# Pacific Coachworks®

## About Us

**P**acific Coachworks was founded in 2006 as a manufacturer of high quality recreational vehicles. Pacific Coachworks proudly boasts luxury travel trailers, luxury fifth wheel units, and outstanding toy haulers, all designed to meet your recreational needs. Our Pacific Coachworks team combines decades of top-notch experience in RV management,

design, manufacturing, and sales. This quality experience is incorporated into every Pacific Coachworks recreational vehicle we produce. Pacific Coachworks is proud to be a debt-free, financially sound company, positioned to provide high quality recreational vehicles for decades to come.

## Our Mission

**W**e are committed to providing the highest quality travel trailers, fifth wheel units, and toy haulers at an unsurpassed value. We are dedicated to establishing lasting partnerships with trusted RV dealers, vendors, and

suppliers, all of which are committed to conducting business with your best interests in mind. The Pacific Coachworks team is focused on exceeding customers expectations by providing the highest level of customer support and service.

## Pacific Coachworks, Inc. Encourages Our Retail Customers To Purchase From Their Local Dealership Whenever Possible For The Following Reasons:

**P**acific Coachworks dealers are independently owned and operated businesses. They are not contractually obligated to perform warranty service on Pacific Coachworks products that were purchased elsewhere. There could be a situation that would require your trailer be returned to the point of purchase to satisfy warranty requirements.

**A**lthough many dealerships will eventually service products not purchased at their place of business, they generally give preference to their customers and to Pacific Coachworks customers who are in transit.

**F**or our Canadian customers, there are also requirements which must be met to bring home an RV purchased out of the country. These requirements involve such things as additional inspections, certifications, taxes and fees that your local Canadian Dealer is a professional at in regard to meeting these requirements.
