YOU CAN HAVE IT ALL

You've worked hard to get to this place in your life. That's why we offer you the sleek and contemporary Navion® line. With two distinct models—the Navion and Navion iQ—we boldly proclaim our SmartSpace™ philosophy that drives every aspect of these surprisingly generous touring vehicles on remarkably compact footprints.

Starting with the Mercedes-Benz® Sprinter chassis, Winnebago Industries® sets the standard for performance and quality in the Sprinter-based motor

home. Incredibly fuel-efficient with clean diesel emission technologies and full of amenities, the Navion makes life on the road everything you've imagined it could be.

Whether you select the Navion or Navion iQ, you will be choosing performance, style and the legendary quality construction that Winnebago Industries, manufacturer of the Itasca® line of motor homes, has been providing for more than fifty years.

Why Navion / Navion iQ?

- Mercedes-Benz Sprinter chassis
- Fuel efficient
- Easy to maneuver
- RV Radio®
- MCD American Solo® blackout roller shades
- Driver-side slideout
- Available Ultraleather™
- Swivel cab seats
- Comfort Sofa Sleeper (Navion 24M and Navion iQ 24G)

DESIGNED FOR ENTHUSIASTS

Owners love their Itasca motor homes, and with good reason. The RV Dealers Association annually bestows the Quality Circle Award based on dealer ratings to manufacturers that provide exceptional products, service and support. Only one manufacturer has received this award for sixteen consecutive years: Winnebago Industries,® proud manufacturer of the Itasca Navion and Navion iQ.

TAILORED BY DESIGN

The options are just beginning. Prefer extra storage? Choose the front overhead cabinet. Want to watch movies? Choose the bunk with a 19" LCD TV or the available front entertainment center with a 32" LCD TV (24J). Your media needs are covered with the coach stereo system including CD/DVD player and MP3 input and a 26" LCD TV housed on a swivel, telescoping mount for flexible viewing (24M).

For those looking for a little more panache, the Interior Upgrade Package adds touches of elegance and function to all areas of the vehicle: stylish dash appliqué, kitchen backsplash, MCD American Duo® solar/blackout roller shades, stainless steel refrigerator façade, wood sink cover, removable cab carpet, and a sofa throw pillow.

Cook in style, dine in comfort, watch your favorite television shows—there's no end to what you can enjoy in the 2012 Navion. With three contemporary fabric palettes to choose from, two cabinetry options and satin nickel hardware throughout, your home on wheels will have up-to-date styling in line with its quality construction.

24M

24J

CALLING ALL GOURMETS

Organized, efficient, beautiful. You will be amazed at what you can do in the Navion's kitchen. Sleek, contemporary cabinetry and laminate countertops provide the style you demand: microwave/convection oven, two-burner range top, nicely sized two-door refrigerator, sink cover, and our popular full-extension drawer slides all work together to give you tremendous cooking capabilities in a trim space. The available cold water filtration system provides filtered drinking water.

A stylish kitchen backsplash, stainless steel refrigerator façade and wood sink cover are among the additions if you choose the Interior Upgrade Package. Enjoy meals at the BenchMark® full-comfort dinette, which features innerspring cushions that flip up to reveal hidden storage compartments.

NO STONE UNTURNED

Whether you have a long list of exciting adventures planned or desire to do nothing at all, the Navion's multi-purpose components will help you get it done. The cab seats, available in gorgeous Ultraleather, swivel to face the living area, so you have plenty of comfortable seating for everyone. You can control light, heat and privacy with the available built-in pleated shades for the cab windows. The RV Radio comes standard, with the option of adding Sirius® Satellite Radio and a complimentary six-month subscription. You can also upgrade to a touch screen that doubles as the rearview monitor and automatically activates when the vehicle is in reverse, helping you safely navigate on the road or at the campsite.

DISCOVER THE DIFFERENCE

The difference is in the details. Explore the exceptional features and technologies that go into making Itasca motor homes simply the best.

Get set for plenty of fun nights in your Navion with a **Coach Stereo System** that includes AM/FM stereo and a CD/DVD player.

The **BenchMark Full-Comfort Dinette** is a premium dining set, has innerspring seat construction for residential-style comfort, flip-up for easy storage access and it even converts to a comfortable bed (24J and 24M).

Tracking tank levels couldn't be easier. With the **TrueLevel™ Tank Monitoring System**, sonar technology enables probe-free monitoring, and the result is accurate readings every time.

All sofa beds are not created equal. The **Comfort Sofa Sleeper** is wrapped in durable Ultraleather and easily converts to a spacious bed with a self-inflating mattress so cozy, your guests won't want to leave (24G, 24M).

Expand your lounge area with **Swivel Cab Seats** that let more people join the conversation.

