on ALL 4 corners

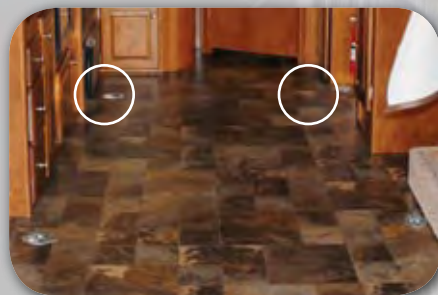

The extra large 40 gallon fueling station, is great for those long weekend getaways

This 2" thick floor has a full R-8 insulation, to help keep your trailer nice and comfortable

The handy "Black Tank Flush" makes cleaning your tanks a breeze

With the tie-downs placed as far forward as possible, you can maximize your cargo

These countertops are built to last, with laminated edges and a plywood backer, instead of particle board

On floorplans with rear electric beds, these will bypass the sofas, and increase the liveability

When you want the light it is there, but when you choose you can turn it to a comfortable level with the dimmer switch

The Convection Microwave, cooks in half the time of a standard oven

TOY HAULERS
