- » SOLID-SURFACE COUNTERTOPS
- » HARDWOOD SCREWED STILE CONSTRUCTION
- » VACUUM-BONDED CONSTRUCTION

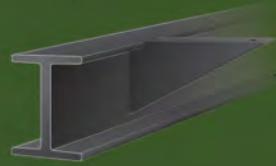

BUILT GREEN

We are one of the few manufacturers that can say we are certified green capable. Our processes and production materials are independently tested in six environmental categories.

STRONGER DRAWERS

Residential-style ball bearing drawer guides give our drawers full extension, smooth operation and more strength.

A MORE DURABLE FRAME

Starcraft's chassis is built with our I-Class structural steel I-beam frame. Compared to a welded I-beam, the I-Class provides substantially more strength and resistance to warping.

EXTENDED CAMPING

Our Arctic Package, standard in both the S-Lite and Lexion fifth wheel models, extends your camping season and provides protection against freezing temperatures. The Lexion fifth wheel's package takes it further, enduring temperatures as low as 0°F (or -17°C).

DETAILS THAT MAKE A DIFFERENCE

Lexion S-Lite TT 336RLSA / Bronze

Lexion S-Lite FW 319BSLT / Bronze

Lexion S-Lite FW 319BSLT / Bronze

MOR/RYDE CRE 3000

The MOR/ryde independent towing suspension provides smoother towing and keeps road shock from transferring to the structure of your camper.

OUTSIDE KITCHEN

Lexion's outside kitchen (select models) gives you convenient access to a sink, 2-burner stove, refrigerator and storage so you don't have to miss any action with friends and family.

ELECTRIC STABILIZER JACKS

Leveling your camper has never been easier with Starcraft's electric stabilizer jacks.

SLAM LATCH BAGGAGE DOORS

Lexion's bus-style slam latch baggage doors with strut lift allow for one-handed access to storage, eliminating the need to hold it open or latch it to the sidewall.

EXTERIOR DETAILS

A gelled hi-gloss fiberglass exterior and frameless windows give the Lexion FW a distinct look while protecting it from the elements.

BIKE RACK

An optional bike rack/cargo tray system gives Lexion a versatile, convenient way to carry your toys and gear.

VERSATILE DINETTE

It's easier than ever to convert your dinette into a bed, while two deep storage drawers let you stow away blankets.

FASTWAY FLIP JACK FOOT

The Fastway Flip automatic jack foot, a Starcraft exclusive, makes hitching and unhitching your camper a breeze, eliminating the hassle of wood blocks (TT only).

Lexion S-Lite construction

LEXION S-LITE FLOOR
Because a camper is only as strong as its foundation, we vacuum bond a welded tubular aluminum frame and $\frac{3}{8}$ " decking to create one of the industry's strongest floors.

LEXION S-LITE WALLS
Using TuffShell vacuum-bonded lamination, we combine gelled hi-gloss fiberglass, welded aluminum frames and metal backers to create a durable structure.

LEXION S-LITE ROOF
The combination of $4\frac{1}{2}$ " arched wood rafters, $\frac{3}{8}$ " plywood decking, fiberglass and foil insulation (R-22) and a one-piece seamless rubber membrane give our roof the strength to fight off aging and moisture.

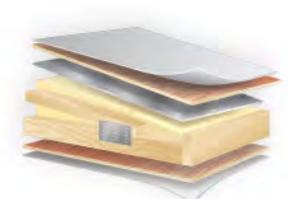

Lexion fifth wheel construction

LEXION FW FLOOR
We use $\frac{3}{8}$ " tongue-and-groove plywood decking on 2" x 3" wooden floor joists with fiberglass and reflective insulation (R-24) and a Poly Flex covering to create a solid foundation.

LEXION FW WALLS
Using TuffShell vacuum-bonded lamination, we combine gelled hi-gloss fiberglass, welded tubular aluminum floor framework and metal backers to create long-lasting durability.

LEXION FW ROOF
With the combination of 5" arched rafters, $\frac{3}{8}$ " plywood decking, fiberglass and foil insulation (R-22) and a one-piece seamless rubber shield, our roof can handle the elements.

Unloaded Vehicle Weight (UVW): Sometimes referred to as "Dry Weight," UVW means the typical weight of this trailer as built at the factory. The UVW, as used in product literature and other promotional materials, does not include cargo, fresh water, propane, options or dealer-installed accessories.

Gross Vehicle Weight Rating (GVWR): GVWR means the maximum permissible weight of the trailer, including the UVW plus passengers, personal items, all cargo, fluids, options, and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the CCC.

Cargo Carrying Capacity (CCC): CCC means the maximum weight of all passengers, personal items, food, fresh water, propane, tools, other cargo and dealer-installed accessories that can be carried by the trailer. CCC is equal to or less than GVWR minus UVW. The addition of options will decrease the CCC.

Hitch Weight (HW): The hitch weight, as used in product literature and other promotional materials, does not include cargo, fresh water, propane gas, options or dealer-installed accessories. The addition of these types of items will either add to or subtract from the stated hitch weight.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Starcraft affixes a weight label to each RV which lists weight information for that vehicle. See specification chart above.

BUILT ON TRADITION

The Starcraft name has been around for more than 40 years—becoming one of the most dependable names in the camping industry. Today, our strong balance sheet and family-oriented business approach means we'll be around for years to come. And with a full lineup of towables, you can bet our campers will fit your lifestyle and come with everything you need—all at an affordable price.

Warranty

The Starcraft warranty is a manufacturer's limited warranty. Each Starcraft is warranted to the original purchaser for twelve (12) months from the original date of purchase against defects in materials and workmanship. Starcraft's limited warranty is not transferable. For a copy of the limited warranty with full terms and conditions, ask your local Starcraft dealer.

Roadside assistance

Travel worry-free with the complimentary National Motor Club program, which gives you immediate access to dependable roadside assistance with a simple phone call.

Why a Local Starcraft Dealer is Important to You

Establishing a solid relationship with your local Starcraft dealer is a key component in the enjoyment of your new Starcraft. By purchasing from a local dealer, you will have a convenient location for sales, parts and service support.