The **RV Radio®** let's you enjoy AM/FM, weather band, CD player and MP3 input. Upgrade to the available RV Radio/rearview monitor system with 6.5" touch screen to see what is behind you.

Fashion meets function with our available **MCD American Duo Solar/Blackout Roller Shades**. They're two blinds in one—the first provides 100% light blocking power, the second is a solar shade that lets in just the right amount of sunlight. MCD American Solo blackout shades come standard.

With the **QuickPort® Service Connection Hatch** (24M and 24G), the compartment door can close with hookups attached and you will quickly be able to get to the business of having fun.

Goltasca.com is your resource for web-exclusive content and all the details you can't fit in a brochure!

24G Springfield with Sunset Cherry

Navion[®] iQ

NAVION iQ

The Navion iQ with its low-profile front cap styling presents a sleek, aerodynamic exterior with deluxe graphics or available full-body paint.

Premium features you have come to expect from Itasca include the upscale, smooth-operating MCD American Solo blackout roller shades and the Comfort Sofa Sleeper—a couch and lounge that effortlessly doubles as a bed with a self-inflatable mattress. The 26" LCD TV is cleverly housed on a swivel/

telescoping mount for perfect viewing throughout the coach. Don't forget the movies and music, thanks to the lounge stereo system with CD/DVD player.

Functionality is maximized with the attractive movable table. You have the flexibility of setting it in front of the Comfort Sofa Sleeper as a dinette, or moving it to the swiveled cab seats for a casual seating area.

Your Turn The cab seats swivel to become an integral part of the lounge.

Sweet Dreams Surprisingly spacious, the bedroom slideout gives you room to move and you are sure to rest well on the queen bed with memory foam mattress. Bring all your clothes thanks to the abundantly sized wardrobe, and enjoy late-night programming on the available 19" LCD TV.

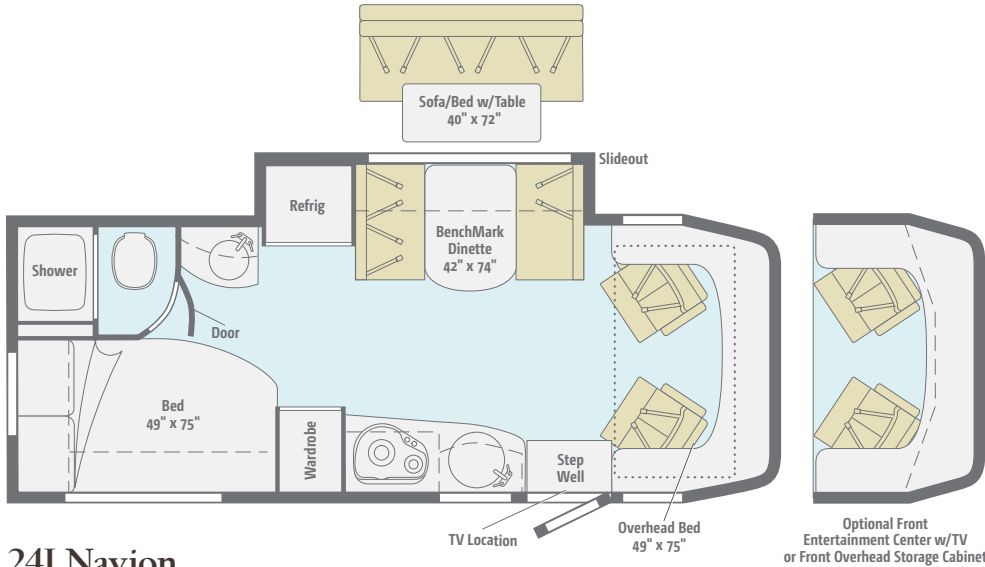

DINING IN?

So much functionality in every inch of space—that's the SmartSpace way. We've made sure that everything you need is in easy reach for cooking en route. A sleek stainless steel sink and two-burner range top both come with flip-up glass tops to maximize counter space.

In addition to the standard microwave/convection oven with vented range hood, options abound for both your lounging and your cooking pleasure. If you need more cold storage, the refrigerator offers a removable freezer unit. You can also add the galley cold water filtration system or the backsplash, which is included in the Interior Upgrade Package.

