CL180

Light and airy, the overall look and design of this interior is so inviting. The kitchen showcases the integrated appliances including matching refrigerator front panels. The sofa side slide out creates even more floor space, and the flip jiffy sofa quickly converts into a bed. No wasted space here. Efficient design results in lots of storage.

15C

This model features both front and rear tented tip-outs that add to your sleep space. Screened tent windows have zippered privacy panels. The dinette converts to a bed as well.
