## A Smarter Way of Thinking About Travel Trailers.

### By Being Truly Lightweight, TrailManor Changes Everything.

Imagine a travel trailer that offers all the room you need, but is still light enough so it can be towed with a properly equipped minivan, crossover, or SUV.

That's the idea behind TrailManor, a unique hardwall trailer that's specially designed to provide the easy towing of a tent camper along with the luxury and comfort of a traditional upright trailer.

A TrailManor folds like a tent camper, but sets up in just two minutes. Unlike a tent camper, you don't have to crank or wrestle with wet canvas or bed supports. And with TrailManor, you can have a full kitchen with a stove and three-way refrigerator; a private hardwall bath with shower and tub; and your choice of floorplans to select the perfect fit for you and your family.

It's the easy way to travel and camp. Your vacation starts the moment you leave the driveway.

### One gallon

*It only takes about one extra gallon of gas to tow a TrailManor 100 miles. Our trailers are about half the weight of similar-sized competitors. TrailManor trailers can be towed with many of the most popular vehicles on the road today.*