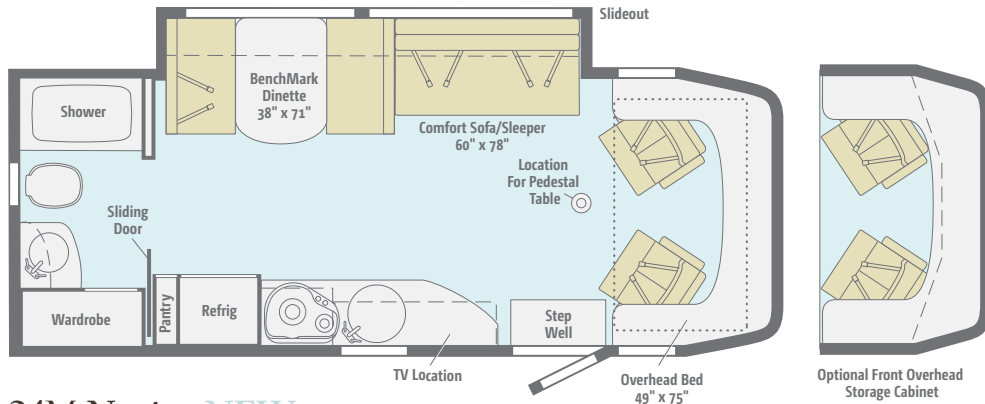

FLOORPLANS & SPECIFICATIONS

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at Goltasca.com.

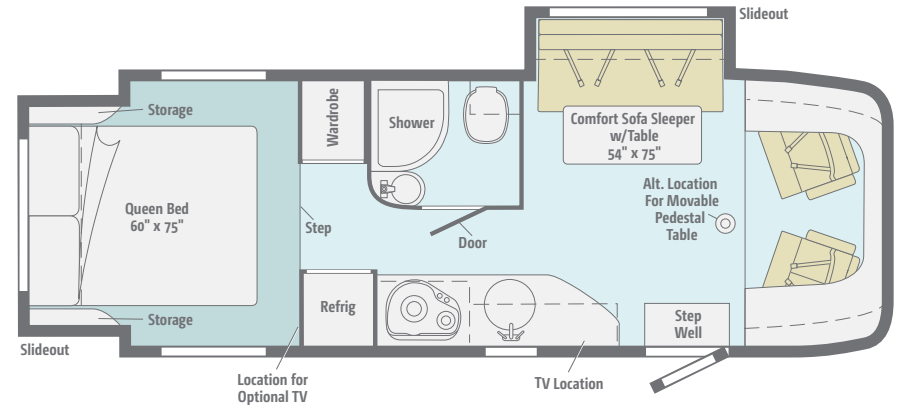

24J Navion

This unique corner bed configuration allows for both a large bed and a generous lounge area. Choose between the BenchMark dinette and a sofa/bed with a removable table.

24M Navion **NEW**

A full-wall slide opens up a large lounge area with up to three sleeping spaces, including the BenchMark dinette, Comfort Sofa Sleeper and cab bunk.

24G Navion iQ

Perfectly designed to fit the space, the Navion iQ features a bedroom slideout with a queen bed, the Comfort Sofa Sleeper and an LCD TV that is mounted on a swivel/telescoping bracket for easy viewing in the galley and lounge area.

warranty⁷**

**36-month/36,000-mile limited
warranty on structure⁷**

**10-year limited parts-and-labor
warranty on roof skin⁷**

¹ The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.

² The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.

³ Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.

⁴ Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.

⁵ Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

⁶ See separate chassis warranty.

⁷ See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago Industries® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available at printing.

* Running line change—summer of 2011

TAKE A TOUR

We're proud of our processes, state-of-the-art facilities and the people who make Winnebago Industries number one. We invite you to visit our complex in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motor home we build.

NO SHORTCUTS — NO COMPROMISES

The crowned, one-piece **fiberglass roof** is backed by a 10-year limited parts-and-labor roof skin warranty. Fiberglass offers superior strength and durability over less attractive rubber roofs found on so many competitive models that can streak and degrade over time.

Durable, lightweight **Thermo-Panel® sidewalls** combine fiberglass, high-density block-foam insulation and the inner wall surface with aluminum support structures.

Metal substructures secure cabinets and appliances to add safety and stability.

An **electrodeposition coating** helps protect critical steel components.

Specially engineered **interlocking joints** connect the floor, sidewalls and roof into a cohesive unit.

**SUPER
STRUCTURE**

You can compare features. You can compare styles. But when it comes to quality construction, there is **no comparison**. Only motor homes manufactured by Winnebago Industries harness the legendary strength and durability of our SuperStructure® construction process—a process we've been perfecting for more than 50 years.

SuperStructure means a solid framework, steel and aluminum substructures and components built in-house to our exacting standards. It means managing each detail to ensure the integrity and quality of every coach. It means barcoding parts to save time and frustration during service and running every coach through a high-pressure leak test before it leaves the factory.

Where other manufacturers cut corners, SuperStructure ensures the features you can't see are treated with the same care as the ones you can. When you buy an Itasca motor home, you are getting a coach that is built for you—and built to last.
