 - » FRAME
 - » FLOOR
 - » BED FRAMES

BUILT GREEN

We are one of the few manufacturers that can say we are certified green capable. Our processes and production materials are independently tested in six environmental categories.

A FIRM FOUNDATION

We wrap a seamless 5/8" Structurwood floorboard with Darco underbelly material and double bond it to our steel frame, resulting in one of the strongest floors available.

VACUUM-BONDED WALLS

We combine 1 1/2" thick laminated aluminum sidewalls with wooden frames and backers to create a durable structure designed to handle the toughest conditions.

DURABLE TENT DESIGN

Our patented lifter system is fully enclosed to protect against rust and debris and is backed by a lifetime warranty. Meanwhile our AquaShield tent material, backed by a 7-year warranty, is water repellent and double stitched to protect Starcraft's 1,050-lb. rated bunk ends.

Comet 1019

Comet 1222

DETAILS THAT MAKE A DIFFERENCE

CARRY-OUT STOVE

Starcraft's flexible stainless-steel carry-out stove lets you cook where it's most convenient.

EASY BUNK SETUP

With E-Z Store permanent bunk supports, easy-glide bunk ends and permanently attached poles, tent setup is easier than ever.

INDOOR/OUTDOOR SOUND SYSTEM

Enjoy your music inside or outside thanks to high-output, marine-grade speakers.

ONE-PIECE DOOR

Keep drafts out easily with Starcraft's one-piece door that's also easy to clean and store.

CRANK-DOWN STABILIZER JACKS

Set up in seconds, even in sand or mud, with our crank-down stabilizer jacks and sand pads.

Comet® Series

- » 5 FLEXIBLE FLOORPLANS
- » 1,050-LB. RATED BUNKS
- » SLEEPS UP TO 7 PEOPLE

7-YEAR TENT WARRANTY

Our double-stitched AquaShield Aqualon tents are built to resist mold and won't stretch, shrink or crack. They're also permanently attached to the bunk ends for easy setup and safety.

PATENTED SOFTSHADES

Our patented SoftShades provide easy privacy with no hassle or tangled cords.

DIAMOND PLATING

Starcraft's diamond plating provides protection from road debris where it's needed most.

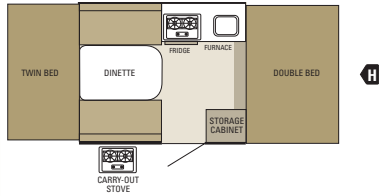

Simple solutions

With the Starcraft Comet you don't pay for things you don't need. Its simple design delivers everything that will make life easy. With low-maintenance E-Z Lube axles, our AquaShield Aqualon tent material and a patented lifter system, you'll spend more time camping.

Specifications

Floorplan	Exterior Length	Campsite Length	Travel Height	Unloaded Vehicle Weight (lbs.)	Dry Hitch Weight (lbs.)	Gross Vehicle Weight Rating (lbs.)	Cargo Carrying Capacity (lbs.)	Fresh Water Capacity (gal) (includes water heater)	Gray Waste Water Capacity (gal.)	Black Waste Water Capacity (gal.)
816	11' 9"	16' 2"	57"	1,550	195	2,250	700	17	-	-
1019	14' 2"	20' 10"	56"	1,875	185	2,550	675	23	-	-
1020	16' 2"	20' 10"	60"	2,080	225	2,950	870	23	-	-
1222	18' 2"	23' 4"	61"	2,725	385	3,450	725	23	11	5
1224	18' 2"	23' 4"	61"	2,440	280	3,450	1,010	23	-	-

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Starcraft affixes a weight label to each RV which lists weight information for that vehicle. See specification chart above.

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Starcraft affixes a weight label to each RV which lists weight information for that vehicle. See specification chart above.

BUILT ON TRADITION

The Starcraft name has been around for more than 40 years—becoming one of the most dependable names in the camping industry. Today, our strong balance sheet and family-oriented business approach means we'll be around for years to come. And with a full lineup of towables, you can bet our campers will fit your lifestyle and come with everything you need—all at an affordable price.

Warranty

The Starcraft warranty is a manufacturer's limited warranty. Each Starcraft is warranted to the original purchaser for twelve (12) months from the original date of purchase against defects in materials and workmanship. Starcraft's limited warranty is not transferable. For a copy of the limited warranty with full terms and conditions, ask your local Starcraft dealer.

Roadside assistance

Travel worry-free with the complimentary National Motor Club program, which gives you immediate access to dependable roadside assistance with a simple phone call.

Why a Local Starcraft Dealer is Important to You

Establishing a solid relationship with your local Starcraft dealer is a key component in the enjoyment of your new Starcraft. By purchasing from a local dealer, you will have a convenient location for sales, parts and service support.
